The power behind the battle we are facing, never in my life's journey did I ever envision living in the midst of prophecy.

Today this generation will see things that were foretold come to life.

The steps upon the nations have been taken

We know something is very, very wrong with our planet.

Who, what, why, is human kind conceiving and devouring each other?

The presence before the dawn of human-kind is upon the nations and they are not here on our behalf.

Now you are in the midst.

## Introduction

My purpose for writing these short stories is to stimulate your thoughts. It is time to be aware of what takes place in the physical, spiritual, and worldly realms. Humankind is taking for granted our human existence and purpose. We have such grandeur of harmony to everything – by coincidence or purpose? Who, what, and why is behind the power that transcends all, enabling the cosmos – our solar system, spirited Mother Earth, and ourselves to illuminate.

In reading the Power Between Love and Evil, one can transcend what occurred time, after time, after time. To the creation of the morning stars, the Sons of Light, the angels, and the mystery of what brought on the derision spirited battle then and present battle still being played out by one-third of the angels who chose to ascend themselves to becoming the gods of this age.

No longer satisfied ministering over creation that our God placed on spirited Mother Earth for some time, they chose to create life such as the Nephilim, which were part of their conceived thoughts. Departing from their first purpose executing abominations playing gods, this brought on their own cast out of the heavens.

Each angel God created contained a power that we cannot measure. God gave each what they would need to do his bidding. Numerous books have been written with their interpretation of what took place before our dawn. Ultimately God dealt with them in a way only he could after allowing them time. God decided to place the fallen gods into darkness – the Netherworld – awaiting their final judgment.

Lucifer was given what he claimed was rightfully his Mother Spirited Earth. From the realm of the Netherworld their thoughts were still to descend on humankind evoking confusion and turmoil. Lucifer, as written in the book of Job, is still roaming and patrolling the Spirited Air to combine their godless evil thoughts.

In the same way when a door of evil opens our God opens two doors to the deceivers are double-minded. Since our dawn the great enlightenment has been in motion, the great commission taken on by those chosen from our creation.

There are six billion humans on the planet today. Nearly 1.2 billion are Catholic with 600 million of various Christian backgrounds combined together close to 2 billion Christians. That leaves four billion with 1.25 billion Muslims combined with other various Hindus-Taoists, etc. In the years ahead 2012 will ignite a great celestial illumination. Out of this illumination an additional two billion people of various beliefs will convert to Christianity. Humility, sacrifice, and wisdom will come to the children of God. The steps have been taken. This very illumination of the nations will be one that has never been seen before.

Just recently, October 20, 2009, one thousand leaders of the Anglican Church have asked Roman Council to consider them in enjoining Roman Catholicism. Their Anglican congregation amasses to 80 million.

Today we are at a threshold of our time that will never come around again. This time was foretold to come upon us. What is occurring in our nations, cities, and communities is prophecy coming to light containing all given signs that we need to know. Never in my life's journey did I envision living in the midst of prophecies. The presence before the dawn of humankind is upon the nations and they are not nice nor are they here on our behalf. Now you and your nation are in the midst.

My intensions in the following short stories, and excerpts from the Bible, are to awaken your thoughts and to light a spark of what has been given to all. Allowing yourselves and loved ones (saving grace) to rise in you. In hope that I reach the multitudes that never lifted up a Bible or gave no thought to do so. For they have allowed their own hearts, their loved ones to be hardened. For many are too busy running to live to die.

The Bible is an ancient gift – a window to our world written in words allowing all to know about ourselves and the ancestors that came before us. To read the Bible from beginning to end in counted days is meaningless. One must meditate to obtain and understand the parables, scriptures and the essence of the word. Only after a time does one gain opened eyes.

God spoke in parables for his purpose to see who would take the time to rise in his essence. Our creator provides all the window to open to our past, present, and tomorrows. Allowing his children to have hope, faith and love, God knows what we need before we ask it. Bestowing us to see the unseen made seen if we awaken in him. The book of knowledge to those not chosen translates into a fairy tale they have been veiled and puffed up into their own thoughts aided by the gods of this age. To the chosen, our creator knew which ones would turn their thoughts to him. For the chosen saving grace will be bestowed.

Humankind was given uncountable gifts to live out our life's journey. In my short stories, one will read what has been bestowed. One great gift every person receives is free will which is a gift or common grace that begins at birth and will be with you until death. Free will choice is a gift that is so misunderstood and taken for granted. For the power of love an evil cannot be forced upon humankind, one chooses to do one or the other blindly or with open eyes after a time.

Read on to learn why your choice takes on your being chosen or not chosen. What occurred with our ancestors choices that came before us? For the window of life tells of both journeys God speaks plainly and with purpose. The worldly problems today are signs of what we have allowed. The gods of this age are spiritually engaging freely with our participation at an intensifying pace that was foretold. Read what free choice you have taken on.

## Dead Sea Scrolls

Jars of clay illuminating integrity to the ministry, God opens a window from the ancient world allowing time capsules of scrolls to be sent ahead to be revealed to the present world for his purpose and ours. In 1947 a Bedouin boy tosses a stone among the cliff ruins. The stone enters through a small opening causing a shattering noise on impact.

The young boy runs to tell his companions of the noise. Returning with companions they climb down into the cave. They soon discovered clay jars and thousands of fragments lying before them. Treasures unveiled laid before them thou they could not understand their meaning. Precious scroll fragments were revealed illuminating the integrity of the word. God foretells of the scrolls in the Book of Life cared for by men he chose to carry his knowledge to the world so that we his children could rise in his words. God is allowing his children to know the presence of the evil gods of this age. These gods veil and disguise the words of life spreading deflection of the truths to humankind.

II Corinthians 4: 1-6

*And even though our gospel is veiled it is veiled for those who are perishing. In whose case the gods of this age has blinded the minds of the Gospel of the glory of Christ who is the image of God.*

Jeremiah 32:14

*Thus says the Lord of hosts the God of Israel take these deeds both the sealed and the open deed of purchase and put them in an earthen jar so that they can be kept there a long time.*

This group of men was called Essenes Sect. scribing the jars of clay preparing their journey in time before anyone knew of their meaning and existence. Verifying the authenticity of their illumination becoming the Dead Sea Scrolls God gave them what they needed and what we would need touching their minds and spirits to write of his essence.

## Qumran Monastery

Two years after the first scrolls were found an excavation team led by Father Vaux Gerald Harding and two Frenchmen descended on Qumran. They were chief archeologists working for the Jordan Department of Antiquities. Examining the area where the scrolls were found, their thoughts and energy were to unearth more scrolls. After a time of disappointment their diligence and energy paid off. Their discovery in 1952 unearthed thousands of manuscript fragments. This discovery surpassed any thoughts they started out with. They called in a group of various archeologists experts, each specializing in their field.

# ORIGINAL

The American School of Oriental Research, various experts arriving to verify and allow all tests, carbon dating was given verifying the fragments dating back close to 2,000 years. The men of Qumran Monastery were chosen. Their thought took them to a remote secluded mountainside. It is said that one of the Essenes left to gather Jesus and John the Baptist when they were youths to bring them to Qumran for enlightenment. These men went out and built a great monastery. One building contained a roof top made of soft clay to be used to write what was transcended to them. Imagine these men who knew nothing of writing scrolls or knowledge of writing of any kind. Thus their thoughts of what to scribe matched what would be written 200 years later. This is a very spiritual gift and was given two hundred years before God sent his son Jesus to walk among us.

Other caves were unearthed totaling close to 800 scrolls. The Dead Sea Scrolls were written in Hebrew on leather and papyrus. One scroll contained the locations of treasures from the temple of Jerusalem. Another scroll contained the war of the Songs of Light against the sons of darkness telling a descriptive plan of the final battle to take place. The Essenes sect was bestowed much knowledge transcending the mystery of the heavens and placement of the stars as well.

So next time one looks up at the sky in all its grandeur, there is a celestial purpose for the stars represent the beginning, present and what was foretold to be held. Now it is time to open the window of life, to step back in time learning of our ancestor's trials, tribulations and triumphs.

## Preface to Jonah

The story of Jonah is one we can all relate with for Jonah preferred to go his own way without taking life's consequences into consideration. Although Jonah is misdirected in his thought he is soon re-directed by the divine hand. When the sailors are struggling to keep the ship afloat and their lives spared they call out each to their gods in vain – screaming “who has brought such a curse upon the ship?” The men of the ship decide after a time to throw Jonah into the sea for they found out the curse was his doing.

What occurs for the men is a divine awakening not only for themselves but their loved ones. All that they will touch is transcended. Jonah is one of my favorite stories that I share in Youth Bible Study. Though the shortest story, Jonah is powerful and allows many to see that we must rise to do right in our life journey.

Once Jonah awakens he found that his life journey was so much more than about himself. Saving a city and all that encompassed Nineveh. There are many great stories such as Jonah in the Bible telling of our past generations that came before us. The stories are true and the excavations have been found to reveal their existence. Enjoy Jonah.

## Jonah

The Lord comes to Jonah “Go preach in the city of Nineveh for they have turned their eyes to wickedness.” Jonah decided to go his own way caring not to help in Nineveh to do the work of our Lord. Jonah embarks on ship to Tarsus which was in the opposite direction from which he was told to go. One may hide paying no mind to our Lord in their life journey. Many have surely done so until they fall.

Jonah’s ship started to break up from the pounding of the waves and wind only becoming more treacherous. All the sailors were afraid. Meanwhile as Jonah lay below deck sleeping without a care Jonah knew something that the sailors were not aware of. The men were yelling, chanting and praying each to their gods. Thou like the many they did not know their prayers were in vain for there is only one God.

The captain found Jonah sleeping below deck. “What are you doing, for we are about to lose the ship?” Jonah told the Captain and the crew, “Throw me into the sea for my God has brought this on all.” The men kept fighting, trying to reach land. Their thoughts were still in unbelief that the divine hand was at work. Finally they called out, “we must pick sticks to see who is to blame...bringing this curse upon us.” It is I, Jonah, raising his stick. My God is master of the heavens and all the earth and sea. The men quickly threw Jonah into the Sea. Instantly the sun appeared and the winds and waves subsided. All the men fell to their knees speaking out, “Our gods are nothing to you, oh God.”

This sign was their time they vowed to prey becoming believers to give thanksgiving and praise. God allowed saving grace to come upon them in their life journey. People wait for health, death, wars and despair then they fall to their knees calling out for God to help. The sailors were on a ship many times going their own way never finding their real find of the Spirit. God works with purpose and absolutes by coming to faith in him these men touch their families and others.

The men were still praying when suddenly an enormous fish ascended out of the waters swallowing Jonah carrying Jonah away. For three days Jonah prayed to the Lord the fish could have easily consumed him thou our God had commanded the fish to take Johan in the right direction who can do such wonders.

Many times in one’s life journey the Lord will send you numerous signs to awaken. One must be ready to turn yourself to the right direction that allows you saving grace. The Lord allows to all free will to choose. Do not take your life’s journey for granted.

Jonah prayed to our Lord in all his distress the Lord allowed Jonah to live. Jonah had much work to be done. Jonah while in the belly of the fish vowed to do the will of our Lord. The Lord made the fish vomit Jonah on dry land. Now Jonah entered the City of Nineveh it would take three days to try and save the people. On the first day Jonah proclaimed forty days and Nineveh will

# ORIGINAL

stand no more. The Ninevites believed in the Lord, they declared a fast. Vows were given. The king of Nineveh fell to his knees and proclaimed decreeing that everyone call on the Lord thy God. All will give up their evil paths.

Time after time God allows signs to turn our eyes to him. The divine hand is always to reach out to his nations. Jonah became displeased with the Lord and also angry. He prayed to the Lord. I know you are a gracious God, a loving God, slow to anger and abundant in all that you bestow. The Lord relented the calamity of Nineveh. Jonah speaks, "take my life." It is better I die then live. But the Lord replied have you any right to be angry? Jonah left out of the city and sat down the Lord provided a vine. For relief of the sun he made it grow to give Jonah shade. Jonah was pleased about the vine. So it quickly withered when the sun rose. God said to Jonah I have taken away your shade vine. Do you have a right to be angry? Jonah said, "yes, I am angry enough to die." But the Lord said, "you have been concerned about the vine and yourself. Thou you did not make the vine grow it sprang up overnight and died overnight. Though Nineveh has more than a hundred and twenty thousand people who cannot tell their left hand from right and many cattle as well should I not be concerned about the city?"

God before time chose Jonah to do his bidding. He knew what thoughts Jonah would take on. We too have been chosen to do our deeds and our God knows what thoughts we will take on. In our world today, God has given all the nations their gifts like the past. Thou we have forgotten our creator, when things are going well. Nineveh became a great city vast in its structure containing libraries, and cultural centers with massive gardens - a wall that was 60 miles 100 feet high over 30 feet wide fortified with 1,500 towers beautiful gardens throughout the city containing a superior irrigation system that would be welcomed today in some of our nations. Archeologists discovered the evacuations of Nineveh in the nineteenth century. Nineveh was a superior city for its time.

God has made it plain time after time for one will have no cases of any kind. Can the nations change for what we have allowed to come upon us. Without a divine hand to direct us I think and know not. There are numerous short stories in the Bible. Read of a boy who becomes king after slaying a heir of the Nephilim. The stories are true the excavations cannot lie they reveal their existence. Allow yourself to read to a group of children to know their true purpose and heritage - Children Youth Bible parties.

## Preface to Our God His Innocents

Today, as well as the past, you are seeing nothing new under the sun. Spiritual warfare poured out on the physical world, injuries calamities of unmerciful evil. Infants, youths, soldiers, and innocent ones on their life journey have taken on the thoughts and deeds of the Gods of this age conceiving unmerciful calamities since our dawn. Evil is taken on by those who become liaison carriers of unmerciful sin. Humankind are killing their own loved ones, others are walking into public buildings killing innocent ones unmercifully with no reason. You are to read what transcends when a door of evil pours out its portions. Our God is standing opening a door for all above. This salvation only applies to a certain age of your youth and innocent circumstance that one may have been encompassed of no-fault of their own. Though once you have continued becoming fully aware of your life journey, having the time to make your choices, all then take on that choice blindly or with open eyes. Many people who have no faith speak out, “why did God allow this to happen?” Read on that our God is not to blame for what occurs. Enjoy our God His Innocents

## Our God – His Innocents

Your life journey began with your birth prints existence to the planet the country in which your spirited soul will be raised and what that nation has evolved in its beliefs. What religion if any you may be raised within you community your guidance of preparation by the same who have come before you traditions, education, environment all that comes with your nation. One thing has covered this planet, Christianity for a purpose to awaken one spiritually. Everyone will receive common grace a gift that stays with each of us on our life’s journey to death. God provides common grace to all, chosen and not chosen, both are one and the same. Their paths differ in who will turn their eyes to God. Those who turn to be contained self servers of this world. God provides the light to all allowing the sun to rise more at times for the not chosen for God knows their life journey and worldly pursuits. They have made their choice. Today many have fallen in love with the physical world having no thoughts that a spiritual realm co-exists. People are becoming instruments of their own demise from steps taken from years past. Now it has taken a form of battle upon the nations that we have allowed spiritually manifesting to our physical world. Galatians 5:15, “But if you go on biting and devouring one another beware that you are not consumed by one another.”

What a perfect shield when those who are faithless are assaulted and have become blind. The spirit of evil loves to see people work and play with great dedication enjoying the seeds that have blossomed. Why would so many partake in such deceits? What are the nations to do? In all the nations the deceits and partakers are jumping out. The nations will start amassing doing the

# ORIGINAL

deeds of evil. That time is now we are seeing things at present and facing the years ahead that have been told plainly. The book of life foretells of such a period.

## Infants – Youths – Innocents

One may die tomorrow not knowing what comes around the corner of life. God takes an act of possessed evil participation and turns that evil into his saving grace. God knows about love more than the creation. For God created love in all that it illuminates. Love of God – God of Love. We as the creation are allowed something to say only if we call out to him. For those who choose not to call out they have nothing to say. His decrees and laws from the beginning to end are the final words. God allowed his saving grace to the Virginia Tech students, Columbine students, and all others who were taken early in their life journey around the world. Among the students were the chosen and not chosen; they are one and the same as you have read. Now if both continued their life journey they made their free choice in their journey. Here we have the choice God knows his children. If that journey continued they turned their eyes to God. For the not chosen who would never turn to God in their life journey.

Soldiers are ordered by their country to fight. God knows fighting is just to help his children from evil atrocities. Our God wills saving grace to all above. He allows intercessions for the bestowed for circumstance that one may have been encompassed at no fault of their own.

Romans 9:15-16

*“I will show mercy to whom I will; I will take pity on whom I will. So it depends not upon a person’s will or exertion but upon God who shows mercy.”*

God knows the journeys of all his children. What were the truths and reason this salvation is not a swinging door for those who choose not to know him. This salvation is a divine gift of saving grace bestowed to their spiritual souls. Our god decrees who are selected in the celestial plan allowing participation of his illumination. Intervention from God allows parents and all others to come to faith for his Holy Spirit searches out the deep truths and thoughts. They who have become dead in spirit have no faith becoming confused by the deceiver of this world, becoming liaisons of the dead spirits, carriers of evil injuries of sin. Holy gifts to the unholy are not given as long as they remain jackals. Few will return from their depth to repent killing their own spirit.

Today like no other spiritual warfare influences are being conceived on all nations. There are many people today that are being deflected of their true purpose of not knowing their left had from right; not awakening to know our Lord thy God.

Deut 6:6

*“Take to heart these words which I enjoin on you today. Drill them into your children. Speak of them at home and abroad whether you are busy or at rest. “*

God promises that his children are first to enter thy kingdom gate when we stay on the path of life. God created us to enjoy our time and to turn to love each other. For his purpose we are his continuance of expanding thy kingdom. The Holy Spirit is activated from the time you accept him. You may slip or trip in your life journey and God will not let you fall. He will stand always to reach out for you no matter what. Ask and you will receive this is our God; seek in prayer and you will find in all he promises God arises in your heart from here on all he asks to live by faith, love in him; knock with thy lips and heart of Spirit he opens thy kingdom and the things he knows you need. Your gifts are to help and stretch out your spirit to those who have become somber and are falling to the world. They have lost faith and generate fallen spirits. Many may go as far to become dead never to rise. God created us to have our spirit power to fight the evil gods of this age. He allows free will to generate that spirit. To overcome if we do not clothe ourselves with this choice then we join to live with the dark spirits.

God is telling us plainly that whoever rescues a child that has fallen in spirit for showing love in the act the attempts for trying he know his children.

Matthew 25:35

“I was hungry and you fed me; I was a stranger and you took me in; naked and you clothed me. I was sick and you visited me. I was in prison and you came unto me. If you have done these things for the least of my brothers and sisters yo have done them for me and you shall inherit the kingdom of God.”

## Preface to Gods of this Age

Angels of great power of light that after a time and a time ascended themselves as gods. Taking on godly acts and deeds in all they conceived. These angels created the Nephilim and other abominations our God gave them time to return though they would not give up their godliness.

Their own choice brought on their descent there great power of light was no more. Though placed in the Netherworld they take what power they have conceiving spiritual thoughts. Spiritual warfare in our nations and cities...what can it be that has civilization around the physical planet devour each other. Blindly or with open eyes the Bible tells us how these gods will give no help when misfortune strikes in your nation and they are numerous. Isaiah speaks of the fallen angels and Lucifer in their godliness yet down to recess to the Netherworld you go. Peter speaks, "God did not spare the angels condemning them to chains of Tartarus and handed them over to be kept for judgment." Daniel in his prayers with all his mind, heart, and strength asks for help. When an angel comes to aide Daniel he becomes scared – unable to move or talk. Thou Daniel believed he never encountered an angel before in his life journey. The Gods of this age have been relentless in conceiving souls. These Gods are seeking your soul – believe it or not.

That's what they do.

That's all they do.

They love in the doing.

Many people are giving up their souls blindly or with open eyes after a time. God did not spare one-third of the fallen angels – there is still time. Enjoy gods of this age.

## Gods of this Age

America, Your nation

Origin of the Nephilim

Genesis 6:1

*“When men began to multiply on earth and daughters were born to them the sons of heaven saw how beautiful the daughters were and so they took them for their wives as many of them as they chose. Then the Lord said: My Spirit shall not remain in man forever since he is just flesh.”*

Genesis 6:4

*“At the time Nephilim appeared on Earth as well later after the sons of heaven had intercourse with the daughters of man bore sons.”*

## Spiritual Warfare

What you are about to read was foretold to come by our creator God. He cannot lie. America and the nations, states, cities and communities what can it be that civilization around the planet are causing havoc and having us devour each other. We can feel it, smell it, see it, and speak it. The stench of evil is present and projected in front of us every day. It has uncovered itself working seven days a week, century-to-century. It has taken from disguised in deceits amassing into a plague. People are looking at each other in all nations confused and bewildered not knowing their right hand from their left. Though we know something is very wrong in our world we have been deflected again of the evils just like the past.

Jeremiah 11:12-13

*“But these gods will give no help whatever when misfortune strikes for as numerous as your cities are your gods oh Judah.”*

These fallen angels that made themselves gods to deceive the people they are numerous and as you read their in your cities and they are not here on our behalf.

Isaiah 14:12-17

*“How are fallen from heaven O Lucifer son of the morning. How art thou cut down to the ground which didst weaken the nations for thou hast said in thine heart I will ascend into heaven; I will exalt my throne above the stars of God. I will sit also upon the mount of the congregation in the sides of the north. I will ascend above the heights of the clouds. I will be like the most high yet down to the Netherworld you go to recess of the pit.”*

Daniel 14:12-17 (Daniel's Vision)

*“But then a hand touched me raising me to my hands and knees. Daniel beloved, he said to me, understand the words which I am speaking to you. Stand up for my mission now is to you when he said this to me I stood up trembling. Fear not Daniel, he continued, from the first day you made up your mind to acquire understanding and humble yourself before God your prayer was heard. Because of it I started out but the Prince of the Kingdom of Persia stood in my way for twenty one days until finally Michael, one of the chief princes, came to help me. I left him there with the prince of the kings of Persia.”*

Here Daniel states that Persia, which is Iran province, is Satan's northern side and the angel had been in spiritual battle for 21 days until Michael came to help. Daniel allows us to know in the sides of the north Satan will congregate. The leader of Iran will conceive thoughts only for himself not the nation. Today they are conceiving evil to get nations the people to do their deeds of thoughts.

Peter 2:1-4

*“For God did not spare the angels when they sinned, condemning them to chains Tartarus and handed them over to be kept for judgment.”*

In the same God will not spare us when we have sinned. We have allowed ourselves to work freely for the deceiver for not taking to heart his simple laws to live by and sinned we have name it and we have done it time after time. Take a good look the deceiver has conceived on humankind since our dawn. In our quest of life we have allowed our marriages, families to be torn apart. Sexual perversion is made popular on our minds wherever we turn it is made polarized as the thing to do.

People destroying their mates, children, family ties:

Sexual – mates with anyone – free – paid

Sexual – perversions – man-to-man; woman-to-woman

Sexual – delights in all we do thirsting for more.

Sexual – teens having babies in high schools escalating

Sexual – predators in our cities; in the US alone has become a plague

We look for the answers though there will be none given until we remove the thoughts we freely have chosen to cover ourselves from our creator. Destroying our marriages of two spirits created to become one spirit in all we do. Our lifestyles are on our minds and purpose. Engaging our thoughts 24 hours a day escalating in each decade allowing ourselves to be brain dead with our own devices – televisions, computers, movies, etc. the icons of the world that sell and give us our fix every day. We go out and purchase the films, music, directors, books, authors, magazines,

# ORIGINAL

video industry is peddling their goods and we the people stand in line – give me more, more and my children need their portion.

All of the above know their deeds after a time. The money eases their quests all have become one spirit building their house of the world. When the families and marriages are smashed the people reach out to the deceiver choosing the counted assaults: sex, money, lust, greed, envy, jealousy, hate from here the many divide into their paths. For all who choose to go this way the deceiver has opened his arms wide. Thou they are not done.

That's what they do.

That's all they do.

They love in the doing.

How they deceive and congregate... Why?

Three distinct fallen angel spirits:

1. That kept not their first estate they are chained in darkness awaiting judgment. They were the sons of God who had intercourse with the daughters and the Nephilim came to be.
2. Angels who are not in chains are the fallen that do the will of the Prince of Darkness from where he congregates.
3. The Nephilim muted half human and half divine are also conceiving their deeds for they are from their conceiver Prince of Darkness. To scatter the thoughts of their gods upon the earth.

God bestowed the Universe and our domain to the Prince and all the angels to care and minister with all creation God created. While still in the light of power and all found more excellent. They were given their time and a time until they conceived their own judgment now cast out of the heavens to the Netherworld. The Nephilim were their thoughts and works. This one more abomination that caused their fall God decided to bring on the great flood upon them. To destroy the Nephilim and the wicked humankind that became corrupted by the demi-gods.

Numbers 13:22, 28, 33

Going up by the Negeb they reached Hebron where Ahiman, Sheshai, and Talmai descendants of the Anakim were living<sup>22</sup>; however the people who are the living in the land are fierce and the town are fortified and very strong<sup>28</sup>; veritable giants, the Anakim, were a race of giants<sup>33</sup>.”

Here we can take to heart God did not spare the wicked humankind. You have two choices to live to love to rise or live for today never to rise. God made it plain to his first creation and made it plain to us. You cannot serve two masters

Mark 9:18-26 Demon Spirit

Mark 5: 1-20 (Demonic Legion –there are many)

Catching sight of Jesus from a distance he ran up and prostrated himself before him from a distance crying out in a loud voice what have you to do with me? Jesus son of the most high God I adjure you my God do not torment me he asked. What is your name? He replied;” Legion is my name there are many of us.” And he pleaded earnestly with him not to drive them away from that territory. Now a large herd of swine were feeding there on the hillside and they pleaded with him. Send us into the swine. Let us enter them and he let them. And the unclean spirits came out and entered the swine. The herd of about two thousand rushed down a steep bank into the sea where they were drowned. We have become the man in the cave and the swine becoming carriers of the fallen spirits.

Numerous times in the Bible for it can be believed evil spirits present just in this one territory. Two thousand spirits were sent into the swine over the cliffs. They were called Legions of evil spirits. Today they are still conceiving in modern deceptions. Time has gone by and they adjust to the times. They are numerous. Demonic spirits are conceiving their thoughts in our nations. They will never stop conceiving. Thoughts of wars and destruction bring retribution on our creation.

John 13: 1-4

*“But if you do evil be afraid for it does not bear the sword without purpose.”*

The excavations of various animals around the planet have been found frozen in time to allow proof of The Great Flood and Noah’s Ark.

## The Netherworld

The Book of Life allows all nations the existence and purpose of the Netherworld. Numerous passages God again bestows a window to open awakening our spirit side to be aware of the cast outs of God that were placed in the Netherworld.

Jeremiah 11:12-13; Matthew 16: 18-19; Luke 16:23; Rev. 1:18

God bestows Jeremiah what is upon us? God cannot lie condemning the fallen gods of this age.

Isaiah: Yet down to the Netherworld you go. There have been few books on the thoughts of humankind concerning the dark mass. Though limited in their powers the dark angels awaiting in darkness combines with the Great Deceiver are still able to conceive and confuse humankind who allow themselves to be veiled will continue to do so for the multitudes who clothe themselves are living proof of a kingdom that will not be shaken.

## **Preface to the Power behind the Battle We Are Facing**

God in the beginning created the universes dispersing the illumination of his essence throughout the cosmos. God bestows the cosmos and all that they contained allowing the morning stars of light to ministers over creation bestowing them the power which they would need. Pre-earth time was special before the dawn of humans for God surely allowed the animals their time. The morning stars ministered to all the creatures, vegetation, waters all that evolved coming to be on mother spirited earth. During this period they conceived their own judgment for now their powers were unleashed upon the creation. In every century their traits and deeds have not changed – they change with the times. We are no different from our ancestors that battled. That same power today we face since they deceived our paradise.

## The Power Behind the Battle We Are Facing Everyday

There are multitudes of people around the planet who have experienced numerous occurrences in their life's journey. We can feel, and have, that sensation that something is present even though we really can't explain it. They often dismiss the whole thing, allowing it to fade away.

For example, not long ago a woman slipped and fell unto the subway tracks. Death was for sure when suddenly a man jumps out of the crowd covering the woman with his body while the train travels over them.

Afterwards they interviewed the man. What made you so brave? I do not know what came over me. Numerous books have been written of angel spirits what we take for granted. One book I recommend – 90 minutes in Heaven by Don Piper and Cecil Murphy. Don died on January 18, 1989. For 90 minutes after his car wreck EMT's pronounced him dead covering the body. Don lives today after his heavenly experience. Every day in our life journey there are acts and intercessions that are ministered. We are not alone. There is always a presence that has been with every generation doing thy bidding for our creator God.

Today we are battling that power just like our ancestors battled. We can take to heart and learn from their battle scars and triumphs. Doubting we can always go back to our televisions and deflections and continue to be subjected to a power of light that we cannot comprehend exists.

Matthew 10:16

*“Behold I am sending you like sheep in the midst of wolves; so be shrewd as serpents and simple as doves.”*

One can examine history in each century. How the stench of the deceivers conceived their traits of evil can be traced. They change very little though they vowed to continue their deeds. For their own cast out of the cosmos and their godliness was no-more.

First allow ourselves the angels first purpose of their creation God bestowed great power of light to each angel we as mere mortals can no measure or imagine that power of light. They turned that power into the cosmos then after a time unto themselves securing their own fall.

## Their beginning

God created the universes with his thoughts illuminating and dispersing his essence throughout the cosmos. God bestows our solar system in all that it contains for our purpose with absolute harmony. God allows earth to have spirit flourishing earth with every dream of vegetation. He bestows clouds to rain water from the skies filling bodies of water that nourish the lands he formed. Our God creates a variety of species for the waters and lands. Though all that God

creates differently contains his essence of one spirit we too are different though one spirit.

All that God created he bestows to the angels who are called his sons which God gives domain of the cosmos and all it contains to minister and care. During pre-earth periods the angels learned of their powers by engaging with all that was before them. They soon found out what great power they each contained when unleashed. Today they are among us and have been since they deceived our paradise. Thou now their powers are limited from the Netherworld their dark spirits are able to conceive deceptions.

For example: Hitler, a young boy who had a normal life, becomes the anti-Christ by chance of purpose? When positioned in authority he became the liaison. Hitler's thoughts influenced a nation the German people will become free will doers allowing to be contained. Hitler's traits left a stench of 55 million people that traces to him and his henchmen thoughts and deeds of unmerciful evil. God after a time decides to change the planet. Returning the pre-earth creatures back to Spirit Earth from hence they came.

One third of the angels now decided to change their first purpose no longer satisfied caring for mere animals. They took their power creating and allowing their new purpose. In all they did conceiving their godliness with Lucifer finding himself to be most excellent. We are no different from our ancestors just time has gone by. The deceiver has also not changed on descending on the nations especially Christian nations.

The United States and Christian nations are purposely being assaulted. Nations that were given prosperity for containing Christian beliefs in all that we did in our lives. Allow ourselves to step back a few decades to trace their evil deeds that have fallen upon us to change our nations purpose. America stood on top of the world we had a president and a brother that were proud of being Christians. People putting their trust and faith in our president the Kennedy brothers, represented Christian believers looking forward to build on America prospering in all endeavors and innovations.

That faith would have been the stepping stone for all that would follow. Martin Luther King, Jr. also a renowned Christian leader together they represented Christian beliefs and dreams of thoughts to accomplish unity for the people. These were the steps of faith and hope to be entrusted and built upon.

These very steps of beliefs and dreams would have allowed our nation to hold on to our Christian gifts. The deceiver has taken away our leaders for their purpose turning our new leaders and all our freedoms into derision – their traits do not change.

Look upon our nation since all three chosen spirits have left us. Though they were of different backgrounds and denomination they were the essence of one spirit. Martin Luther King Jr. would never have allowed so many people to fall. He would have spoken out at every turn speaking of dreams and beliefs that were to be called out. Many have covered themselves with other beliefs, delights, loving what they do.

Our leaders and representatives are battling a power which they cannot see though if you look closely, their traits and deeds are jumping out leaving a stench. The parties of Democrats, Republicans, etc. are all one putting on a disguise. They have conceived becoming the same spirit. Their tongues have become deceits offering sweet delighted promises that their party is the party for the people. Their party thoughts will be the direction to lead the nations. Though as we see all the parties conceive and devour each other – grid locking their first purpose. Washington representatives, State officials, local officials, and judges, can be traced to signing and passing our country down the river. Who would have thought of such havoc deeds? Showing up for work for years pretending that the nations is in good hands they circle around shooting arrows at each other keeping the people, the laws and acts tied up.

Special interest groups promoting and sponsoring their propaganda specialists. Radio shockers, television, and newspapers are hired to shield the representative's party world carpet baggers, pretending their independent thinking is pushing their words to assault the party that is in office.

The voting system must be changed today having one party with different people running all on the same voting ticket. Whoever wins cannot blame their poor performance and each State is the same allowing accountability to the official offices. By the time people in a nation awaken great damage has taken flight. Why should we not be surprised that our officials in high offices are conceiving in their thoughts? Are they not us? The people made of the same spirit? We too are to blame for voting and placing all in their offices. The powers and principalities have us circling causing confusion and turmoil.

Can you not see?

Can you not understand?

Can you not hear?

Can we think of changing, deviating from our ways?

As you have read we will continue to be grounded. Unless you awaken calling out the power each is been bestowed.

The window is closing the capstone has been lifted only. We need help to accomplish much that has fallen on the nations even though we have a spiritual advantage that we have forgotten. Look who stands and surrounds his children our Lord thy God with the angels who have battled for us since our dawn. They are waiting for us to awaken to turn our eyes to do right, to rise for our true purpose for they can intercede.

Hebrews 13:1

*“Let mutual love do not neglect hospitality for through it some have unknowingly entertained angels. “*

## **Preface to Judith Power Prayer**

Judith's story encompasses a woman who comes to the aide of her nation. The people are on the brink of an old deed, the smell of ethnic cleaning is in the air. Judith opens our eyes when a person and nation stand together in prayer, one house and one nation with no division. Many of us contained this gift of trait at one time. Judith learns of the thoughts of the leaders deciding their fate. Judith appears before the leaders announcing to all they must not allow that people to give up. Judith asks for a few days to see what she can accomplish.

Meanwhile the kings army have all the people surrounded soon they will be dying lacking in water and food. Extermination by the sword id just a few days ahead – Judith stands firm falling to her knees to pray. History again repeats itself; there is nothing new under the sun that has not transcended before. What seems impossible then and now to turn things around will be made possible. Nations are threatening with their might their nuclear missiles, terrorists, amassing their armies with all weaponry to blackmail and kill for their allotments.

## Judith's Prayer

The power of our God is immeasurable. Judith's prayer is our prayer; her prayers were concerned not for her own soul survival they were not prayers just for her loved ones, Judith's prayers were transcending for a group, a people, the nation.

In World War II the Germans took on the thoughts of ruling the world. Their leaders all took on the very same thoughts that would cause unmerciful evil. People around the globe called out in prayers, those prayers became one and the same to ask our God what was needed. Thus this time transcended multitudes of people of coming to faith. Today, like our past generations, we can illuminate what we ask, seek, knock in the same way. That's why God gave us prayer.

Jeremiah 29:11-12

*For I know the thoughts, that I think toward you, say the Lord; thoughts of peace and not evil to give you a future and a hope. When you call me, when you go to pray I will listen to you.*

Calling on angels that do thy bidding for the celestial plan are always waiting to give. That's what they do. That's all they do. They so love in the doing. God is love. Love is God.

Enjoy Judith.

## Power of Prayer

The power of prayer can be traced for it contains traits of hope, faith, and above all love. The story of Judith is a story of a woman that calls out in prayer to save her people and nation from ethnic cleansing- an old deed. Every teenager and young lady should know the life journey of Judith. Young women can look to find their place in the world. The window of love and knowledge can be a vital guide of one's journey – O.K. parents.

Judith is a true story told in the bible. In time of a crisis she prays to our God. King Nebuchadnezzar ruled throughout the land. He wanted to stretch his hand even further. The king decides to wage war, destroying all who did not conform to his thoughts for he considered himself a god. The king calls upon his chief commander, Holofernes, just his name tells you of what traits he possesses.

King Nebuchadnezzar orders Holofernes to go out and take the Assyrian Army and destroy all who refuse in joining his thoughts. Holofernes leads the army destroying leaving a stench of evil to all those who did not comply. Finally after a time Holofernes comes to destroy the whole nation of the Jewish people – time changes not for all people.

A man named Achior comes to speak to Holofernes telling the commander about what he is facing. Achior informs Holofernes to consider waging war upon the Jewish people for they cannot be conquered unless they have turned away from their God. Holofernes and all his generals begin laughing at Achior announcing to him that King Nebuchadnezzar was their God.

They escorted Achior to the base of the mountain which the Jewish people were camped. The leaders sent their men for Achior to see what plans Holofernes might have. Achior told all that the Assyrians will march out to destroy. The Israelites called out to God in prayer asking for help. Holofernes knowing that the Israelites would need food and water ordered the mountain pass to be secured by his soldiers. They also secured all water supplies in the area.

Judith heard what the people were thinking for now after a time they were lacking food and water and hope. Judith was told that the leaders would surrender themselves unless God would save them within five days.

Judith called upon all the leaders. What was come over all of you knowing the enemy will not have mercy, speaking out to our god that he must intervene within five days to save us?

Judith 8:13

*It is the Lord Almighty for whom you are laying down conditions will you never understand anything? You cannot plumb the depths of the human heart or grasp the working of the human*

*mind. How then can you fathom God who has made all things discern his mind and understand his plan?*

Judith speaks about the past. For this very thinking our God left us before. The leaders told Judith, “You have always been a woman of faith praying to our God in your life. Though now we have decided in five days we will surrender.” Judith at this time knew that her words were meaningless to the leaders. Judith asked the leaders tonight I will go down to speak to Holofernes.

Allow me the same five days. All the leaders told Judith you will be also in our prayers. Judith returns to her tent. Falling on her knees praying to our God to help the people Judith leaves with her handmaiden to go down into the Assyrian camp to confront Holofernes.

As long as the Israelites did not sin in the sight of their God they prospered for their God who hates wickedness was with them. But when they deviated from the way he prescribed for them they were ground down steadily more and more as captives into foreign lands. The ending to Judith is one of my favorite true stories in the bible and there are many that will touch your heart. I hope you find a bible to read the conclusion to Judith.

The power of prayer will be called out in all the nations. Look who bestowed us the power of prayer of the word. We have deviated from our prescribed journey and you are seeing the results of that wickedness. Here are just a few deeds that we must sound out to the nations. All the Christian nations are coming together to rise and turn to prayer. We now are aware who we are spiritually battling. Call out the information age for our purpose. Call out to Christian radio networks for their deeds are of hope, faith, and love. Speak to the hosts what you are doing in your city, state, etc.

Call out a resurrection of all Christian parishes not to be satisfied with all that are in the pews. All Christian denominations put away their Pharisees and allow the essence of God to work together. For what has come upon us we now must not be divided, humble and pray and sacrifice.

Do not allow the evil that falls among priests at times for evils purpose is to have you fall from faith. There are thousands upon thousands of ministers that have endured holding on to their faith. We have erected more spiritual Christian churches throughout the planet. Buying land and not using these buildings is the same of storing worldly possessions. These gifts are for the people. Invite all to come. Just in America alone, 78 million baby boomers are retiring. Many who have allowed their Christian beliefs to be stepped on not holding on to their faith and not instilling them to our generations.

Mentors of all sorts are needed.

Cor. 12:4

## Preface to Sons of God

Do not be afraid. I am the first and the last; the one who lives. Once I was dead but now I am alive forever and ever. I hold the keys to death and the Netherworld.

God calls out to his morning stars – Sons of Light. To present them before him thus Satan the high angel of darkness appears also.

The deceiver speaks. “I have come from roaming the earth.”

God speaks: “What do you think of one of my children, Job, who knows no evil?”

Deceiver speaks: “You have surrounded him with all protection. God allows Satan to conceive job only do not lay a hand on him.”

Our God know this would be a great time to expose the deceiver to the physical world. Thou God knew Job and his thoughts beforehand. For once you are in the hands of God you may slip and trip though you will not fall. Job, an oriental chieftain man, who had called out to our creator and consecrated his spirit in all that encompassed his life. Read how our God surrounds his children with the Sons of Light and the various angels that encompass the celestial heavenly plan - two thirds of the morning stars ministering all creation

## Sons of God

In July of 2009 the caretakers of the Dead Sea Scrolls announced they will decode more fragments of knowledge one scroll in particular to the world. Between the angels of light and the angels of darkness the book of life contains over 300 accounts of the Sons of God roaming and ministering over creation. Job's story will be spoken of Job's story allows a window to open our eyes. For what the Dead Sea Scrolls will transcend in their writings and purpose of their journey.

In the bible, Job, God calls out to the Sons of Light to present themselves before him. Satan the high angel of darkness appears. The lord asks the great deceiver whence why have you come before me?

Deceiver speaks: "I come from roaming and patrolling the earth. God knows the deceiver and his spirited thoughts for he once was an angel of great light."

He made his free will choice, crowning himself as a god spreading his thoughts and deeds to one third of the angles that took on the very same godly ascensions."

God took this time to expose the deceiver to the physical world. Job was an oriental chieftain who was a believer. The life journey of Job was made known for God wants us to open our eyes what is upon the physical earth for you too are his children. Job in his journey and by today's account was a very wealthy man; more than his spirited love for God he cherished above all.

God speaks to the deceiver: "What do you think of one of my children, Job who avoids evil?"

The deceiver speaks: "You have surrounded him with all and spiritual protection as well."

God speaks: "Behold all that he has is yours thus do not touch Job."

Deceiver descends taking away everything Job possessed moreover his children were no more. Thus Job did not falter in his faith and love and all that spiritual love illuminates. The deceiver appears before God once more.

God speaks: "Though you have incited Job against me he still will not let me go from his heart, mind soul, holding on with his strength. "

Deceiver speaks: "Allow me to touch his body for he surely will blaspheme you."

God speaks: "He is in your power."

Deceiver descends upon Job once more bringing on hideous boils covering his body. Again Job holds on in the same manner. God is allowing, we – his children, that the great deceiver is still roaming the earth. Thus the two thirds of the angels of light remained with our creator God. Roaming and ministering the heavens and earth.

Angels among us

Angels were created to minister our God whatever is called out. While one third chose to revolt than to live in the presence of God. The Dead Sea Scrolls will unveil this very war which is being played out in the spiritual realm and the physical earth.

Isaiah 25

*To whom can you liken me as equal say the Holy One?*

Lift up your eyes on high and see who has created these. He leads out their army and numbers them, calling them all by name by his grace, might, and the strength of his power not one of them is missing.

How great a love and power is our God that he surrounds his children with his Sons of Light, his first creation? God created humankind between the true spirited angels and his earthly creatures. We are spirit and body, flesh and blood standing on the lowest tier of spirit intelligence and the highest tier of body flesh intelligence.

Many believers assume that when we die. Today if we accepted our creator God that we become angels. This is not our purpose of creation for without the protection of the angels. The forces of evil would descend on human kind for we are no match. Our God gave the first installment of the Holy Spirit to allow all to communicate with our creator. The Holy Spirit searches out the truths and thoughts. Though if the truths are unholy and thoughts of the world then the angels become idle for what is unholy is not of God.

The deceivers veil disguise, humankind with their spirited thoughts allowing us to choose freely to enjoin them in all they do. Good or evil cannot be forced on humankind. The choice must be free will.

Sirach 15:1

*Humankind Free Will*

*“Before me are life and death whichever one chooses shall be given one.”*

Isaiah 13

*“You said in your heart, I will scale the heavens above the stars of God. I will set up my throne. I will take my seat on the mount of assembly.”*

Jeremiah 32:14

*“In earthen jar the first of the Dead Sea Scrolls were found in such a jar. “*

Sirach 17:22

*“Who in the Netherworld can glorify the most high in place of the living who offer their praise?”*

## Preface to Pharaohs – Kings

Pharaohs turned their eyes to the Gods of this age. They in return transcended the Sun God to be their God to call upon. Pharaoh took on his power to build his greatness and achievements. Both coming on the backs and sweat and blood of the slaves; nothing else concerned Pharaohs thoughts. Slaves of every sort have been in every century many have worked for their masters for little pay or none for man changes little or not to fill ones bags of treasures. Thus you have slaves to money or other vices becoming their master nothing from this time on concerns their thoughts. Enrichment of the wise takes hold of them in every way. The slave to money gathers much possessions greediness whatever is called for one also succumbs to blindness with habitualness.

I must have, I need...want...give me the money. Pharaohs – Kings to present day icons and leaders of every kind have been given more of common grace to live out their life journeys.

## Kings

Many times through the ages various kings turned away to their own thoughts and Gods during their rein. Thus one can see what transcended when a king and people awoken to do the right in the eyes of our God. King Solomon was one such king who did turn his thoughts in the eyes of our lord thy God. Our lord appeared to Solomon in a dream at night

Lord spoke: “Ask of me and I will give it to you.”

Solomon answered: you have shown great favor to my father king David for he called out to you Oh Lord. Lord thy God you have also made me King to succeed. Thus King Solomon was given more of common grace than any other man. The Lord was pleased with King Solomon for Solomon did not ask for enrichment nor death of his enemies nor for long life for himself. King Solomon called out to our God asking for wisdom, knowledge, and the guidance to discern.

## II Kings

King Solomon was transcended the knowledge and measurements for building the holy temple. Today arts of the walls still stand in the holy city allowing integrity and authenticity to King Solomon’s traits and deeds. Today as the past one may call our God for understanding and a heart to distinguish between the Power of Love and Evil. Thus one is given what is needed. Read King I-II in the bible in all that was transcended in their life’s journey.

Deut. 8:19

*“But if you forget the Lord your God and follow other gods serving and worshipping them, I forewarn you this day that you will perish utterly.”*

To believe or not to believe for one thing is certain for what occurred to our ancestors will occur today. We are no different in spirit and body. God has told all plainly.

## Pharaoh

Elevated to power, for what purpose? A new pharaoh came to be, Joseph who advised the past pharaoh aged and died for now the new Pharaoh declared a new proclamation among his advisers. We are being outnumbered by the Israelites and soon we will not be able to control them. They are to be concerned only about building my temples, furthering my greatness. Their children will have the same purpose for my heirs for I am Pharaoh, king of all that you can see and my father’s before me were kings. I know no one greater than I.

# ORIGINAL

My riches in gold and land and stock no one can match. No one can stand against my Egyptian guards in battle. My temples will be built by the sweat and blood of my slaves. This is a testament of my greatness and achievements. God cometh to Pharaoh in his sleep – Pharaoh, you are just a mere man. You and your fathers were mere men. I have allowed you all that you possess all your power and glory for my purpose now Pharaoh I taketh away. Pharaoh, a baby boy will be born in your kingdom; he will grow strong to do my will he will set thy people free.

Romans 9:17

*“For the scriptures says to Pharaoh, this is why I have raised you up to show my power through you that my name may be proclaimed throughout the earth.”*

When one looks throughout the planet is it not true what our creator tells us so plainly?

Pharaoh awoke and entered into his private chambers to pray to his Sun God. Pharaoh seeks his advisors scribe a proclamation to kill all the baby boys up to two years old. Start in the palace and finish with the slaves – I have spoken; make it law.

Death came swiftly by the sword of the royal army. Sorrow and cries were heard throughout the kingdom. One Hebrew woman slave had escaped the blade to hide by the Nile River. She tied some twine together for form a floating basket placing the baby boy in the basket adrift. Pharaoh’s daughter decided to go down to the Nile to bathe. She hears a baby crying. To her surprise she finds a basket with a baby boy wrapped in a Hebrew blanket. She calls out to her slave, go find a Hebrew woman and have her care for the baby until I call for him. Pharaoh’s daughter raised the baby boy as if he was her own. She decided to name the baby boy Moses.

Moses grows to be a great prince in Pharaohs kingdom. One day on his chariot one of the slave guards started to whip an old man to the point of unconsciousness. Moses leaped out and strangled the Egyptian guard. Moses did not know what had come upon him. To do such a thing Moses buried the body in the mud. Pharaoh received word from the Egyptian guards that Moses had spilled the blood of his own. Pharaoh had no choice and ordered his royal guards to go out and kill Moses. Moses fled Egypt.

God heard the cries and sorrows of the Hebrews. God now calls Moses to Horeb, the mountain of God. Moses’ thoughts drew him to the mountain for a purpose. Moses falls to his knees before the flaming bush. I, your God call out to you Moses. Go to Pharaoh and tell him to allow that my people be set free. Tell Pharaoh I am the God of your father, the God of Abraham, the God of Isaac, and the God of Jacob. Tell Pharaoh you are the one I put in his dream that I have sent you.

Moses comes before Pharaoh I have come by God and yours Pharaoh for you to let thy people out of Egypt. Who is this God that you speak that I should bow down and obey for I do not know your God I will not allow the slaves out of Egypt. Moses said if you do not let the people go great plagues shall descend upon the kingdom for which you have never seen. Moses departs.

God speaks: “Moses, now you and all shall see the God Almighty willeth Pharoahs heart. I did not make myself known to Pharoah and his people, though I established by giving him his kingdom. In the land of Canaan where they are aliens for my covenant was given to Abraham, Isaac, and Jacob that I let know.”

The Plagues descended:  
The plague of water turned to blood;  
The plague of frogs;  
The plague of gnats;  
The plague of pestilence;  
The plague of hail;  
The plague of flies;  
The plague of boils;  
The plague of locusts;  
The plague of darkness;  
The plague of first born;

God speaks to Moses: “Go to Pharaoh, for now I have softened his heart. For now he knows I am thy God.

Pharaoh speaks: “I have decided to let the people go. Moses replies, Pharaoh, you did not decide – my God wills that the sea God opened with his breath.”

Soon Pharaohs heart was hardened. Pharaoh ordered the Egyptian army to follow and kill. With one breath God closed the sea – the royal army was no more.

Icons of every kind today come in all sizes and colors in all the nations. Leaders, dictators, presidents, mega giants, sheiks, CEO’s, all given common grace to live out their life’s journey. Only a few will be bestowed, saving grace, by God to rise again.

Few turn their eyes and thoughts from their delights, fame, position, and power. Their deeds always encompass the same usual traits of the gods of this age. God knows his purposes and deeds from the birth of Moses saving him from the blade to guiding Moses down the Nile to the arms of Pharaohs daughter. God knows Pharaohs thoughts. God knows each of his children what your thoughts will be in your life’s journey. Many eyes can be opened when Pharaohs kings are given to the world.

Many billionaires, multi-millionaires have had their achievements and greatness mad on the backs of their county men. They surely pay taxes and give money to charities to receive their tax shelters. Then once they fill their bags of money by the people, fair well, adieu, goodbye is called out. Transferring the companies to where they get the cheapest costs. Profits rolling in become their thoughts and motivation. Greed takes hold of them. Now stocking their money to be looked at knowing it is there. Instead of reinvesting, helping the many – their fellow nation and countrymen are forgotten.

## Preface to Image Maker

Evil partakers give their souls blindly or with open eyes after a time. Cain conceived thoughts to go out and kill his brother, Abel, with no concerns of any kind. God calls out to Cain asking, where is thy brother Abel? Cain attempts to disguise his evil deed; “I am not my brother’s keeper?” Throughout the centuries human kind has taken on their choice between love and evil. One cannot serve two masters, thou many surely attempt.

Reading deceivers children allows you to know what occurs on our physical world from the Spirit world. The great deceiver has no hesitation of speaking of his traits and deeds for he counts on humankind to have disbelief in all that they transcend. Deceiver tells us plainly evil conceives disguises, devours, destroys with a stench covers up, fades away with time to strike where invited. Today like the past, my disciples are devouring themselves, their children killing children. They are in all your cities, feeding their minds of my thoughts and delights becoming their delights. After a few thoughts from my spirit realm they can be left to themselves for many get very inventive with evil thoughts. All of you looking at each other in your nations what is wrong with the people that many have become idle and somber with closed minds and eyes. Taking on the thoughts that one does nothing wrong in their life journey have also taken on doing nothing right.

## Image Maker

Throughout the ages people have become my disciples they give their souls freely with no concern – enjoying my fellow spirited gods of this age who never halt conceiving earthly souls thinking our thoughts, needing, and wanting more. I have become their image maker.

Roaming and searching the nations for certain people who have little or no faith; emulating diligently my thoughts and images. Christian nations are always more effort for us the Muslim nations. I have no need to worry for they are contained and somber killing in the name of Allah; killing their own and others that do not comply with their thoughts. Half the adults in Christian nations my fellow spirits, have influenced them from their churches that they were raised in their beliefs.

They have totally quit their faith or turned to free thinker's atheists or Muslims, New Age popularity thoughts. Your children are home watching me every day, learning and embedding my delights, becoming their delights. My new leaders, icons, idols, people that I make popular with the masses they are my eye catchers of my world. I control your airways, media, newspapers, TV networks, videos, etc. All are very busy bees, achieving what would have taken decades.

Now I pour out my thoughts and ideas in high definition (HD) stereo what comes with innovations. Though I reward my children with what they like more than anything millions of dollars to keep up the great deeds. One must keep up appearances so I puff up people believing that all humans are entitled to everything under the sun to all privileges wanting more to no end.

To accomplish all I search and patrol for just the right moments in people's lives that will accept my thoughts and images done in such a way they think they invented the ideas. Today's sex photos, pornography, TV, computers, etc. here I took a man and I gave him his real direction in life. He turns to me not knowing of what direction awaits him. He's in your nation and community. My thoughts, images, and ideas are given so he can conceive exactly my spirited purposes becoming a carrier of my spirits. I made him an icon in the world of being wise and daring a real self-made man.

Through my gift he becomes my disciple even if he thinks not – thought he knows after a time. He gave me his soul thought I deserve it I did further his career. The nice thing he has gathered me thousands upon thousands of souls. For his works have been received vigorously in the 1950's I gave him to my fellow spirits for I must go on to other deeds. They gave him images of our thoughts and ideas. He started out innocently taking photos of a woman in a bathing suit. After a time that became more and more popular, wanting and needing with the masses. We

allowed more deceits now he removes her bra to expose her chest in return she is given more money to keep her inspired. Now the world thinks and needs more each decade.

The images, ideas, thoughts have fully circled for now she is totally nude. She cares very little of herself. Money has seduced her inspirations once more. Today she will perform any and all delights. Now from one seed of thought that was transcended it has amassed sexual deviants of every kind becoming my children. Throughout the decades my images have created outlets, various divisions feeding their minds of what I your image maker transcends.

Present day sex magazines, videos, movies, TV, night clubs, in all that you live out. My special of the decade, porno phones that way one never leaves home without my spirits. My children amass thirteen billion annually in porno alone. My main concern is the carnage, the sexual deviants are inflicting. They are in your nations, cities, communities, ascending on your little ones, teens, moms, sisters, neighbors. They have no other concerns on their mind but to devour though different images and ideas when called we are all one great spirited family.

My latest disciples I have turned over to the world. You have come to know them. Embracing their deviant thoughts with so much devotion they obviously contain my usual hidden traits.

Radio DJ's, now on TV, have amassed a large following of fans. Now DJ's around the world have been imitating my thoughts and delights exploiting sexual perversion in every way; they love their jobs. Though I take care of my disciples major companies who I have great influence giving out large money contracts becoming icons, idols in my world. Look for me tonight when you are sleeping and start to dream. Embracing freely my thoughts one could not achieve all without you who are faithless. I have already affected you without your knowing; also your children are turning faster to me than past generations.

Many of you have taken on my confusion of not knowing ones sexual orientation. Do not worry yourselves my spirits will continue their deeds where needed. You have allowed our spirits to take God out of your lives, your schools, in all that you hold sacred. My thoughts have you passing out condoms, drugs in your educational systems, and teenagers having sexual contests to get pregnant.

Though I have my children thinking that our spirits are non-existent in your world one knows after a time that you choose to work for the cause. Denying our evil you have allowed yourselves and children to be my children. Conducting and imitating my traits and deeds, rejecting thy son Jesus whom your God has sent to show you the way.

In your nations you continue to kill thousands upon thousands of you own spirited flesh and flood every day thus I make it look necessary, accidental, man's many ills of society. Wars, hate, whatever it takes I will be there collecting my faithless souls. You have brought much more warmth to all the dark spirits who also had no concern in their creation. Many of you have been told of my darkness turning my evil into disbelief. I am glad you have chosen my way blindly or with open eyes instead of your God. Many of you have stamped your forehead with my Brand

## Today's Evil Doers

Evil through the back door out the front door drug cartels abroad and at our front door -modern gangs, hoods, recruits they have arisen in every nation. Some modern than others they speak in different tongues though they are all one spirit. They will do anything to get what they desire. Everything that is evil is on their thoughts giving their souls to the prince of this age boasting of their lifestyle deeds.

Killing has become their thirst and favorite trait; killing your loved ones, your neighbors, your children. They are not prejudiced killing anyone stepping on their path, even their own. We have allowed our cities, communities, and neighborhoods to be infested their stench rises in the air many times we know who they are around the corner turning our heads without speaking up. Though once they get people hooked, despair and death are close behind. All the traits of evil they possess. Crimes that come with drugs are endless for they commit everything that can be done and has been done needing and wanting the chain effect is immeasurable. Our government and media speak out that we have a handle on it. Home security is confused!

One trillion dollars entering America every year is being exchanged. Four hundred fifty billion dollars are allotted to the various defense departments after the money is spread, each receiving their share to combat drugs. The actual amount allotted to fight the war on drugs is a mere eight billion per year that goes to fight the pestilence.

Numerous drug cartels strike drug deals throughout the nations. American drug lords, bosses, are many with their army of pushers. Cartels, drug czars, are positioned everywhere to accept huge quantities of shipments. Drug czars guarantee the drugs and their paths are many. United States represents the number one nation where these drug paths meet. Drug consumption up in all the nations:

France – tripled its consumption in 2007

England – doubled its consumption in 2007

Spain – tripled its consumption in 2007

Italy – doubled its consumption in 2007

Russia – tripled its consumption in 2007

In all the nations the pestilence of drugs has amassed. The paths of our societies are destined for destruction. The USA allots billions every year - the money direction must be directed. America can stop three thousand semi-trucks at the border every year containing One million five hundred thousand dollars of drugs. On hundred thousand human carriers with back packs filled with crack, etc. all furnished by cartels. Their losses add up to nothing for what gets by. In 2002 one man alone contained two hundred sixty three thousand packs of cocaine hidden in a train box

# ORIGINAL

car. In 2007 one man alone contained two hundred million dollars in his garage in Mexico. There always thinking about tomorrows to amass again.

The Mexican government, along with other national governments, is being led by officials that have joined the cartels - all one family.

Quoted:

USA drug Czar John Walters, the USA is seeking additional resources to prosecute traffickers of marijuana which earn cartels about 8.5 billion or sixty-one percent of their annual estimation. 13.8 billion in cocaine sales with methamphetamine. Mexico City largest is the source of income for Mexico's cartel. More money resources are being called out when every state in the USA is filled with drug prisoners. The court system has failed by drug cases that are so numerous everyday devouring our budgets. Something is not right for the figures above this amount of drugs would be a few month's profits. Countries that are rogue cartels have just become too powerful with their government influences. Mexico, a nation that America embraced for many years, we have given Mexico citizens a welcome wagon allowing millions to become American Citizens. We will continue to help and embrace the Mexican people. They too in return must embrace the USA bothe nations have given these cartels a long rope – that rope has ended. Mexico must put an end t the cartels for the Mexican people can prosper too.

## **Massive Immigration Destruction USA borders – Immigration Costs**

In 2000, 1.7 million immigrants were arrested and placed in local, state, federal detention centers, jails and prisons. One million seven hundred thousand immigrants for one day – food, housing, medical- at forty five dollars per day and 30 days per month equals \$300,000,000. At a minimum three hundred million spent on immigrants illegally. This is only one sector of immigration the total picture is disturbing adding other nations. Laws in every nation must be kept civil morally. We can allow immigrants to enter legally social contract magazine being published – a must read.

Excerpt to Drugs

At the end of 2008 my transcripts were sent out to be published. Many unseen problems occurred on my side. Since then a great deed that was long overdue has taken place. President Obama has declared war on drugs.

USA is not allotting added funds to the Mexican government to execute what has become a plague upon the nations. President Philippe Calderon of Mexico is taking unprecedented efforts to take back the country from the many people who have turned to the cartels. The Mexican

people must come together to allow the sun to rise. Participating in what will be a long battle returning the country the citizens.

Here in America our armed forces must return for we too can participate what is needed on our home front removing the infestation of pestilence that we have become immune and comatose. Millions of Americans are sick and tired of losing their loved ones and neighbors to this plague. President Obama has stepped forward your leaders must enjoin in your nation. There are many who speak I have nothing to do with drugs. This attitude will have to change for all communities the drugs have affected one and all.

American prisons have become the second highest expenditure in our nation right behind the defense expenditures. The prisons are filled beyond their capacities while every state is battling to find money funds. Sixty-five percent of federal prisons contain Mexicans including other foreign immigrants seventy-five percent for drug trafficking. I have spoken to many prison officials that they are more than glad to go back to their country and never return to America.

Nothing is said of the billions upon billions of tax dollars that go to a system that is not working. The pestilence of drugs is now a major business in the American prison system. Many guards have retired from filling their bags of treasures. Gangs and guards have amassed becoming one spirit. This is one fraction of the problems of drugs assaulting on our societies.

Young men from 18 years old are entering prison spending 5 – 20 years at a time. For being arrested for possessing bags of drugs. Here in America if one wants to go to drug rehabilitation centers the cost is one thousand dollars per day. Many centers charge thirty thousand dollars up front. Only our icon celebrities can afford to attend. Though they are dying every day before our eyes there are no centers for the average American to be found. This causes US prisons to care for your loved one which is to no avail. Two million dollars per minute are made selling drugs to our nation. One billion dollars per year of drugs is amassing into the country, state, city, community.

Today's evil through the front door out the back door financial mass destruction. Evil => conceives => disguises => devours => destroys with a stench=> covers up=> fades away. In every phase of our lives our thoughts of money have consumed us. No longer being satisfied with our allotments the steps in every nation have been taken.

## **America – Your Nation**

The American dollar, the worldly dollar has all taken assaults every nation in confusion and turmoil. People not knowing their left hand from right and not concerned between right and wrong. We look at each other every day. What has happened to our countries?

By allowing many to escalate on devouring each other acting like mere jackals. Looking for mankind to solve what has come upon us, our leaders and government officials who are passing

laws and acts that are becoming the assassing freely. Many have become eager beavers licking their paws to sell whatever is set in front of them. Allowing one to be veiled of their moral thoughts and ethics in all they do. American companies, American officials have enjoined together their worldly goals. American companies who have become multi-billion dollar corporations on the backs of their fellow countrymen though now that the fortunes have been secured their thoughts are to turn their backs on their countries for their bags are filled moving the companies out of the country. Multiply one after another it has been done.

## Private Sectors

Self-made men what have they become in their pursuits and deeds. They have become lost in the race for bags of treasures. From here on they know no loyalties to company or country. Their thoughts are of dollar they can conceive on the deal. One can make 5 million, 90 million, 400 million in one transaction. Ask Bear-Stearns, AIG, all one year before the great fall. For greed can be traced many bags filled – private government sectors. Contact Michael Crowley about it all his thoughts (Worst of America) – [readersdigest.com/Crowley](http://readersdigest.com/Crowley).

The usual merry men share not. Leaders, CEO's, government officials, Wall Street mega conglomerates, oil companies, etc. the chain effect has covered the nations with all their deeds.

## Government Sector

The law makers- tariffs, taxes, government contracts in all that they do has been done.

### Laws-Regulations-Acts

Car industry one facet divided into other deeds. Elected officials have been busy over the years signing laws, acts that are not for the nation. Car companies in Detroit and Ohio have left the country leaving thousands upon thousands of workers with families and deserting all, giving the illusion that the car industry will bounce back to glory days. They have bounced to glory out of the country east, west, north, and south never to rise again in the USA. One of hundreds of acts, deeds such as Taft-Harley Act corporation interests. The private sector- government sector though separated they have enjoined to one spirit. They have forgotten their first purpose to serve the nations. Instead they no longer minister or care to be accountable to answer for their deeds.

We look for our government officials, leaders to do right for the people. Except our officials are “us” they too are in the same race for money and delights. Why should we be surprised?

# ORIGINAL

Allowing greed and corruption to lead their thoughts progress becoming stagnant in all we do. America should be leading the world in endeavors and innovations instead confusion has laid USA for years in paper work and laws. Selling all our technology to fill ones pockets they have both brought this on our country men – ultimately themselves.

Example:

Hydro-car-hydrogen car factories should have been in our thoughts twenty years ago. The hydro car technology can be implemented today. All the empty factories can be ready allowing auto workers to be financed for the endeavor. They surely bailed out Bear-Stearns that e are paying for. Where are you auto workers? Wake up! Hydrogen car technology has passed every test after test. The technology will be buried if you stay dead. America should be at the forefront not the back stop. Producing hydro cards, solar cars, air cars, empowered cars, etc. cars that the world is calling out for. Where have all the new Howard Hughes gone? Billionaires that actually could have some vision combining their bags of treasures?

In France zero pollution motors will be assembling air cars in 2012 unless a rogue purchases them to bury the technology. Americans coming together your nation World War II Americans came together for a purpose. Building airplanes that needed to win the war. Our airplane contained 1.5 million parts when all was said and done our men and women were rolling a plane off the assembly line every sixty three minutes. At an age of morality a great gift the answers to all we need can be achieved. Though we will continue to be grounded obstacles and endeavors will remain stagnant. Until each person, country, returns to moral ethics society. You have been plainly told paying no heed. Those in high offices cannot see their deeds of being the conceivers.

Wisdom: 6:24

## Rogues of Every Kind

Evil => conceives => disguises => destroys => covers up the stench => fades away.

Habakkuk 2:9

Woe to him who pursues evil gain for his household setting his nest on high.

The fifty billion dollar man

America:                      Your Nation:                      Your Occupation:

The merry men of greed have arrived reaching to the top. Self made men in every nation though they vary in stature and color. They have enjoined of being the same spirit. Their traits and deeds have been made known they have not changed over the centuries. Nations pawn money brokers have learned their trade quite well. In their race to live to die their thoughts have enjoined them to greed and all that it encompasses.

Their pathways are to receive bags of treasures, filling up for storage. Now the merry men in their quest have transcended a new deed.

### Derivatives

Wall Street derivatives are nothing more than bets that something will prosper. Pieces of paper whose only real value is derived from predestination chance of some tangible assets may apex to the top. Example: the home mortgage crisis is just one of their many conceived thoughts of execution. Wall Street pawn brokers have been busy bees with their accomplices – bankers, lobbyists, CEO's presidents, regulators, law makers, hedge fund speculators , etc. all have become gathered into one hive spirit conceiving and packaging their derivatives into securities selling to their mama to the wealthy to pension funds, individuals, foreign governments whoever they could reach out and sting for their massive profits. Thus distinguished derivatives have consumed all trillions upon trillions evaporating into thin air hence where they derived – never to materialize again.

Lucifer: I love these guys.

In every nation the pawn money brokers have conceived giving birth to their stock markets from Dubai-Russia-China-Japan-Mexico, America, etc. each nation receiving their self made men

with open arms. In 2007 Russians birthed seventy four billionaires; Americans – seventy two ; Dubai – they have stopped counting. Now all we see in the days to come the very same scampering to fix their markets of fortunes. Though their mending here and there will be to no account for as rapidly as they have ascended their descent will be made known. America the nation's merry men are not done quite yet for they envision thoughts to reach out whatever they can place their paws.

Stock shares in oil. Commodities, pork bellies, etc. what can be done will be done. American nations, food surplus that the nations have built a foundation will be devoured. This food supply is in their hands. Thirty-five percent of world farming lands have turned to planting food for animals. This is where their new enrichments lay.

That's what they do

That's all they do

They love in doing.

For the multitudes who have taken on the very same traits and deeds in their quest to live have also enjoined themselves apex to the top whatever it takes the masses are willing to perform for their bags of treasures they have made their free will choice of giving up their soul freely. Allow ourselves to step back and trace the endeavors of Rogues of every kind.

For their deeds always leave a stench of destruction they have stretched out their arms gathering willing accomplices. The inducers endeavors may start with thoughts of good intentions. Though after a time they know their deeds becoming enriched with self-illumination conceiving and disguising their pathways in their quest to fill bags of treasures many of every kind lose their way. From here on, the inducers take on traits and deeds of evil allowing greed to amass. Their victims from the very rich to those who invested life dreams savings are of no concern.

Rogues of every kind are still transcending in every nation for thought they have sight their blindness takes on of learning nothing continually devouring and destroying the many, ultimately themselves. For the bags contain holes in every nation. They attempt to cover up the stench hoping time all will fade away.

The fifty billion dollar man and cohorts in your nation will be unveiled after a time of selling out their nation, company, ones fellow citizens and himself. Few will awaken, even after that a few people took their lives moreover as you know their lays a chasm between love and evil.

*“Tell the rich in the present age not to be proud and not to rely on so uncertain a thing as to wealth but rather on God who richly provides us with all things for our enjoyment. Tell them to do good to be rich in good works to be generous ready to share.”*

One thing is certain, sacrifice, humbleness, charity will be known to the nations in the years ahead. Spiritual warfare, principalities and powers we are facing everyday.

Can you not see?

Can you not understand?

## Past Evil Partakers

The merry men and their evil deeds:

I have selected World War II for it was not that long ago for the millions of people that the anti-Christ decimated. Allow us the traits of their deeds of evil for they surely can be traced made known. Evil conceived in containing the German people to take on their quest , disguises and the denials of their evil covering up all to fade away with time.

After all was said and done the anti-Christ was made known fifty five million perished when the war finalized. The mass destruction that the world experience did the people learn anything from that evil period? Yes, we did absolutely joined together as allies to halt and stop the march of even further destruction. Today America must stand again in leading the nations for this time the third anti-Christ is rising. We can be prepared this time around.

What allows humankind to submit themselves of the doing? Blindly, or with open eyes, taking their portions of participating. Germany never saw what was upon them allowing their people to be contained, to be bearers committing mass atrocities by eliminating fellow humankind, killing them in every way possible unmercifully.

The presence of evil showed itself. You can see it, smell it; feel it; taste it. Evil contains a stench like no other. Hitler and his merry henchmen, the Nazis, the German soldiers their accomplices, submitting of the doing. They loved what they conceived in their thoughts this is how evil takes hold then it fades away. After the war at the Nuremburg Trials –

War quotations –

## Past Evil Partakers

From ancient kings to present day presidents, their pursuits and purposes are always the same evil. Executing innocents of the nations so they can decide what will be called out, implemented. Thought we have sight we blind ourselves by enjoining with the partakers.

In 1927 Magdalena, Mexico; the Mexican government conceived their evil portions that were to be poured out on their own citizens, Mexican citizens who were living and embracing thoughts of love and faith. Mexican President Plutarco Elias Calles transcended thoughts encompassing his directions of what will be placed, dissimulating the Catholics and their believers.

Who would envision such thoughts?

Violence erupted between the Catholic faith and the Mexican army that were sent in the name of their president and government officials to undermine the influence of Christian traditions and moral thoughts. Conflicts descended between church and state amassing in death of priests, nuns, the Mexican people. Once the stench begins its march and all was executed, two million people were devoured are no more.

President Plutarco Elias Calles invigorated his conceived thoughts of unmerciful evil. His vision for change filled the air with millions of human kind dead. Now he could implement freely his purposes starving, imprisoning, torturing, taking of the land. Kill, kill was called out to control the faiths.

That's what they do

That's all they do

They love in the doing

Allow ourselves to envision presidents in present time that have taken on the usual traits and deeds. The nations have their fair share and others that are ready to take their place. Keep an eye on your president Mahomoud Allenijah and others unleashing thoughts of the same manner in their countries always with thoughts that encompass a leader, nation, an army, and the people allowing the bidding. Though their descent of their deeds will also encompass their testimonies for as presidents rise in worldly pursuits they adhere themselves to the gods of this age.

# ORIGINAL

Your nation's leader what legacy of thoughts will they envision? When one declares war the people are supposedly informed of the ways and reasons. Soldiers sent into accomplish what is needed. To lead people, speaking out to hate a nation constantly deceiving the peoples direction emulates failure to rule though we the people allow these men time after time to continue as leaders. We are facing a power that we do not understand by the time we awaken of the stench many have perished.

The usual merry men will the real president please step forward

For the multitudes who adhere to their faith their traits and deeds will not fade away. Mexico contains some of the most beautiful cathedrals and basilicas in the world. A testimony of endurance resonates in coming to faith. The many who choose to stay somber doing nothing wrong in your life journey have also taken on doing nothing right.

Galatians 5:3-4

*“For if anyone think he is something when he is nothing he is deluding himself. Each one must examine his own work and then he will have reason to boast with regard to himself alone and not with regard to someone else.”*

## Disguised Evil

The presence of evil disguised in one that knows not of the partaking. A teenager goes out to play baseball becomes upset takes a baseball bat and kills an innocent story after story transcending around the planet.

A woman goes out to a bridge throwing her three little ones over then she decides to join them. Men and women killing for financial gain, etc. men walking into schools killing our innocence with nothing else on their thoughts multiply all in every city nation it has been done - one way or another.

Can we not see the disguised evil and its presence of “we the people” devouring each other in every way. Do we need billboards, the writing on the wall? Atrocities committed everyday in our nations consuming each other on our thoughts. We are facing a battle of spiritual warfare, a spirited battle we know nothing about or understand.

Though if we closely the traits are always the same. In every age, evil descended on the people that had become worldly chasers in every way. The German people knew not what descended on

# ORIGINAL

consuming the world and ultimately themselves becoming blind to the atrocities in their march of world dominance.

We talk and talk looking what has gone wrong around the planet looking to hear ourselves the contributors for the answers. Thought we rely on our own wisdom and knowledge that has become meaningless. We see everyday Christian tradition, swept away in all we do.

The gods of this age I have human kind puffed up in unbelief. They think they are self made. My spirits are beyond their reasoning and understanding. We have become inconceivable therefore my fellow spirits are nonexistent.

We have human kind killing hundreds of thousands every time our thoughts are taken on. They kill their own flesh and blood not knowing or caring of he doing. We make it look necessary accidental human kinds ills of society whatever it takes I will be there. Our favorite is getting leaders puffed up in their thoughts who care not to listen to what the people want. Going to war where we amass in all atrocities sometimes we are amassed how easy it has become.

James 4:2

*“You covet but do not possess; you kill and envy but you cannot obtain; you fight and wage war; you do not possess because you do not ask.”*

Take time from your so busy lives on the technology toys and pray and ask.

Disguised Evil: Always contains a purpose.

The Movie – The God Father

Where evil => conceives => disguises => devours => destroys => covers up the stench => fades away.

Rome the Vatican Pope (John Paul I) found dead one month after being elected. The Vatican cremated the Pope instead of burial. Now if one would go back into the Italian newspapers many scenarios rumored around the world. What followed erupted to the surface nevertheless?

The Vatican Bank the Ambrosiana Allegations came to light soon after Signor Calvi was found dead under a bridge supposedly suicide then the Great Escape transcended of the Italian Banker who had been contained in a Swiss Security Prison. The Vatican (Curia Senate of Cardinals) the Vatican church were assaulted and depreciated. For what a few men conceived in their thoughts where you have thousands of priests who have devoted their mind, soul, love for our God.’

The evil executed its stench and faded away though the deeds were accomplished. One can examine century to century each nation to trace the person, leaders, high official positions that were destroyed. They flourish in this realm for their thoughts are not questioned and great powers of thoughts are behind the scenes.

The assault upon the Vatican spread quietly throughout the Catholic world. Churches, convents, with Catholic schools were all part of the foundation of Christian thoughts. Here in the US, the effects became massive in its path. For Catholic churches in every state at this time period all contained convents with nuns to teach in the schools. The deceit was done. Nuns, convents that were part of our communities gone never to rise again all faded away. You still have a few schools and convents left thought nothing that compared to what the US contained and all that came with it, spiritual teachings.

If you are a Christian one should respect each Christian denomination when assaults are conceived. God knows his Christians.

## Preface to Egypt's Pyramids

One of the seven ancient wonders of the ancient age - the Giza Egyptian Pyramids have not moved one-quarter inch from their foundation. They alone remain intact while the other six wonders have succumbed to pebble dust – lost forever. Recently the excavation of the Hanging Gardens of Babylon has been unearthed. Though very little remains intact, the authenticity allows their existence. Television specials, radio talk shows have done numerous documentaries. Theories of an extra special presence of knowledge illuminates of their construction.

History books of every kind have Pharaoh and his one hundred thousand slaves in their infancy dynasties constructing the massive pyramids. What would your thought be if you walked out upon the plain desert 4,600 to 5,000 years ago? Before your eyes stands a forty-two story sky scraper so massive that it takes your breath away containing 2,444,000 stones, each stone in weight averaging 3-tons, 5-tons, and 15-tons depending on their placement.

Pharaoh knew after a time he and all the slaves in the world could not build such greatness so Pharaoh decided to claim his greatness that lay before him.

Enjoy the Pyramids.

## Egypt's Pyramid in Giza

Isaiah 19:18

*“On that day there shall be five cities in the land of Egypt speaking the language Canaan and swearing by the Lord of Hosts one shall be called City of the Sun.”*

Jeremiah 32:19-20

*“Great in council and mighty in work which has set signs and wonders in he land of Egypt even unto this day.”*

Humankind's thought and theories of the building of the pyramids have been written that an extra presence of knowledge was involved in the construction history books have the Egyptians building the pyramids in their infancy dynasties. We also have read books that we were descendents of apes. Allow ourselves man's knowledge at that time the infancy of the Egyptians they did build Mastabas that were step pyramids later in time mini pyramids throughout the regions other followed around the world.

The Egyptians did worship the Sun God inscriptions are present in all their tombs, temples Mastabas containing their stamp seal. They developed hieroglyphics forms hieratic and demotic when translated allows us into their thoughts, beliefs at the time. Pharaohs thoughts were of being gods, ruling for 3,000 years, Imhotep 4,600 years ago was written to be the builder of the first step pyramid a Mastaba – a photo of that construction which matches the time. Pharaoh Cheops has been written to have built the main pyramid a century later which he named after himself.

Today if man were to step out to the desert to replicate in building a pyramid of stones gathering experts in science, technologies, modern machines, cranes, the top architects they cannot duplicate the sheer perfection of the pyramids. Time has gone forward though the pyramid has not moved one-fourth of an inch off any setting from the foundation even after the great flood.

The pyramid stands intact estimated time close to 5,000 years. One of the seven ancient wonders of our planet, it alone remains a wonder for the other six wonders have succumbed to rubble dust

# ORIGINAL

– lost forever, by purpose or chance. Pyramid stands 450 feet at its apex, thirteen acres containing 2,300,000 stones sealed with another 144,000 flat stones to give smoothness to the outside – total of 2,444,444,

Inside of the pyramid the first passage chamber is named the Kings Chamber. The second passage leads to the Queens Chamber. From her you descend down to a subterranean chamber. Now all the chambers have been named after the Egyptians historians came around. The Kings Chamber resembles the Lost Ark if one was to have contained it. The subterranean chamber also seems to have had a purpose if one looks closely.

The Grand Gallery contains two rows 70 tons red granite stones, both in one piece no cut fittings. On the rock foundation 2,444,444 stones were assembled each n massive size 3 tons to 15 tons according to their placements 206 layers formed of stones on the outside sealed with 144,000 flat stones standing 42 stories. Historians differ on estimated time 19, 20, 30 years to complete the construction depends what historical books you read.

Now allow ourselves to see the great feat that laid ahead for the architects of Pharaoh and the man power to assemble the Great Pyramids. One hundred thousand men have been written to provide the labor force the choice of a bedrock of stone strong enough, large enough to contain the enormous weight of stones, to secure the foundation, a rock quarry with in workable distance from the main work site. That would provide the precision cut stones. Measurements of the stars must be calculated for placement. This in itself allows their great find of a flat stone massive in size out in the desert. Wooden sledges must be erected. Trees gathered, transferred to cut into planks. To assemble for transferring the stones, ropes secure the stones enough to give slack to each team dragging and pulling. All of a time the wheel, horse oxen, were not present.

The architects of Pharaoh would have to overcome the following to accomplish the feat:

Chisels – copper was written, one chisel per stone – 2,444,000 for replacements. Tools today would have a time chipping for weeks on one stone to accomplish perfection. Mans thoughts weapons would be their first choice as always.

Ropes – ropes made of river twine to move, secure, and drag up the giant ramps; 1,200,000 less than half per stone; rope makers must be kept for repairing today ordering that many in USA would be hard to fill.

# ORIGINAL

Wooden Sledges – time consumption to find the trees and cut into planks also to assemble the wooden sledges to slide the massive stones.

Ramps of Dirt – to slide and climb to place the stones dirt is plentiful in the desert, human ants becoming earth movers with containers filled with sand, tons upon tons for the ramp scaffolds this feat alone would take years.

2,444,000 stones – 3 tons to 15 tons transferred to the worksite from a rock quarry within distance there is no quarry excavations or traces left trails left or stories told of the feat.

Cutting the stones – fitting 206 layers of massive stone, each cut in a precision cut that a piece of paper could not be inserted cutting today with modern saws one must take time to achieve such precision.

Two – 70 ton stones – red granite stones placed inside side-by-side in one piece these two stones would be a great find and to transfer for they are not part of the foundation base.

Cheops – one Cheops the head capstone was not included. The sure weight of tons of stone the foundation would hold all of Manhattan skyline average stone 7.5 tons per stone x 2,300,000 + 144,000; 1 x 15 thousand pounds.

144,000 flat cut stones – professional builders that make a living of constructing buildings admit that a certain pressure is called for to secure the tightness.

Crossing the river – crossing 2,444,000 stones mass in weight would take years in the feat.

100,000 man power – has been written to achieve the feat; allow to feed them and supplies that were necessary.

200,000 meals per day, eating twice per day

1, 000,000 meals in a 5-day work week

52,000,000 meals in a year x 30 years (or more)

Nourishment must be maintained to sustain the menu for the desert. Sun can reach 130 on clothing protection must be maintained. Water and goats must be in abundance their supplies maintained goats were their main food source of meat. One could go on the fact the feat in that time was impossible. Just like today the Egyptian's Pharaohs all found themselves in wonder standing next to a structure of 42 stories before their eyes for this very reason they spent the next 3,000 years of devoting to build their spiritual edifices.

Valley of the Kings becomes a perfect example for it allows us to know their construction knowledge and exploits their wisdom of building skills of the time. Pharaoh's tombs at the Valley of the Kings, Pharaoh knew that he could not erect a pyramid for Imhotep attempted with the Step Pyramid the Mastaba which was a failure.

Pharaoh ordered his architects the task of building a structure to bury himself and all royal heirs the architects decided the only way to accomplish such feat they would search for a mountain side with caves. One that contained honeycomb pockets that nature formed in an array of sizes.

Architects were relieved for now the feat was possible they had the men bore through the honeycomb pockets. Expanding them, boring tunnels, walkways, walls all to their designs. The walls contained jackals, cobras, crocodiles, all to their beliefs and spiritual thoughts.

One tomb contained a 6-8 ton granite stone that came from Aswan one hundred fifty miles away. The transfer of this stone became a feat in itself. Finally after weeks they had to cut the stone to fit in the tunnel. Pharaohs Valley of the Kings becomes a great find for all that is contained. Recently teams have x-rayed the tombs and have made a 30 film where one can view the inside of the mountainside. X-rays of the pyramid have been attempted and they give out a different reading each time. No writings of desecration were found.

Ramses II and his son Khaemwese removed many of the flat stones, the Turks were also part of the removal for their edifices Khaemwese studied the pyramid trying to gain entrance looking for treasures. Here again allows us that no one could gain entrance until the ninth century. When a group of men continued over nine years chiseling a small hole when finally broke through no treasures were found unlike at the Valley of the Kings where the treasures of the Pharaohs were discovered.

In 1963 a Swedish team of engineers decided to save Ramses II the Royal Family that contained four forms of bodies seated carved out of the mountain side. This again exploits their knowledge of building skills and comes together with Valley of the Kings for now you have similar mans knowledge co-existing of gthe time .where with the pyramid that knowledge was never allowed to be known or duplicated was never allowed to be known or duplicated. The feat could not be the Egyptians or modern wisdom will also fall short of the perfection.

Quote from Reader's Digest

Napoleon when in Egypt was told that if the stones were cut in one-foot squares one could surround all of France with a 10-foot wall.

Mans thoughts and knowledge here is another theory by man and his thoughts. The construction in photos allows us that smaller pyramids could be build with this concept for mini structures.

# ORIGINAL

Here the weight of the stones and this construction concept does not allow the inner structure to be hollow.

Ramses you can see the mountain side that the Egyptians chose same thoughts with Valley of the Kings. They did not consider about star placements on either structure.

The British Museum in London

Department on Egyptian artifacts have contained for years the excavation findings of various pyramids by numerous Pharaohs. Just recently they have decoded some of the artifacts that have been in their position for some time. Now in all the various pyramids the excavation artifacts examined and decoded. Acknowledged that their construction structures were built after the main pyramids, these structures contained hieroglyphics and the Seal of Pharaoh, corresponding to the linkage of the Pharaohs.

As you have read Imhotep built the first Step Pyramid wanting to emulate what lay before his eyes. All the excavations they unveiled the smaller pyramids surrounded the main pyramids up to a quarter mile away. Their thoughts of the time were to carve out a tomb in the rocky ground for burials. From this point they erected small Mastabas on top. In these structures they constructed courtyards, burial temples all surrounded by a wall.

Few Pharaohs that followed attempted to erect a pyramid without success in trial and error. After their failure attempts their thoughts were to structure smaller, square like mini pyramids that they could control the weight and balance from collapsing. Ones thoughts must e considered in erecting such precise pyramids. In the early dynasties, Pharaohs architects contained such knowledge where did that vaporize to? For the many mini pyramids that were structured after were not even close to what laid before them.

Would not what was accomplished before be made known with some similarity and consistency? Would Pharaoh not match the greatness that lay before their eyes? Their thoughts were to claim that greatness by placing their names outside of the main pyramids. For one must take into account that the structures were impregnable.

The sheer grandeur inside and outside of the pyramids contain mathematics, geometry, geography, astronomy, the mystical genius of architecture that remains unknown to human kind. Mother spirited earth unleashing all her earthy spirits of aging also could not falter the structure. For the pyramids are a seal of endurance, perseverance by the divine hand.

## Preface to the Master Builder

God called out to one of the seven stars today a great vision will be bestowed. Transcend to all my sons of light that upon the earth a great monument will stand today like no other. Call upon my child Enoch and tell him that his God has chosen a vision that will be made known this very day. In the words of Enoch I awakened by a very bright light. From the light a form began to manifest. Calling out my name, Enoch do not be afraid. Today our God has chose you to join me a great vision will be made known.

The messenger of great light touched my hand at that moment we appeared above a plain desert. I spoke out why have I been chosen? The messenger spoke allow patience for all will be made known. Enoch look below, for the vision is upon us. I looked down upon the plain desert.

## The Master Builder

Job 38:4-7

*“Where was thou when I laid the foundations of the earth? Declare if you hast understanding, who laid the measures there of if thou knowest or who stretched the line upon it where upon are the foundations there of fastened; who laid the corner stone thereof.”*

Isaiah 19:1-9

*“In that day here will be an altar to the Lord in the heart of Egypt and a monument to the Lord at its border; it will be a sign and witness to the Lord Almighty in the Land of Egypt. “*

God called to one of the seven stars today a great vision will be given. Call upon my prophet Enoch, transcend to him today a great vision we be known. In the worlds of Enoch I awakened by a glowing light upon me. At this moment I felt that I must be dreaming. The light became larger a form hat of a man began to manifest dressed in a whit rope sprinkled with gold. My thoughts at this time were being afraid until the man called out my name. Enoch be not afraid for our God has sent thy messenger. Today you have been chosen to see a great vision upon the earth. Come now for they are to start.

The messenger took my hand at that moment we were placed upon a white cloud. I asked, what am I to see? The messenger spoke allow yourself today patience and all will be made known in time. For look what is upon us. Below the plain desert, six men appeared. They were caring a large rod stick. They took the rod stick piercing the plain desert.

Hence a great trembling eruption began upon thy desert. A massive stone started to rise up from under the sand. To my eyes it appeared of a very strange shape. Surrounding the massive flat stone appeared to be valleys from my count twelve valleys containing an array of formations and stones varying in colors and sizes.

The first valley contained jasper stones

The second valley contained sapphire stones

# ORIGINAL

The third valley contained chalcedony stones  
The fourth valley contained emerald stones  
The fifth valley contained sardonyx stones  
The sixth valley contained carnelian stones  
The seventh valley contained chrysolite stones  
The eighth valley contained beryl stones  
The ninth valley contained topaz stones  
The tenth valley contained chrysoprase stones  
The eleventh valley contained hyacinth stones  
The twelfth valley contained amethyst stones

The messenger spoke out, look upon the whit flat stone. Six men raised the rod stick commenced cutting an odd shape piece from the flat stone. For now two stones were to be looked upon the large flat stone and the new cut hollow piece of stone. The men called out, “we need help.” I spoke out, “to whom are they calling for help?” The messenger spoke, “look what is upon us?”

At that moment a large light appeared the light dispersed dividing into smaller lights. I counted twelve that came to be forms. They too manifested like before, twelve angels with glorious wings. All twelve began lifting the new hollow stone. The stone began to illuminate, one like myself, could not look directly with the eyes.

My mind of thoughts became confused. I spoke out to the messenger. What are these two stones to do with me? The messenger spoke, do not burden yourself for understanding will be given. For now the vision is upon us. The six men called out and they appeared numerous ones such as themselves.

Today we are to build upon the flat stone; the twelve angels started singing. They told the men to clean the stone and prepare it. The six men called out to the angels take the rod stick go beyond the twelve valleys pierce the plain desert with thy rod. The angels departed holding the rod stick they pierced the desert floor. The same trembling sound as before, one could hear from above.

The desert sand began to swirl into a massive funnel of sand. When the angels lifted the rod stick the funnel of sand was gone. There laid beneath a deep cavern of stones. The six men called out to the angels descending into the cavern and bringing ten stones. The angels after a time, ascended with ten large stones. The six men called out, all stones must pass through the new cut stones. One by one the angels passed the stones giving them to the men. For they began to build twenty four stones were called out to the angels. They were to pass in the same manner.

The angels were very busy, departing and arriving with the passing of the stones. Thirty five stones were called out to the angels. All were laboring and singing again they called out forty-five stones. After a time one could see the rows of stones were cut and fitted into the flat stone

forming a foundation. The six men called out for all to cease laboring. At this moment I turned to the messenger, are they done? The messenger spoke, Enoch you have always contained fine virtues though patience you still need to attain. For look what is upon us?

The six men called out again to the angels, go to the twelve valleys and bring unto us more stones for there is much work to be done today. The angels departed to collect the stones from the varied valleys. On arriving carrying the stones one could see these stones contained an array of beautiful colors. They too passed in the same manner as before. This time something very different occurred. For the men cut and fitted the stones each of the stones that contained their radiant colors took on a white color losing the radiance of which they contained. The laboring continued for there were numerous stones to be fitted.

Now the six men called out for all to cease. I asked the messenger, “Why have they stopped building?” The messenger spoke, “The structure has not been completed.” For now the stones must be examined that have been fitted. Look what is upon us. Out of the clouds twenty-five men appeared one was surrounded by the others. The one was much taller in stature. He started tapping the stones with the rod stick. Upon tapping the stones one instantly could see certain stones turned black. The man of stature called out to the six men, these stones have been rejected.

Take all rejected stones and replace them. Place some to the sides of the walls and place the others inside forming two rows. The rest scatter throughout the earth. Take the rod stick. Go to the belly of the rock cavern and pierce it. At once the twelve angels departed. They pierced the belly floor. While the twelve angels were ascending rushing water followed them forming a large body of water. The reflections of water could be seen throughout the desert. At this time I turned to the messenger, “You know my thoughts?” Yes, Enoch. Though the wonders have their purpose look what is upon us.

The man of stature called out, now enter the water and bring thy stones to replace those rejected. All were laboring passing the stones. The men cutting and fitting from now all stones from the water had been done. We now are ready to give the outside a sealed finish. I heard 144,000 stones will be needed. The man of the stature called out to the twelve angels take the rod stick go to the body of water and pierce the surface. The twelve angels departed piercing the surface of water. Upon the touch, instantly the water began a cracking sound for the water started to crystallize forming numerous flat like stones. Each of the angels begin arriving with the stones. Passing them in the same manner all the men placed the flat stones on the outside sealing the structure.

Once this was done the man of stature called out to all, stand back and look upon what we have built upon the earth all began rejoicing in song. The messenger turned to me, though have

nothing to say. I stood without a word looking upon the structure. It appeared as a white pillar glistening in all directions as if it had fallen from the heavens. At this moment I spoke out, “Messenger, why have all left from laboring? For surely can see a capstone is needed?”

The messenger spoke out, Enoch this is your time ask of me whatever you desire to know. We descended upon the desert floor when my feet touched the sand. The massive pillar structure lost its brilliance taking on the color of the desert. Immediately I spoke out, messenger how can this be for this pillar of stone, my father gave me at my birth? The messenger spoke, yes, Enoch, that is the very reason you were chosen to take you back in time for the vision would allow you what you needed.

Messenger, I have many questions.

Yourself, messenger to start?

Enoch, I am one of the seven stars. We are arch angels who serve as guardians to serve our Lord thy God. We preside over the seven churches on the physical earth.

Who are the six men?

They are my fellow archangels who preside carrying the rod stick upon the earth. We are called upon to do his bidding when a nation or person turns from the delights of the physical world. We cannot intervene to do spiritual battle with the unholy thought once they turn to choose freely two battles are ignited.

The first (The Netherworld)

They are humankind that have given themselves freely to take on the traits and deeds doing the bidding of the casted fallen.

Tell of the massive flat stone that become two.

The large stone that arose represents our God creator of all things God dispersed his essence in all seen and unseen. The smaller stone that became hollow represents the Son, Lord Jesus. God gave his son to all. He is the key to the kingdom to come.

All who enter must be made worthy through purification. For no one enters without the Son, Lord Jesus. By human kind choosing to light their holy spirit they awaken to start their eternal live journey.

## Why the twelve valleys?

They are the twelve nations from their seeds will be the foundation of the physical world. Though all are different in colors, sizes, and tongues they are of one spirit. For our God knows his children. For God has made known the purpose of the twelve generations will continue. Every nation will have their tribulations which they bring on to themselves. Everyone will be accounted for.

## Why the ten stones?

They are the solid foundation for the nations for one does not build a foundation on pure sand. Ten simple laws to live, by given to the twelve nations. They are necessary for a society to prosper entrusted by all. Religious and moral thoughts working together to be built upon, the two cannot be divided for one can see clearly when a nation people go their own way.

## What of the twenty four stones?

They are also part of the foundation; twelve tribes and twelve apostles who built on the rock of the word of our Lord thy God. They are the twenty four thrones who surround our God; twenty four elders who endured living in the physical world with God on their lips, mind, and soul. They fortified their hearts to allow their perseverance of the word to be known to the world. They have been given the kingdoms for turning their eyes to awaken.

## And the forty-five stones?

They are the foundation of the many saints that each generation will be given their spiritual seeds will too go out building great things by faith. These seeds chose freely to illuminate their spirit power which is given to all. Some will build monasteries, convents, churches, spreading the good news. Others will build in helping the starving, the needy. Some will build charities of every kind. Each seed will multiply bearing much fruits. The word journey will travel from a minute group to conquer empires and will cover the world. Who can impede, they will be done.

## What of the forty five stones?

They represent forty five apostles, few before the twelve and they who followed. All apostles were given the seal for the foundation. They who received the power to prepare the way look upon the world. How many children of God have come from those seeds from the foundation? Having turned their eyes to speak the essence of spirit and having placed Lord thy God in their hearts, souls. Have thoughts of love and faith. The word traveled from a small group to conquer empires and will cover the world. All knees will bend.

# ORIGINAL

Tell me of the Man of Stature, the twelve angels, the labors.

The Man of Stature is our Lord Jesus. The twelve angels are all the tiers of angels. The labors were the guardian angels. Each has their guardian angel they convey when one calls out to accept their spirit. Asking, seeking, knocking.

Why did some stones turn black?

They were the stones rejected by Jesus the son. The stones put to the sides are the people who have heard the word of our God and were joyful until the deceiver offered them the pleasures of the physical world. Some will return, others love their ways much more. The stones placed inside heard the word and separated themselves from the beliefs. After a time, some will return and awaken to endure to the end of their life journey. The scattered stones heard the word for a short time. They turn to pursue their achievements without sharing the same. They disguise their faith.

The stones from the water

For one who dies in the physical world lives to rise, they are the people who have faith on their lips. They have allowed the deceiver of spiritual abuse to come upon them spiritually abusing their thoughts to become somber in spirit. In order to rise in spirit they must descend into water, ascending reborn of Spirit.

Tell of the 144,000 flat stones that became crystallized

There are the ones who have been marked with the seal. 144,000 Israelites who lived and devoted themselves, they sacrificed, humbles, helping in living as teachers, ministers to the people. For they knew that the enemy we battle is not each other but the deceivers.

Rev. 14:3

No one could learn the song except the 144,000 who have been redeemed from the earth.

Why after all that labor a capstone was not laid?

Enoch, there is coming a time upon the earth that each nation of what they illuminated will be made known and will be accounted for their thoughts. In that journey of turning and stretching and helping on another the nations who only thought of war and self thoughts for they allowed their leaders to do their deeds. The signs have been given for the people who paid no heed to these very signs. The capstone will be fitted.

Messenger speaks

Enoch, you were bestowed the vision for God wanted you to know all that you have seen. For your time in the physical world is measure in days. Enoch, go now and tell loved ones only of what you have seen today that our God wants you to join him. Take the time to say goodbye for now. When you are ready to return, place your hands upon the stone.

## The Nations

Will the sun set for one more day for every nation. We have gained nothing in wisdom and knowledge from our past deeds. Each nation contains their history of what they illuminate and one can trace their past and present from here on all steps will be known and accountable. A window to the past has always been bestowed to all to guide our steps to learn and take to heart.

The original twelve nations were sent out unto the planet they left in one spirit though over time they separated to fall to their own thoughts. The nations, leaders, people who have separated choosing to partake in exterminating starving, persecuting, ethnic cleansing their fellow human kind. They send their armies and terrorists to do battle for their purpose. Their thoughts of conceiving to do evil in every decade whether it is one spirit or millions of humans will be found to stand for their decisions that have been told plainly.

A window is open till 2012 which will be a year of many tribulations. One can see the writing on the wall: fuel, shortages of every kind, housing markets, millions of people losing jobs and homes. Commodities of every sort will rise. Oil, nations stopping their outputs to raise prices holding on to what they have much. All nations can help if we turn to awaken. Turning our thoughts of one nation helping another nation.

One can see already which nations are going to help and the nations that will hold on to their surplus. Few will reach out forcing their thought to take but take and force they surely will. The nations who will rise to help each other will be made known.

### Brazil

The sun has arisen high for Brazil in the world. By the year 2012 Brazil will amass to an economic super power. All the super powers will have to move over a notch. Sao Paulo, one of the largest cities in the world contains one of the largest exporting ports - a commercial Mecca peaking by the day. Brazil ranks fifth worldwide in both area and population and is given a gift the world's largest tropical rain forests, one of nature's wonders of the world - by coincidence or purpose? The Great Amazon also runs through this vast tropical rain forest. Humans now have intruded nature's great wonders on their path to become a super power. Deforesting: what was given to be entrusted to all nation's.

Brazil bestowed the most fertile farmlands and lush grazing areas in the world. A land of milk and honey; its treasures are growing so rapidly the Brazilian people bursting with fruits. Rich in

# ORIGINAL

natural resources have created a country that economic super power thoughts are inevitable. Brazil is the largest coffee, tobacco, timber and beef producers on the planet with a variety of agricultural goods from bananas, cocoa beans, corn, soybeans, nuts, whatever they stick in the ground.

## **Sugar Cane Plants**

In 1970's Brazil awoken to the high cost of imported oil from the Middle East. Their thoughts were to develop a program that would free them from the strangle hold the Middle East possesses. Brazil developed a program that surpassed their dreams, sugar cane plants have turned into black gold. Ethanol fuel are on the lips and thoughts.

They have constructed and amassed distilleries turning out the world's greatest amount of ethanol fuel. There are thirty five thousand gas stations in Brazil. A gallon of ethanol averages \$2.00/gallon. The rest of their pumps contain 25% - 30% ethanol added. Just by planning ahead planting sugar cane crops, not corn. Brazil is not only the Mecca of ethanol they're able to export to the world.

Brazil contains five million cars fueled with ethanol, air, water and crops are not compromised. China and the rest of the world can take to heart and learn something. In China's pursuit to become a super power they have compromised the air, water, food crops, manufacturing factories are toxic in all they do. The Chinese depend on the world to feed their nation. They have been buying from Brazil everything they can.

Brazil leads in steel production, auto manufacturing their assembling airplanes, ranked number three behind Boeing, Airbus which will be changed at the pace they are setting. The president of Brazil (when a boy) shined shoes for money. He has assembled a government to change Brazil, to enlarge the middle class and help the lives of the people living in the slums for decades.

For years, landowner, executives, government leaders, and elite cartel kept the fruits of treasures. Now those treasures must be shared for Brazil to prosper. In taking a giant step to become an economic super power they have deforested the Great Rain Forest. Brazil can still prosper thought they must stop deforesting anymore of the rain forest. What land they have cleared are more than suffice their giant steps. Brazil is a major branch in Christian-Catholic. The Brazilian people must take to heart what happens to a nation that forgets their God and lives to fun for a material world. My hope is that Brazil becomes a Mecca of Prayer along their journey to becoming a world power. God knows his Brazilians that will rise.

America – Your Nation

# ORIGINAL

Will the sun rise one more day? America is escalating allowing our nation to be contained. The window can be held open for only a certain time. All our problems and solutions have gone beyond our thinking capabilities. The illusion that all will pass a phase transcends an absolute deception. Our wisdom and knowledge has become meaningless. We have allowed ourselves to fall. God bestowed America to be a Christian nation to rise like no other – for a purpose. To stretch our arms in hope, faith, love to the world. Nations who fell to despair need a helping hand. This country was formed by the divine hand for his purpose and ours. Wake Up.

Today we have turned our backs on our Creator. He who bestowed our nation to rise to greatness among the nations, this gift was not by coincidence for this very gift allowed you to have what you have. All that came of being an America.

We have allowed ourselves to turn to our delights like the past empires devouring our own like mere jackals. The streets are filled with drugs, greed, lust, murder, conceiving for tomorrow in all we do. Leaders are acting without listening to the cries and moaning of the people's needs. Government corruption influences are at every level. Our officials take on Godly traits. What can it be that causes human kind to reside in their thoughts to freely destroying each other? America will we awaken after 9/11 we have sparked for seven days then we fell back to let our leaders solve the problems forgetting we are one and the same. We call ourselves proud Americans – well now prove it. For this is our time. Can you understand? Can you do what is needed? Can you sacrifice? For it will be called upon all. Can you humble yourself? Can you take that pride and apply it to spiritual energy to generate what can be done?

The battle for your nation is upon all and the stench has begun to rise in the air. We must start today, everyone is accountable, leaders, government officials, and ourselves. All must know we are aware and the deceits will not be acceptable. Send faxes, text messages, telephone calls, email, letters whatever calls out. Join others forming groups calling senators, governors, etc. speak to US Representative, speak out. We have allowed our government leaders to lead us into mass economic debts. Terrorists have us bogged down for their purpose, their disguises and debts. Bring our brave soldiers home, helping here at home. Soldiers must be cared for Medical needs. Veterans Administration (VA) hospitals do not have the resources, Iraq Vets, already homeless, drug abuse, suicides, problem of unemployment. America is being lost American thoughts have been busy enjoying every freedom bestowed to us.

Taking every drug that is placed in front of our eyes, illegal – legal. We have become immune in becoming the party nation. Hanging loose hangs on our thoughts that succumb our delights in all we do. Meanwhile our cities have become battle grounds. The real war is upon amassing every year we're so confused with the deflections we did not see it coming. We're out fighting a war aiding our haters when the nation – Christian nations – battle is being played out. We spend 1.8 million dollars per minute going to war weapons when we have stock piles to blow the world up

100 times over. Our educational system is being destroyed. Teachers by the thousands put out schools closed. Representatives calling out we need the money for fixing bridges and roads. We cannot afford to give funds to the schools. What thinking is this? One billion dollars every year on wars and weapons

Government officials spend their time and millions every year on little deceits. Holding hands with judges prosecuting a few athletes for hormones. While other fighting dogs at his house. They could have paid fines and built an animal shelter for the deeds, etc. while generations of our children are dying and killing each other , taking down their family and loved ones. We are unable to think of changing our thoughts when left to our own thinking. Awaken for a divine intervention is to be called upon. None believers.

Cost of war \$2-3 trillion dollars when all is said and done.

exactly what the world hater count on. Modern warfare with united forces that strike and leave to strike again asking the people in that nation to give up their leaders who care not for the people.

## Russian

Nations of wars with past deeds even upon their own. To Russia with love to live or let die! Will the sun set one more day for Russia and all the Russian people? Russian leaders have been busy bears selling everything and anything from their massive arsenals from missiles to plutonium – whatever they have. And the merry suspects the Arab nations have been their prime buyers. Since the great wall that fell thought now with all their oil and diamond mines they are back to being a super power. America has welcomed the Russian invasion to our country thousands upon thousands welcomed with open arms. The Russian people are hard working people. Now will Russian rise back to power be good for the world?

A sign for Russia to help their nation to prosperity is to finally stretch their arms to the world to partake as peacekeepers. Will Russia's new prosperity be all in vain? Allowing the Russian army to be purchased to go out and perform their old deeds. The Christian nations have embraced the Russian People this is their moment in time to embrace the world. Why is Russia that's so massive in size after so many centuries? Their population is only 143 million people. Their traits and thoughts must turn to allow the Russian people to live, not die. God knows his Russians that will rise.

## China

A nation rushing to becoming worldly consumers – China the sleeping giant what have they awakened to? Will the sun rise one more day for China for they surely have the power and the money to lead in the 21<sup>st</sup> century? Though China will have to call upon the nations to provide all resources to feed their people. Will China rise like a nation that stretches their arms to do right around the world. After all these years can they change their traits and deeds? To understand the gifts bestowed upon them. America and the nations have stretched their open arms to China, made in China, has become a symbol in America and the nations. Can China allow themselves in their thoughts to become peacekeepers or will their rise be in vain. China in their path to prosperity are adding 14,000 cars per day to their highways. In just a short span their Interstate Highways have doubled and continue to spread. Their thoughts now are to run to the world becoming consumer customers what they see the must possess. Though in the giant race to live, their polluting their air, water, food crops, expanding toxic manufacturing factories. No concern of what they have brought upon themselves. Will their visions of gathering earthly possessions be a sign of prosperity? Was China better off in their past riding bikes allowing humbleness in their thoughts of life? The Chinese people of the 21<sup>st</sup> century will have to return to their humble spirits to overcome. God knows his Chinese that will illuminate thoughts of love and peace.

Mexico

The sun has set in Mexico one more day will it rise? The Mexican people must awaken to rise for their nation to continue to stay somber allowing their leaders to keep the same path with no visions of prosperity. Mexico a great Christian nation by purpose has allowed their people to turn their eyes away from God.

Mexico sits on one of the richest oil supplies enough to allow a middle class to rise to lift up the people not to keep them down. Pemex Oil Company has again deviated in their deeds Pemex provides 42% of Mexico's government revenues. Mexican politicians and executives must mend their conceived errors of deceits Pemex has disguised their wasteful spending in all they do. New oil explorations have been ready to move on though the deflections are told to the people. In their greed they have stopped prosperity in jobs, factories, hospitals, education centers, fish farms, solar factories, all endeavors.

The Mexican people must stand together against the elite cartels and government officials. For both groups prefer no changes of any kind. The people must stand with their president to close down the pestilence of drugs that has fallen upon the nations.

Hundreds of drug factories infesting the cities must be destroyed. Marshall Law may have to be enforced and necessary for a time. America will always embrace the Mexicans and have stretched out our open arms time after time. Millions have become American citizens. Now this is Mexico's time to embrace the laws of working together so both nations have mutual understanding. Will the Mexican Christians call out and turn to what is needed. For surely then it will be given. God knows the Mexican people that will rise.

India

The sun has set on India one more day. Gifts have been bestowed to India. India with all their many people have been busy to bring prosperity. India has done very well looking ahead and taking the steps to move the nation into the 21<sup>st</sup> century. The nation has taken the government and private sectors combing them to prosper in all their endeavors the world could learn something by working united to accomplish much. Our Christian nations once contained this gift.

India gets an idea and they are making good. They are building and working for progress not what a few will receive out of deceived thoughts for one allows wisdom for all. One entrepreneur

developed a truck that sells for \$5,000 dollars. A car that sells for \$2,500 dollars now the two are inventions that are humble to the need of the nation their thoughts are to modernize their trains, allowing mass transit to travel throughout the nation fish farms, new water supplies, innovations in farming. Now if solar power centers can be amassed they can turn their thoughts from nuclear power plants. This is India's time to do right and respect and love all people and faiths for we are all human beings. God knows his children that illuminate love and peace.

## Arab Nations

The Arab Nations have been bestowed great gifts for many decades. What have the leaders done with their gifts? Their thirst has been to amass consuming all the mass of destruction weapons. Name it for they surely have purchased all for their purpose. Such a waste of gifts bestowed unto the Arab nations. the Arab nations traits and deed have not changed even unto this day. Allowing the world again what emulates of their thoughts. Name an Arab nation and they have allowed each leader to keep the fruits of the nation in reaching the people. Thoughts are a perfect example of a leader, preventing any changes of prosperity preferring to isolate the nation for their self prosperity. The Saudis Arabs are another prime example their concern is to spend billions on rock stones.

Building oases out into the ocean combine with a mirage city. Dubai is prospering like never before the money is kept sheik to sheik, the sheiks, families, friends who can purchase a million dollar oasis. The thought of helping and feeding the people by stretching their arms to their own has become a great mirage in itself. The Saudis Arabs and sister oil company's thoughts are emulating by holding the nation's oil hostages, the very same nations that have paid billions upon billions to allow their prosperity. A fair price no longer satisfies their thirst. Though purchasing US assets and around the planet are at an all time spending spree. Saudi Arabia plays a key role at home and around the planet promoting Islam. Saudi money treasures have built new mosques around the planet influencing their thoughts of religion as a deflection.

For the many can see where the money has been stored, King Abdullah as head transcending his thoughts to the Muslim world "we are a great kingdom and nation not because of our oil, we are great because of our religion". Saudis Arabs ban non-Muslim churches on their oasis to allow any other faiths is a choora – unclean. Muslims thoughts to execute any family member who chooses to change their religion what thoughts are they receiving where have all the good Muslims gone. If the Muslim religion is great as King Abdullah states then way kill their own and others for not complying. Is it not charities of every kind that form a great religion helping and lifting the people when despair falls on the people?

## The Manna of Charities

The traits and deeds of charities that have transcended can be traced back to an age that Christian faiths that have always risen in giving aide where needed. America has always been at the forefront stretching out our arms to the nations that have fallen to despair of all kinds. This very gift allowed Christian nations to rise not by coincidence keeping the people cared for not expecting anything in return. Christian charities have circled the planet with their gifts of hope, faith and love.

Their illumination in helping is like no other here in our homeland one can name a charity and it will be done and has been done by the people, for the people. Example: a little girl of ten years travels to a foreign country seeing children without shoes. She cannot understand the whys. This child now has thoughts of rising gathering thousands of funds to purchase shoes. She goes out to her community and the people donate for the cause.

A famous movie star who has left us is still giving. He created an Italian sauce that became a household name. Every year his thoughts were to donate millions of dollars to charities. This man was not only a super star in the movies his life journey was to reach out to a world that needed help. Today foundations receive funds every year going where needed. The hole in the wall camps for seriously ill children illuminates from his deeds. Example: Mrs. Melinda Gates has taken on a great feat. Their thoughts are to stretch around the planet to help save thousands of children from starving. They will be giving billions of dollars that will be needed to accomplish so much. The feeding of the body is a great deed for those of you who could help spiritually/physically would be appreciated. Manna for the body and mind has always illuminated the power of giving are hopes and prayers go out to them to achieve great things.

Matthew 25: 35-40

*“For I was hungry and you gave me food I was thirsty and you gave me drink a stranger and you welcomed me and the King will say to them in reply, Amen I say to you whatever you did for one of these least brothers of mine you did for me. “*

Noble peace prize advocate for children’s rights Betty Williams. Betty has been stretching out her arms since 1976, in the streets of Belfast, Northern Ireland. She is the founder of World Centers of compassion for children. Betty Williams never stops illuminating her thoughts of love and peace. individuals, nations, governments to promote peace. Her life journey has been to help where needed.

Mother Teresa

Started her life journey in one room building teaching children to read and write the walls and dirt floors were her chalk board. Her teaching and feeding the children always encompassed of the Manna-Body-Mind was one spirit. One would not be taught without the other during her life journey she did great things 80 schools, 70 institutions caring for the dying, 30 centers caring for orphanages 40,000 members all over the world. A small woman who became larger than life Mother Teresa asked, sought, and knocked, with all her strength. God knows his children in every nation what their thinking from an innocent little girl to the richest woman in the world. Their life journeys with others have always been in motion in every age illuminating the celestial plan. Are you part of the plan?

## Signs on the Wall

Israel: the people have been returning to Israel from the nations the rains and vegetation have also returned in abundance.

Jerusalem Holy City: King Solomon was best known for the measurements of building the Holy Temple. A leader will have thoughts of contributing the funds necessary to rebuild the temple this prophecy will mark Daniels prophecy of the great abomination.

Daniel: Human kind knowledge increased. Today modern technology is leaping off of the charts in every facet, transcending every two and a half years.

The New Land: America, military power will be conceived to take their power against barbarian nations the steps have been taken.

Human kind: one-third of the world's population has become veiled will continue their journey.

Russia: the Nashti Russian Army, a smaller nation will deceive Russia offering to purchase their military for their purpose will the Russian people allow this?

China: a leader will arise; he will lack patience and wisdom. His thoughts will be to amass an army that the world has never seen. The Chinese must not be deflected.

Sunday: a day of worldly prayer once a year has come to light. US leader will announce every Sunday that all must pray and rest on this day. Other nations will follow.

## Conclusion

History has allowed all that takes place when a nations people turn and forget their creator Lord thy God. Whatever you decide take to heart your destiny and ramifications of your thoughts. For the many who are returning to your spiritual path. For you taking new steps seek to find your way. God has made it plain and easy. Putting burdens have been humankinds thoughts enjoy your special life journey bestowed to you.

Mark 13:13

*“He said but take heed, see I have told you all things before hand.”*

Hebrew 11:1

*“Faith is the realization of what is hoped for and evidence of things not seen”*

This very gift of thought has tied up human kind over the ages. For one tightens their own knot by thinking that their theories of life is how the world turns. They will not understand or accept blind faith taken on by their fellow humans. Though one thing stands out with certainty, Christians began with a small group of people.

Soon after Christians were being gathered up by the Roman Empire. For their thoughts did not comply with the thoughts of Rome. Rome’s thoughts now were to exterminate the Christians by all means, torture, lions, gladiators, whatever their delights called out. Years later worldly Rome transcended over to Christianity the world has followed. Lord thy God has his purposes and absolutes which we have faith in all his deeds.

Christianity covered the ancient world and today stands without being haltered. Thought the attempts and thoughts are always there all efforts fall to be grounded. The power between love and evil are upon us one more time. Today we are facing changes of harmony around the globe. The nations who have had much and the nations who are not satisfied with their portions change which we the nations have allowed to come upon us. One can see plainly that we cannot continue down this path. The signs have been given illuminating on the wall of life for all nations to take heed. Disbelief in facing these changes of harmony is exactly what the powers and principalities expect from you.

The Great Celestial illumination has been in motion since our dawn. Transcending steps have been taken to manifest from 2012 on bringing on multitudes of people becoming Christians unlike anything we have experienced.

In reading the Power Between Love and Evil, I hope your heart was ignited and you have been generated to share your spiritual-physical gifts.

I love you all-

## Preview to The New World Order Unveiled

Numerous books have been written predicting of a time 15-20 years in our future. The New World Order (NWO) will rise invoking their various agendas. Since 1914, the New World Order commences amassing their steps. For evil always plant their seeds ahead of time so that when they conceive, disguise their agendas they are not made seen. Should we be surprised and amazed? Once the seeds start to blossom they start devouring, destroying with a stench rising into the air. Presently the NOW is being played out on our societies, our life journey clothing itself in all nations. The assaults have been numerous and have covered every aspect of our lives. Every agenda has become a stumbling block. History repeats itself for those who have no concerns of the spiritual realm relying only on their choices their own self absorbed thoughts of how things in the world transcend.

Paying no heed to the signs gifts that have been bestowed the Power Between Love and Evil is a spiritual and physical battle.

Ephesians 6:12

*“For our struggle is not with flesh and blood but with the principalities, with the powers with the world leaders of this present darkness with the evil spirits in the heavens – Netherworld.”*

Phase I – Leader of Every Kind

Those who are placed in high nest of running the government nations, the self made leader who has taken his high nest office by enforcing his army; to ascend himself to authority by forcing his will and thoughts for the nation. Many leaders who have been elected to their high offices of authority thought both paths taken are different they become one spirit after a time. Again those who know not to ask, seek, knock relying on their own thoughts become dead never to rise.

John 11:14

*“The dead there force are experiencing neither bliss nor torment but are sleeping in death awaiting a resurrection.”*

Those who are dead pretend they have life, they have no discernment concerns.

Phase II

# ORIGINAL

Laws and decrees, of every kind are invoking New World Order agendas. The amassing assaults on the laws, amendments, judgments, rulings whatever can be done will be done. The agenda assaults on the Christian nations has been relentless the stepping and changing of our moral ethics, our civil laws divided they cause toxic pestilence combined they cannot be shaken.

Every day we see laws enacted, amended, etc. To suit not the people but the special agendas of the New World Order by the same representatives we have voted into their high offices of government. Who, what, why is behind the scenes of signing away on all acts, bills, laws that are obviously destroying the Christian traditions.

## Phase III

Leaders, though they have sight have become blind. They see not in conceiving the agendas of evil they have taken on. One small sector: though it amasses great destruction assaulted high office. Judges from the highest courts in the land to the smallest court room, one's self agenda, special group agendas judges everyday and their fellow dream teams all becoming the assassin accomplices. All, when asked, we are just doing our jobs partaking in invoking the New World Order; one decree of thousands upon thousands, just doing my job.

## Decree

Arizona – One judge made a ruling against a church telling the members not to help the poor in any way or form.

## Decree

Just recently 600 children were released, set free from youth prisons. What the government call legal youth teen detentions.

What transpired and was not make known till after the assault, judges and the dream team in conceiving by sending ten to seventeen year old youths to prison. The company that ran these prisons gave the judges rebates in dollar bags.

## Timothy 1:8

*“We know that the law is good provided that one uses it as law. “*

This kind of thinking has turned our law and freedoms upside down causing a pestilence to rise in the air. Judges and all that were working the court system just doing their jobs the assassin, assault and carnage has been done. Now take this deed and explode it into a massive agenda and it has transpired. The amassing of \$900 billion annually though not spoken of for covering up and disguising the deed are agendas that must be kept low keyed.

Phase IV

Judges, courts, senators, governors, state representatives, etc. all contributing their thoughts holding out their hand to sign the acts, decrees, rulings, amendments, etc.

In my new book we will trace each decade from 1914 to present telling of the New World Order Agendas.

## Introduction

My purpose for writing these short stories is to stimulate your thoughts. It is time to be aware of what takes place in the physical, spiritual, and worldly realms. Humankind is taking for granted our human existence and purpose. We have such grandeur of harmony to everything – by coincidence or on purpose? Who, what, and why is behind the power that transcends all, enabling the cosmos – our solar system, spirited Mother Earth, and ourselves to illuminate.

In reading the Power Between Love and Evil, one can transcend what occurred time after time, after time. From the creation of the morning stars, the Sons of Light, and the angels, to the mystery of what brought on the derision spirited battle then and the present battle still being played out by one-third of the angels who chose to ascend themselves to becoming the gods of this age.

No longer satisfied ministering over creation that our God placed on spirited Mother Earth for some time, they chose to create life such as the Nephilim, which were part of their conceived thoughts. Departing from their first purpose executing abominations, playing gods brought about them being cast out of the heavens.

Each angel God created contained a power that we cannot measure. God gave each what they would need to do his bidding. Numerous books have been written with their interpretation of what took place before our dawn. Ultimately, God dealt with them in a way only he could after allowing them time. God decided to place the fallen gods into darkness – the Netherworld – awaiting their final judgment.

Lucifer was given what he claimed was rightfully his Mother Spirited Earth. From the realm of the Netherworld, their thoughts were still to descend on humankind evoking confusion and turmoil. Lucifer, as written in the book of Job, is still roaming and patrolling the Spirited Air to combine their godless evil thoughts.

In the same way a door of evil opens, our God opens two doors to the deceivers are double-minded. Since our dawn, the great enlightenment has been in motion, the great commission taken on by those chosen from our creation.

There are six billion humans on the planet today. Nearly 1.2 billion are Catholic. With 600 million of various Christian backgrounds combined, all together there are close to 2 billion Christians. That leaves four billion with 1.25 billion Muslims, combined with other various Hindus, Taoists, etc. In the years ahead, 2012 will ignite a great celestial illumination. Out of this illumination an additional two billion people of various beliefs will convert to Christianity. Humility, sacrifice, and wisdom will come to the children of God. The steps have been taken. This very illumination of the nations will be one that has never been seen before.

On October 20, 2009, one thousand leaders of the Anglican Church asked the Roman Council to consider them in enjoining Roman Catholicism. Their Anglican congregation amasses to 80 million.

Today we are at a threshold of our time that will never come around again. This time was foretold to come upon us. What is occurring in our nations, cities, and communities is prophecy coming to light containing all given signs that we need to know. Never in my life's journey did I envision living in the midst of prophecies. The presence before the dawn of humankind is upon the nations and they are not nice nor are they here on our behalf. Now you and your nation are in the midst.

My intent in writing the following short stories, and excerpts from the Bible, was to awaken your thoughts and light a spark of what has been given to all. Allowing yourselves and loved ones (saving grace) to rise in you in the hopes that I reach the multitudes that never lifted up a Bible or gave no thought to do so. For they have allowed their own hearts, and that of their loved ones, to be hardened. For many are too busy running to live to die.

The Bible is an ancient gift – a window to our world – written in words allowing all to know about ourselves and the ancestors that came before us. To read the Bible from beginning to end in counted days is meaningless. One must meditate to obtain and understand the parables, scriptures and the essence of the word. Only over time does one gain opened eyes.

God spoke in parables for his purpose to see who would take the time to rise in his essence. Our creator provides all the windows to open to our past, present, and tomorrows. Allowing his children to have hope, faith and love, God knows what we need before we ask it. Bestowing upon us the ability to see the unseen, made seen if we awaken in him. The book of knowledge to those not chosen translates into a fairy tale that has been veiled and puffed up into their own thoughts aided by the gods of this age. To the chosen, our creator knew which ones would turn their thoughts to him. For the chosen, saving grace will be bestowed.

Humankind was given uncountable gifts to live life's journey. In my short stories, one will read what has been bestowed. One great gift every person receives is free will which is a gift or common grace that begins at birth and will be with you until death. Free will, or choice, is a gift that is so misunderstood and taken for granted. For the power of love, an evil cannot be forced upon humankind. One chooses to do one or the other blindly, or with open eyes, over time.

Read on to learn why your choice takes on your being, chosen or not chosen. What occurred with our ancestors choices that came before us? For the window of life tells of both journeys, God speaks plainly and with purpose. The worldly problems today are signs of what we have allowed. The gods of this age are spiritually engaging freely with our participation at an intensifying pace that was foretold. Read what free choice you have taken on.

Enjoy the short stories.

## Dead Sea Scrolls

Jars of clay illuminating integrity to the ministry; God opens a window from the ancient world allowing time capsules of scrolls to be sent ahead to be revealed to the present world for his purpose and ours. In 1947, a Bedouin boy tosses a stone among the cliff ruins. The stone enters through a small opening causing a shattering noise on impact.

The young boy runs to tell his companions of the noise. Returning with companions, they climb down into the cave. They soon discovered clay jars and thousands of fragments lying before them. Treasures unveiled lay before them though they could not understand their meaning. Precious scroll fragments were revealed illuminating the integrity of the word. God foretells of the scrolls in the Book of Life cared for by men he chose to carry his knowledge to the world so that we, his children, could rise in his words. God is allowing his children to know the presence of the evil gods of this age. These gods veil and disguise the words of life, deflecting the truths from humankind.

II Corinthians 4: 1-6

*And even though our gospel is veiled it is veiled for those who are perishing. In whose case the gods of this age has blinded the minds of the Gospel of the glory of Christ who is the image of God.*

Jeremiah 32:14

*Thus says the Lord of hosts the God of Israel take these deeds both the sealed and the open deed of purchase and put them in an earthen jar so that they can be kept there a long time.*

This group of men was called Essenes Sect. Scribing the jars of clay, preparing their journey in time before anyone knew of their meaning and existence. Verifying the authenticity of their illumination, becoming the Dead Sea Scrolls, God gave them what they needed and what we would need touching their minds and spirits to write of his essence.

## Qumran Monastery

Two years after the first scrolls were found, an excavation team led by Father Vaux Gerald Harding and two Frenchmen descended on Qumran. They were chief archaeologists working for the Jordan Department of Antiquities. Examining the area where the scrolls were found, their thoughts and energy were to unearth more scrolls. After a time of disappointment, their diligence and energy paid off. Their discovery in 1952 unearthed thousands of manuscript fragments. This discovery surpassed any thoughts they started out with. They called in a group of various archaeological experts, each specializing in their field.

The American School of Oriental Research and various experts arrived to verify and allow all tests. Carbon dating was given, verifying that the fragments dated back close to 2,000 years. The men of Qumran Monastery were chosen. Their thought took them to a remote secluded

mountainside. It is said that one of the Essenes left to gather Jesus and John the Baptist when they were youths to bring them to Qumran for enlightenment. These men went out and built a great monastery. One building contained a roof top made of soft clay to be used to write what was transcended to them. Imagine these men who knew nothing of writing scrolls or knowledge of writing of any kind. Thus their thoughts of what to scribe matched what would be written 200 years later. This is a very spiritual gift and was given two hundred years before God sent his son Jesus to walk among us.

Other caves were unearthed totaling close to 800 scrolls. The Dead Sea Scrolls were written in Hebrew on leather and papyrus. One scroll contained the locations of treasures from the temple of Jerusalem. Another scroll contained the war of the Sons of Light against the sons of darkness, telling a descriptive plan of the final battle to take place. The Essenes sect was bestowed much knowledge transcending the mystery of the heavens and placement of the stars as well.

So next time one looks up at the sky in all its grandeur, there is a celestial purpose for the stars representing the beginning, present and what was foretold to be held. Now it is time to open the window of life, to step back in time learning of our ancestor's trials, tribulations and triumphs.

Additional men that our sovereign Lord thy God touched to write of his essence:

Esdras 14:24

*Prepare a large number of writing tablets and take with you these five men who can write fast.*

Esdras 14:25

*Then come here and I will light the lamp of understanding in your heart and it will not go out until you have finished what you are supposed to write.*

Esdras 14:44

*During the forty days, ninety-four books were written.*

Esdras 14:45

## Preface to Jonah

The story of Jonah is one we can all relate to for Jonah preferred to go his own way without taking life's consequences into consideration. Although Jonah is misdirected in his thought, he is soon re-directed by the divine hand. When the sailors are struggling to keep the ship afloat and their lives in danger, they each call out to their gods in vain, screaming "who has brought such a curse upon the ship?" The men of the ship decide over time to throw Jonah into the sea for they found out the curse was his doing.

What happens to the men is a divine awakening, not only for themselves but their loved ones as well. All that they will touch is transcended. Jonah is one of my favorite stories that I share in Youth Bible Study. Though the shortest story, Jonah is powerful and allows many to see that we must rise to do right in our life journey.

Once Jonah awakens he found that his life journey was so much more than about himself. Saving a city and all that encompassed Nineveh. There are many great stories such as Jonah in the Bible telling of our past generations that came before us. The stories are true and the excavations have been found to reveal their existence. Enjoy Jonah.

## Jonah

The Lord comes to Jonah "Go preach in the city of Nineveh for they have turned their eyes to wickedness." Jonah decided to go his own way caring not to help in Nineveh, to do the work of our Lord. Jonah embarks on a ship to Tarshish which was in the opposite direction from which he was told to go. One may hide paying no mind to our Lord in their life journey. Many have surely done so until they fall.

Jonah's ship started to break up from the pounding of the waves and wind only becoming more treacherous. All the sailors were afraid. Meanwhile, as Jonah lay below deck sleeping without a care, Jonah knew something that the sailors were not aware of. The men were yelling, chanting and praying each to their gods. Though, like many, they did not know their prayers were in vain for there is only one God.

The captain found Jonah sleeping below deck. "What are you doing, for we are about to lose the ship?" Jonah told the Captain and the crew, "Throw me into the sea for my God has brought this on all." The men kept fighting, trying to reach land. Their thoughts were still in unbelief that the divine hand was at work. Finally they called out, "we must pick sticks to see who is to blame...bringing this curse upon us." It is I, Jonah, raising his stick. My God is master of the heavens and all the earth and sea. The men quickly threw Jonah into the Sea. Instantly, the sun appeared and the winds and waves subsided. All the men fell to their knees speaking out, "Our gods are nothing to you, oh God."

This sign was their time, they vowed, to pray becoming believers to give thanksgiving and praise. God allowed saving grace to come upon them in their life journey. People wait for health, death, wars and despair then they fall to their knees calling out for God to help. The sailors were

on a ship many times going their own way never finding their real find of the Spirit. God works with purpose and absolutes. By coming to faith in him, these men touched their families and others.

The men were still praying when suddenly an enormous fish ascended out of the waters swallowing Jonah carrying Jonah away. For three days, Jonah prayed to the Lord. The fish could have easily consumed him, but our God commanded the fish to take Johan in the right direction. Who can do such wonders?

Many times in one's life journey, the Lord will send numerous signs to awaken you. One must be ready to turn yourself to the right direction that allows you saving grace. The Lord allows free will to choose to all. Do not take your life's journey for granted.

Jonah prayed to our Lord in all his distress and the Lord allowed Jonah to live. Jonah had much work to be done. Jonah, while in the belly of the fish, vowed to do the will of our Lord. The Lord made the fish vomit Jonah on dry land. Now, Jonah entered the City of Nineveh. It would take three days to try and save the people. On the first day, Jonah proclaimed forty days and Nineveh will stand no more. The Ninevites believed in the Lord, they declared a fast. Vows were given. The king of Nineveh fell to his knees and decreed that everyone call on the Lord thy God and that all will give up their evil paths.

Time after time, God allows signs to turn our eyes to him. The divine hand will always reach out to his nations. Jonah became displeased and angry with the Lord. He prayed to the Lord. I know you are a gracious God, a loving God slow to anger and abundant in all that you bestow. The Lord relented on the calamity of Nineveh. Jonah speaks, "take my life, it is better I die than live." But the Lord replied "have you any right to be angry?" Jonah left out of the city and sat down. The Lord provided a vine. For relief of the sun, he made it grow to give Jonah shade. Jonah was pleased about the vine though it quickly withered when the sun rose. God said to Jonah "I have taken away your shade vine. Do you have a right to be angry?" Jonah said, "Yes, I am angry enough to die." But the Lord said, "You have been concerned about the vine and yourself. Though you did not make the vine grow, it sprang up overnight and died overnight. Though Nineveh has more than a hundred and twenty thousand people who cannot tell their left hand from right, and many cattle as well, should I not be concerned about the city?"

God, before time, chose Jonah to do his bidding. He knew what thoughts Jonah would take on. We too have been chosen to do our deeds and our God knows what thoughts we will take on. In our world today, God has given all the nations their gifts, like in the past, though we have forgotten our creator when things are going well. Nineveh became a great city, vast in its structure, containing libraries and cultural centers with massive gardens, a wall that was 60 miles (100 feet high over 30 feet wide fortified with 1,500 towers), and beautiful gardens throughout the city containing a superior irrigation system that would be welcomed today in some of our nations. Archaeologists discovered the excavations of Nineveh in the nineteenth century. Nineveh was a superior city for its time.

God has made it plain time after time for one will have no cases of any kind. Can the nations change for what we have allowed to come upon us? Without a divine hand to direct us, I think

and know not. There are numerous short stories in the Bible. Read of a boy who becomes king after slaying an heir of the Nephilim. The stories are true. The excavations cannot lie. They reveal their existence. Allow yourself to read to a group of children to know their true purpose and heritage - Children Youth Bible parties.

## Preface to Our God – His Innocents

Today, as well as in the past, you are seeing nothing new under the sun. Spiritual warfare poured out on the physical world, injuries and calamities of unmerciful evil. Infants, youths, soldiers, and innocent ones on their life journey have taken on the thoughts and deeds of the Gods of this age conceiving unmerciful calamities since our dawn. Evil is taken on by those who become liaison carriers of unmerciful sin. Humankind are killing their own loved ones, others are walking into public buildings killing innocent ones unmercifully with no reason. You are to read what transcends when a door of evil pours out its portions. Our God is standing, opening a door for all above. This salvation only applies to a certain age of your youth and innocent circumstance that one may have been encompassed of no-fault of their own. Though once you have continued becoming fully aware of your life journey, having the time to make your choices, all then take on that choice blindly or with open eyes. Many people who have no faith ask, “why did God allow this to happen?” Read on that our God is not to blame for what occurs.

Enjoy Our God – His Innocents.

## Our God – His Innocents

Your life journey began with your birth prints existence to the planet, the country in which your spirited soul will be raised and what that nation has evolved in its beliefs. What religion, if any, you may be raised within you community, your guidance of preparation by the same who have come before you, traditions, education, environment, all that comes with your nation. One thing has covered this planet, Christianity for a purpose to awaken one spiritually. Everyone will receive common grace, a gift that stays with each of us on our life’s journey to death. God provides common grace to all. Chosen or not, both are one and the same. Their paths differ in who will turn their eyes to God. Those who turn to be contained self servers of this world. God provides the light to all, allowing the sun to rise more at times for those not chosen, for God knows their life journey and worldly pursuits. They have made their choice. Today, many have fallen in love with the physical world having no thoughts that a spiritual realm co-exists. People are becoming instruments of their own demise from steps taken in years past. Now, it has taken a form of battle upon the nations that we have allowed spiritually manifesting to our physical world.

Galatians 5:15

*“But if you go on biting and devouring one another beware that you are not consumed by one another.”*

What a perfect shield when those who are faithless are assaulted and have become blind. The spirit of evil loves to see people work and play with great dedication enjoying the seeds that have blossomed. Why would so many partake in such deceits? What are the nations to do? In all the nations, the deceits and partakers are jumping out. The nations will start amassing; doing the deeds of evil. That time is now. We are seeing things at present and facing the years ahead that have been told plainly. The book of life foretells of such a period.

## Infants – Youths – Innocents

One may die tomorrow not knowing what comes around the corner of life. God takes an act of possessed evil participation and turns that evil into his saving grace. God knows about love more than the creation. For God created love in all that it illuminates. Love of God – God of Love. We, as the creation, are allowed something to say only if we call out to him. For those who choose not to call out, they have nothing to say. His decrees and laws from the beginning to end are the final words. God allowed his saving grace to the Virginia Tech students, Columbine students, and all others who were taken early in their life journey around the world. Among the students were those chosen and not chosen; they are one and the same as you have read. Now if both continued their life journey they made their free choice in their journey. Here we have the chosen, God knows his children. If their journey continued, they turned their eyes to God.

Soldiers are ordered by their country to fight. God knows fighting is just to help his children from evil atrocities; our God wills saving grace to all above. He allows intercessions for the bestowed for circumstance that one may have been encompassed at no fault of their own.

Romans 9:15-16

*“I will show mercy to whom I will; I will take pity on whom I will. So it depends not upon a person’s will or exertion but upon God who shows mercy.”*

For those not chosen who would never turn to God in their life journey. God knows the journeys of all his children. What were the truths and reasons this salvation is not a swinging door for those who choose not to know him? This salvation is a divine gift of saving grace bestowed to their spiritual souls. Our god decrees who are selected in the celestial plan allowing participation of his illumination. Intervention from God allows parents and all others to come to faith for his Holy Spirit searches out the deep truths and thoughts. They who have become dead in spirit have no faith becoming confused by the deceiver of this world, becoming liaisons of the dead spirits, carriers of evil injuries of sin. Holy gifts to the unholy are not given as long as they remain jackals. Few will return from their depth to repent killing their own spirit.

Today, like no other spiritual warfare, influences are being conceived on all nations. There are many people today that are being deflected of their true purpose of not knowing their left hand from their right; not awakening to know our Lord thy God.

Deut 6:6

*“Take to heart these words which I enjoin on you today. Drill them into your children. Speak of them at home and abroad whether you are busy or at rest. “*

God promises that his children are first to enter thy kingdom gate when we stay on the path of life. God created us to enjoy our time and to turn to love each other. For his purpose, we are his continuance of expanding thy kingdom. The Holy Spirit is activated from the time you accept him. You may slip or trip in your life journey but God will not let you fall. He will stand always to reach out for you no matter what. Ask and you will receive; this is our God. Seek in prayer and you will find, in all he promises, God arises in your heart. From here on, all he asks is to live by faith and to love in him. Knock with thy lips and heart of Spirit; he opens thy kingdom and the things he knows you need. Your gifts are to help and stretch out your spirit to those who have

become somber and are falling to the world. They have lost faith and generate fallen spirits. Many may go as far as to become dead; never to rise. God created us to have our spirit power to fight the evil gods of this age. He allows free will to generate that spirit to overcome. If we do not clothe ourselves with this choice, then we join to live with the dark spirits.

God is telling us plainly that whoever rescues a child that has fallen in spirit for showing love in the act the attempts for trying he know his children.

Matthew 25:35

*“I was hungry and you fed me; I was a stranger and you took me in; naked and you clothed me. I was sick and you visited me. I was in prison and you came unto me. If you have done these things for the least of my brothers and sisters, you have done them for me and you shall inherit the kingdom of God.”*

## Preface to Gods of this Age

Angels of great power of light that after a time and a time ascended themselves as gods; taking on godly acts and deeds in all they conceived. These angels created the Nephilim and other abominations. Our God gave them time to return though they would not give up their godliness.

Their own choice brought on their descent and their great power of light was no more. Though placed in the Netherworld, they take what power they have conceiving spiritual thoughts. Spiritual warfare in our nations and cities...what can it be that has civilization around the physical planet devour each other? Blindly, or with open eyes, the Bible tells us how these gods will give no help when misfortune strikes in your nation and they are numerous. Isaiah speaks of the fallen angels and Lucifer in their godliness yet down to recess to the Netherworld you go. Peter speaks, "God did not spare the angels condemning them to chains of Tartarus and handed them over to be kept for judgment." Daniel in his prayers with all his mind, heart, and strength asks for help. When an angel comes to aide Daniel, he becomes scared – unable to move or talk. Though Daniel believed he never encountered an angel before in his life journey. The Gods of this age have been relentless in conceiving souls. These Gods are seeking your soul, believe it or not.

That's what they do.

That's all they do.

They love in the doing.

Many people are giving up their souls blindly, or with open eyes, after a time. God did not spare one-third of the fallen angels – there is still time. Enjoy Gods of this Age.

## Gods of this Age

America, Your nation

Origin of the Nephilim

Genesis 6:1

*"When men began to multiply on earth and daughters were born to them the sons of heaven saw how beautiful the daughters were and so they took them for their wives as many of them as they chose. Then the Lord said: My Spirit shall not remain in man forever since he is just flesh."*

Genesis 6:4

*"At the time Nephilim appeared on Earth as well later after the sons of heaven had intercourse with the daughters of man bore sons."*

## Spiritual Warfare

What you are about to read was foretold to come by our creator God. He cannot lie. America and the nations, states, cities and communities – what can it be that civilization around the planet are causing havoc and having us devour each other? We can feel it, smell it, see it, and speak it. The stench of evil is present and projected in front of us everyday. It has uncovered itself working seven days a week, century-to-century. It has taken form disguised in deceits amassing into a plague. People are looking at each other in all nations confused and bewildered not knowing their right hand from their left. Though we know something is very wrong in our world, we have been deflected again of the evils just like the past.

Jeremiah 11:12-13

*“But these gods will give no help whatever when misfortune strikes for as numerous as your cities are your gods oh Judah.”*

These fallen angels that made themselves gods to deceive the people, they are numerous and, as you read, their in your cities and they are not here on our behalf.

Isaiah 14:12-17

*“How are fallen from heaven O Lucifer son of the morning. How art thou cut down to the ground which didst weaken the nations for thou hast said in thine heart I will ascend into heaven; I will exalt my throne above the stars of God. I will sit also upon the mount of the congregation in the sides of the north. I will ascend above the heights of the clouds. I will be like the most high yet down to the Netherworld you go to recess of the pit.”*

Daniel 14:12-17 (Daniel’s Vision)

*“But then a hand touched me raising me to my hands and knees. Daniel beloved, he said to me, understand the words which I am speaking to you. Stand up for my mission now is to you when he said this to me I stood up trembling. Fear not Daniel, he continued, from the first day you made up your mind to acquire understanding and humble yourself before God your prayer was heard. Because of it I started out but the Prince of the Kingdom of Persia stood in my way for twenty one days until finally Michael, one of the chief princes, came to help me. I left him there with the prince of the kings of Persia.”*

Here Daniel states that Persia, which is now Iran province, is Satan’s northern side and the angel had been in spiritual battle for 21 days until Michael came to help. Daniel allows us to know in the sides of the north Satan will congregate. The leader of Iran will conceive thoughts only for himself not the nation. Today, they are conceiving evil to get nations of people to do their deeds of thoughts.

Peter 2:1-4

*“For God did not spare the angels when they sinned, condemning them to chains Tartarus and handed them over to be kept for judgment.”*

In the same, God will not spare us when we have sinned. We have allowed ourselves to work freely for the deceiver by not taking to heart God's simple laws to live by and sinned, we have named it and we have done it time after time. Take a good look at what the deceiver has conceived on humankind since our dawn. In our quest of life, we have allowed our marriages and families to be torn apart. Sexual perversion is made popular on our minds wherever we turn; it is polarized as the thing to do.

People destroying their mates, children, family ties:

Sexual – mates with anyone – free – paid

Sexual – perversions – man-to-man; woman-to-woman

Sexual – delights in all we do thirsting for more.

Sexual – teens having babies in high schools escalating

Sexual – predators in our cities; in the US alone has become a plague

We look for the answers though there will be none given until we remove the thoughts we freely have chosen to cover ourselves from our creator. Destroying our marriages of two spirits created to become one spirit in all we do. Our lifestyles are on our minds and purpose; engaging our thoughts 24 hours a day, escalating in each decade, allowing ourselves to be brain dead with our own devices – televisions, computers, movies, etc. The icons of the world they sell give us our fix everyday. We go out and purchase the films, music, directors, books, authors, and magazines. The video industry is peddling their goods and we the people stand in line – give me more, more and my children need their portion.

All of the above know their deeds after a time. The money eases their quests all have become one spirit building their house of the world. When the families and marriages are smashed, the people reach out to the deceiver choosing the counted assaults: sex, money, lust, greed, envy, jealousy, and hate. From here, the many divide into their paths. For all who choose to go this way, the deceiver has opened his arms wide. Though they are not done.

That's what they do.

That's all they do.

They love in the doing.

How they deceive and congregate... Why?

Three distinct fallen angel spirits:

1. Those that kept not their first estate; they are chained in darkness awaiting judgment. They were the sons of God who had intercourse with the daughters and the Nephilim came to be.
2. Angels who are not in chains are the fallen that do the will of the Prince of Darkness from where he congregates.
3. The Nephilim, mutated half human and half divine, are also conceiving their deeds, for they are from their conceiver, the Prince of Darkness, to scatter the thoughts of their gods upon the earth.

God bestowed the Universe and our domain to the Prince and all the angels to care and minister with all creation God created while still in the light of power and all found more excellent. They were given their time and a time until they conceived their own judgment; now cast out of the heavens to the Netherworld. The Nephilim were their thoughts and works. This is one more abomination that caused their fall. God decided to bring the great flood upon them to destroy the Nephilim and the wicked humankind that became corrupted by the demi-gods.

Numbers 13:22, 28, 33

*Going up by the Negeb they reached Hebron where Ahiman, Sheshai, and Talmi descendants of the Anakim were living<sup>22</sup>; however the people who are the living in the land are fierce and the town are fortified and very strong<sup>28</sup>; veritable giants, the Anakim, were a race of giants<sup>33</sup>.*

Here we can take to heart God did not spare the wicked humankind. You have two choices to live to love to rise or live for today never to rise. God made it plain to his first creation and made it plain to us. You cannot serve two masters.

Mark 9:18-26 Demon Spirit

Mark 5: 1-20 (Demonic Legion –there are many)

Catching sight of Jesus from a distance, he ran up and prostrated himself before him from a distance crying out in a loud voice what have you to do with me? Jesus son of the most high God I adjure you my God do not torment me he asked. What is your name? He replied, “Legion is my name there are many of us.” And he pleaded earnestly with him not to drive them away from that territory. Now a large herd of swine were feeding there on the hillside and they pleaded with him. Send us into the swine; let us enter them and he let them. And the unclean spirits came out and entered the swine. The herd of about two thousand rushed down a steep bank into the sea where they were drowned. We have become the man in the cave and the swine becoming carriers of the fallen spirits.

Numerous times in the Bible, for it can be believed, evil spirits present just in this one territory. Two thousand spirits were sent into the swine over the cliffs. They were called Legions of evil spirits. Today they are still conceiving in modern deceits. Time has gone by and they adjust to the times. They are numerous. Demonic spirits are conceiving their thoughts in our nations. They will never stop conceiving. Thoughts of wars and destruction bring retribution on our creation.

John 13: 1-4

*“But if you do evil be afraid for it does not bear the sword without purpose.”*

The excavations of various animals around the planet have been found frozen in time to allow proof of The Great Flood and Noah’s Ark.

## The Netherworld

The Book of Life allows all nations the existence and purpose of the Netherworld. Numerous passages God again bestows a window to open, wakening our spirit side to be aware of the cast outs of God that were placed in the Netherworld.

Jeremiah 11:12-13; Matthew 16: 18-19; Luke 16:23; Rev. 1:18

God bestows Jeremiah what is upon us? God cannot lie condemning the fallen gods of this age.

Isaiah: Yet down to the Netherworld you go. There have been few books on the thoughts of humankind concerning the dark mass. Though limited in their powers, the dark angels awaiting in darkness, combined with the Great Deceiver, are still able to conceive and confuse humankind, who allow themselves to be veiled, and will continue to do so.

For the multitudes who clothe themselves are living proof of a kingdom that will not be shaken. The soul after death.

Esdras 2:78

*But to answer your question about death; when God most high has pronounced the final decree that a person shall die, the soul leaves the body to return to the one who gave it.*

Esdras 2:79

*Let me explain first about people who had no use for the ways of God most high and hated those who worshiped Him.*

Esdras 2:80

*There is no place where their souls can go for rest; they must wander around forever in torment, grief, sorrow.*

**Some comments on the Netherworld by Thomas Marc Hoy, author of *The Nature of Religion*; for my friend Tony Kitteredge.**

I'd like to offer a short proof of the existence of a god (or gods), drawn from empirical evidence in the field of quantum physics. It's nothing out of the ordinary – mainstream physics really, but physicists themselves refuse to confront the philosophical implications of their work.

As you probably know, experiments have repeatedly shown sub-atomic particles exist in a netherworld wherein they simultaneously occupy every possible position available to them. This bizarre state of affairs is termed a “superposition of eigenstates”, particle/waves suspended in a probabilistic blur. Particles only ‘choose’ a particular state of physical being once they are observed.

It's been demonstrated that consciousness – in the form of an observer, is an essential component of reality. Since the physical universe clearly exists, some sort of consciousness (or serial forms

of awareness of some kind) must have been omnipresent throughout its 14 billion year history; a requirement of quantum mechanics.

The problem of who or what merits observer status, vis-à-vis eigenstates, is a classic 'ghost in the machine', a dangerous relative kept hidden in the scientific attic. Nevertheless, it is a compelling proof of a universal consciousness, which happens to match the conventional definition of a deity, i.e. an omnipresent being responsible for the physical presence of the cosmos.

## Preface to the Power Behind the Battle We Are Facing

God in the beginning created the universes dispersing the illumination of his essence throughout the cosmos. God bestows the cosmos and all that they contained allowing the morning stars of light to ministers over creation bestowing them the power which they would need. Pre-earth time was special before the dawn of humans for God surely allowed the animals their time. The morning stars ministered to all the creatures, vegetation, waters all that evolved coming to be on mother spirited earth. During this period they conceived their own judgment for now their powers were unleashed upon the creation. In every century their traits and deeds have not changed – they change with the times. We are no different from our ancestors that battled. That same power today we face since they deceived our paradise.

Sirach 16:24

*God's wisdom in creation, my child listen and pay attention to me; you will gain knowledge if you do. I will give you diligent and accurate instruction. In the beginning, the Lord did his work of creation. He arranged everything and eternal order, and decreed that it should be that way forever.*

Enjoy The Power Behind the Battle.

## The Power Behind the Battle We Are Facing Everyday

There are multitudes of people around the planet who have experienced numerous occurrences in their life's journey. We can feel, and have felt, that sensation that something is present even though we really cannot explain it. They often dismiss the whole thing; allowing it to fade away.

For example, not long ago a woman slipped and fell onto the subway tracks. Death was for sure when suddenly a man jumped out of the crowd and covered the woman with his body while the train traveled over them.

Afterwards, they interviewed the man. What made you so brave? I do not know what came over me. Numerous books have been written of angel spirits; what we take for granted. One book I recommend is *90 Minutes in Heaven* by Don Piper and Cecil Murphy. Don died on January 18, 1989 in a car wreck. For 90 minutes after his car wreck, EMTs pronounced him dead; covering the body. Don lives today after his heavenly experience. Every day in our life journey, there are acts and intercessions that are ministered. We are not alone. There is always a presence that has been with every generation doing thy bidding for our creator God.

Today we are battling that power just like our ancestors battled. We can take to heart and learn from their battle scars and triumphs. Doubting, we can always go back to our televisions and deflections; continuing to be subjected to a power that we cannot comprehend exists.

Matthew 10:16

*"Behold I am sending you like sheep in the midst of wolves; so be shrewd as serpents and simple as doves."*

One can examine history in each century; how the stench of the deceivers conceiving their traits of evil can be traced. They change very little though they vowed to continue their deeds. For their own were cast out of the cosmos and their godliness was no more.

First, allow ourselves the angels' first purpose of their creation. God bestowed great power of light to each angel. We as mere mortals cannot measure or imagine that power of light. They turned that power onto the cosmos then, after a time unto themselves, securing their own fall.

### **Their beginning**

God created the universes with his thoughts; illuminating and dispersing his essence throughout the cosmos. God bestows our solar system and all that it contains for our purpose with absolute harmony. God allows earth to have spirit; flourishing earth with every dream of vegetation. He bestows clouds to rain water from the skies filling bodies of water that nourish the lands he formed. Our God creates a variety of species for the waters and lands. Though all that God creates differently contains his essence of one spirit, we too are different though one spirit.

Sirach 33:14

*God is the opposite of evil, life is the opposite of death and sin is the opposite of devotion to the Lord.*

Think about it – the most high has made everything in pairs; each thing the opposite of something else.

All that God created he bestows to the angels who are called his sons. God gives domain of the cosmos and all it contains to minister and care for it to his sons. During pre-earth periods, the angels learned of their powers by engaging with all that was before them. They soon found out what great power they each contained when unleashed. Today, they are among us and have been since they deceived our paradise. Although now their powers are limited from the Netherworld, their dark spirits are able to conceive deceits.

For example, did Hitler, a young boy who had a normal life, become the anti-Christ by chance of purpose? When positioned in authority, he became the liaison. Hitler's thoughts influenced a nation. The German people became free will doers allowing them to be contained. Hitler's traits left a stench of 55 million people that can be traced back to him and his henchmen's thoughts and deeds of unmerciful evil. God, after a time, decides to change the planet; returning the pre-earth creatures back to Spirited Earth from whence they came.

One-third of the angels now decided to change their first purpose; no longer satisfied caring for mere animals. They took their power creating and allowing their new purpose. In all they did conceiving their godliness with Lucifer finding him to be most excellent. We are no different from our ancestors only time has gone by. The deceiver also has not changed descending on the nations, especially Christian nations.

The United States and Christian nations are purposely being assaulted. Nations that were given prosperity for containing Christian beliefs in all that we did in our lives. Allow ourselves to step back a few decades to trace their evil deeds that have fallen upon us to change our nation's purpose. America stood on top of the world. We had a president and his brother who were proud of being Christians. People putting their trust and faith in our president, John F. Kennedy, and his brother, Robert F. Kennedy, represented Christian believers looking forward to build on America; prospering in all endeavors and innovations.

That faith would have been the stepping stone for all that would follow. Martin Luther King, Jr. also a renowned Christian leader, together with the Kennedys, represented Christian beliefs and dreams of thoughts to accomplish unity for the people. These were the steps of faith and hope to be entrusted and built upon.

These very steps of beliefs and dreams would have allowed our nation to hold on to our Christian gifts. The deceiver has taken away our leaders, for their purpose, turning our new leaders and all our freedoms into derision – their traits do not change.

Look upon our nation since all three chosen spirits have left us. Though they were of different backgrounds and denominations, they were the essence of one spirit. Martin Luther King Jr. would never have allowed so many people to fall. He would have spoken out at every turn, speaking of dreams and beliefs that were to be called out. Many have covered themselves with other beliefs and delights, loving what they do.

Our leaders and representatives are battling a power which they cannot see. Though, if you look closely, their traits and deeds are coming out; leaving a stench. The parties of Democrats, Republicans, etc. are all one; putting on a disguise. They have conceived becoming the same spirit. Their tongues have become deceitful, offering sweet delighted promises that their party is the party for the people. Their party thoughts will be the direction to lead the nations. Though, as we see, all the parties conceive and devour each other; grid locking their first purpose. Washington representatives, State officials, local officials, and judges, can be traced to signing and passing our country down the river. Who would have thought of such deeds and havoc? Showing up for work for years pretending the nation is in good hands, they circle around each other shooting arrows and keeping the people, the laws and acts tied up.

Special interest groups promote and sponsor their propaganda specialists. Radio shockers, television, and newspapers are hired to shield the representative's party. World carpetbaggers pretend their independent thinking is pushing their words to assault the party that is in office.

The voting system must be changed today having one party with different people running on the same voting ticket. Whoever wins cannot blame their poor performance. Each State is the same allowing accountability to the official offices. By the time people in a nation awaken, great damage has taken flight. Why should we not be surprised that our officials in high offices are conceiving in their thoughts? Are they not us – the people made of the same spirit? We too are to blame for voting and placing all in their offices. The powers and principalities have us circling; causing confusion and turmoil.

Can you not see?  
Can you not understand?  
Can you not hear?  
Can we think of changing, deviating from our ways?

As you have read, we will continue to be grounded unless you awaken; calling out the power each is been bestowed.

The window is closing; the capstone has only been lifted. We need help to accomplish much that has fallen on the nations even though we have a spiritual advantage that we have forgotten. Look at who stands and surrounds his children – our Lord thy God with the angels who have battled for us since our dawn. They are waiting for us to awaken, to turn our eyes to do right, to rise for our true purpose so they can intercede.

Hebrews 13:1

*“Let mutual love do not neglect hospitality for through it some have unknowingly entertained angels.”*

## Preface to Judith/Power of Prayer

Judith's story encompasses a woman who comes to the aide of her nation. The people are on the brink of an old deed. The smell of ethnic cleansing is in the air. Judith opens our eyes when a person and nation stand together in prayer; one house and one nation with no division. Many of us contained this gift of trait at one time. Judith learns of the thoughts of the leaders deciding their fate. Judith appears before the leaders announcing to all they must not allow the people to give up. Judith asks for a few days to see what she can accomplish.

Meanwhile, the king's army has all the people surrounded. Soon they will be dying from lack of water and food. Extermination by the sword is just a few days ahead. Judith stands firm, falling to her knees to pray. History again repeats itself. There is nothing new under the sun that has not transcended before. What seemed impossible then, and now, to turn things around will be made possible. Nations are threatening with their might, their nuclear missiles, and terrorists are amassing their armies with all weaponry to blackmail and kill for their allotments.

Enjoy Judith/Power of Prayer.

## Judith's Prayer

The power of our God is immeasurable. Judith's prayer is our prayer. Her prayers were concerned not for her own soul's survival. They were not prayers just for her loved ones. Judith's prayers were transcending for a group, a people – the nation.

In World War II, the Germans took on the thoughts of ruling the world. Their leaders all took on the very same thoughts that would cause unmerciful evil. People around the globe called out in prayers. Those prayers became one and the same – to ask our God what was needed. Thus this time transcended multitudes of people of coming to faith. Today, like our past generations, we can illuminate what we ask, seek, knock in the same way. That's why God gave us prayer.

Jeremiah 29:11-12

*For I know the thoughts, that I think toward you, say the Lord; thoughts of peace and not evil to give you a future and a hope. When you call me, when you go to pray I will listen to you.*

Call on angels that do thy bidding for the celestial plan. They are always waiting to give. That's what they do. That's all they do. They so love in the doing. God is love. Love is God.

## Power of Prayer

The power of prayer can be traced for it contains traits of hope, faith, and, above all, love. The story of Judith is a story of a woman that calls out in prayer to save her people and nation from ethnic cleansing – an old deed. Every teenager and young lady should know the life journey of Judith. Young women can look at her journey to find their place in the world. The window of love and knowledge can be a vital guide of one's journey. Okay parents?

Judith is a true story told in the Bible. In a time of crisis, she prays to our God. King Nebuchadnezzar ruled throughout the land. He wanted to stretch his hand even further. The king decides to wage war, destroying all who did not conform to his thoughts, for he considered himself a god. The king calls upon his chief commander, Holofernes. His name alone tells you of what traits he possesses.

King Nebuchadnezzar orders Holofernes to take the Assyrian Army and destroy all who refuse in joining his thoughts. Holofernes leads the army destroying and leaving a stench of evil to all those who did not comply. Finally, Holofernes comes to destroy the whole nation of the Jewish people – time changes not.

A man named Achior comes to speak to Holofernes telling the commander about what he is facing. Achior advises Holofernes to reconsider waging war upon the Jewish people for they cannot be conquered unless they have turned away from their God. Holofernes and all his generals begin laughing at Achior telling him that King Nebuchadnezzar was their God.

They escorted Achior to the base of the mountain where the Jewish people were camped. The leaders sent their men for Achior to see what plans Holofernes might have. Achior told all that the Assyrians will march out to destroy. The Israelites called out to God in prayer asking for help. Holofernes, knowing that the Israelites would need food and water, ordered the mountain pass to be secured by his soldiers. They also secured all water supplies in the area.

Judith heard what the people were thinking for now after a time they were lacking food, water and hope. Judith was told that the leaders would surrender themselves unless God save them within five days.

Judith called upon all the leaders. What has come over all of you knowing the enemy will not have mercy, speaking out to our God that he must intervene within five days to save us?

Judith 8:13

*It is the Lord Almighty for whom you are laying down conditions, will you never understand anything? You cannot plumb the depths of the human heart or grasp the working of the human mind. How then can you fathom God who has made all things discern his mind and understand his plan?*

Judith speaks about the past. For this very thinking, our God left us before. The leaders told Judith, “You have always been a woman of faith praying to our God in your life. Though now we have decided in five days we will surrender.” Judith at this time knew that her words were meaningless to the leaders. Judith tells the leaders tonight I will go down to speak to Holofernes.

Allow me the same five days. All the leaders told Judith you will be also in our prayers. Judith returns to her tent, falling on her knees praying to our God to help the people. Judith leaves with her handmaiden to go down into the Assyrian camp to confront Holofernes.

As long as the Israelites did not sin in the sight of their God, they prospered for their God, who hates wickedness, was with them. But when they deviated from the way he prescribed for them,

they were ground down steadily more and more as captives into foreign lands. The ending to Judith is one of my favorite true stories in the Bible and there are many that will touch your heart. I hope you find a bible to read the conclusion to Judith.

The power of prayer will be called out in all the nations. Look who bestowed us the power of prayer of the word. We have deviated from our prescribed journey and you are seeing the results of that wickedness. Here are just a few deeds that we must sound out to the nations. All the Christian nations are coming together to rise and turn to prayer. We now are aware who we are spiritually battling. Call out the information age for our purpose. Call out to Christian radio networks for their deeds are of hope, faith, and love. Tell the hosts what you are doing in your city, state, etc.

Call out a resurrection of all Christian parishes not to be satisfied with all that are in the pews. All Christian denominations put away their Pharisees and allow the essence of God to work together. For what has come upon us, we now must not be divided; humble and pray and sacrifice.

Do not allow the evil that falls among priests at times for evil's purpose is to have you fall from faith. There are thousands upon thousands of ministers that have endured holding on to their faith. We have erected more spiritual Christian churches throughout the planet. Buying land and not using these buildings is the same as storing worldly possessions. These gifts are for the people. Invite all to come. Just in America alone, 78 million baby boomers are retiring. Many have allowed their Christian beliefs to be stepped on; not holding on to their faith and not instilling them in our generations.

Mentors of all sorts are needed.

Cor. 12:4

*There are different kinds of spiritual gifts but the same spirit. There are different forms of service but the same Lord.*

## Preface to Sons of God

Do not be afraid. I am the first and the last; the one that lives. Once I was dead, but now I am alive, forever and ever. I hold the keys to death and the Netherworld.

God calls out to his morning stars, Sons of Light, to present themselves before him. Thus Satan, the high angel of darkness, appears also.

The deceiver speaks. "I have come from roaming the earth."

God speaks: "What do you think of one of my children, Job, who knows no evil?"

Deceiver speaks: "You have surrounded him with all protection. God allows Satan to conceive Job only do not lay a hand on him."

Our God knew this would be a great time to expose the deceiver to the physical world. Nevertheless, God knew Job and his thoughts beforehand for once you are in the hands of God you may slip and trip, but you will not fall. Job, an oriental chieftain man, had called out to our creator and consecrated his spirit in all that encompassed his life. Read about how our God surrounds his children with the Sons of Light and the various angels that encompass the celestial heavenly plan – two-thirds of the morning stars ministering all creation.

Enjoy Sons of God.

## Sons of God

In July of 2009, the caretakers of the Dead Sea Scrolls announced they will decode more fragments of knowledge, one scroll in particular, to the world. Between the angels of light and the angels of darkness, the book of life contains over 300 accounts of the Sons of God roaming and ministering over creation. Job's story will be spoken of. It allows a window to open our eyes. For the Dead Sea Scrolls will transcend in their writings and purpose of their journey.

In the bible, God calls out to the Sons of Light to present themselves before him. Satan the high angel of darkness appears. The lord asks the great deceiver "why have you come before me?"

Deceiver speaks: "I come from roaming and patrolling the earth. God knows the deceiver and his spirited thoughts for he once was an angel of great light."

He made his free will choice – crowning himself as a god, spreading his thoughts and deeds to one-third of the angels that took on the very same godly ascensions.

God took this time to expose the deceiver to the physical world. Job was an oriental chieftain who was a believer. The life journey of Job was made known for God wants us to open our eyes to what is upon the physical earth for you too are his children. Job, in his journey and by today's

account, was a very wealthy man; more than that his spirited love for God he cherished above all.

God speaks to the deceiver: “What do you think of one of my children, Job who avoids evil?”

The deceiver speaks: “You have surrounded him with all and spiritual protection as well.”

God speaks: “Behold all that he has is yours thus do not touch Job.”

Deceiver descends taking away everything Job possessed. Moreover, his children were no more. Despite this, Job did not falter in his faith, love and all that spiritual love illuminates. The deceiver appears before God once more.

God speaks: “Though you have incited Job against me he still will not let me go from his heart, mind and soul; holding on with his strength. “

Deceiver speaks: “Allow me to touch his body for he surely will blaspheme you.”

God speaks: “He is in your power.”

Deceiver descends upon Job once more bringing on hideous boils covering his body. Again, Job holds on in the same manner. God is allowing us, his children, to see that the great deceiver is still roaming the earth. Thus the two-thirds of the angels of light remained with our creator God; roaming and ministering the heavens and earth.

## **Sons of Light**

### **Seraphim Angels**

Everlasting light bearers; the luminous burning ones. Satan was once given this gift. Today, Satan is limited though still very powerful.

### **Cherubim Angels**

Transcend everlasting fullness of wisdom; they too illuminate our creator in the grand creation plan.

### **Throne Angels**

Transcend an everlasting view of spirited power over judicial and judgments of thoughtfulness.

### **Dominion Angels**

Transcend spirited command authority; illuminating their thoughts to the Sons of Light

### **Virtues Angels**

Appointees transcending command authority of the illuminating energy throughout the Universe.

**Powers Angels**

Transcend in complementing the Virtues by fighting against evil influences that oppose the celestial plan.

**Principality Angels**

Transcending what is to be called out in ministering to the physical world; the kingdoms, nations, cities, thy children.

**Arch Angels**

Surround our physical planet; roaming our earthly home; ministering what is needed for humankind.

**Guardian Angels**

God bestows every person their guardian angel; your own spirited bodyguard illuminating your spirit.

**Angels among us**

Angels were created to minister our God whatever is called out; one-third chose to revolt rather than to live in the presence of God. The Dead Sea Scrolls will unveil this very war which is being played out in the spiritual realm and the physical earth.

Isaiah 25

*To whom can you liken me as equal say the Holy One?*

*Lift up your eyes on high and see who has created these. He leads out their army and numbers them, calling them all by name by his grace, might, and the strength of his power not one of them is missing.*

How great a love and power is our God that he surrounds his children with his Sons of Light, his first creation? God created humankind between the true spirited angels and his earthly creatures. We are spirit and body, flesh and blood, standing on the lowest tier of spirit intelligence and the highest tier of body flesh intelligence.

Many believers assume that if we die today accepting our creator God we will become angels. This is not our purpose of creation for without the protection of the angels, the forces of evil would descend on humankind for we are no match. Our God gave the first installment of the Holy Spirit to allow all to communicate with our creator. The Holy Spirit searches out the truths and thoughts. However, if the truths and thoughts of the world are unholy, then the angels become idle for what is unholy is not of God.

The deceivers veil and disguise humankind with their spirited thoughts allowing us to choose freely to enjoin them in all they do. Good or evil cannot be forced on humankind. The choice must be free will.

Sirach 15:1

*Humankind Free Will*

*“Before me are life and death whichever one chooses shall be given one.”*

Isaiah 13

*“You said in your heart, I will scale the heavens above the stars of God. I will set up my throne. I will take my seat on the mount of assembly.”*

Jeremiah 32:14

*“In earthen jar the first of the Dead Sea Scrolls were found in such a jar. “*

Sirach 17:22

*“Who in the Netherworld can glorify the most high in place of the living who offer their praise?”*

## Preface to Pharaohs & Kings

Pharaohs turned their eyes to the Gods of this age. They in return transcended the Sun God to be their God to call upon. Pharaoh took on his power to build his greatness and achievements; both coming on the backs, sweat and blood of the slaves. Nothing else concerned Pharaoh's thoughts. There have been slaves of every sort in every century; many have worked for their masters for little or no pay for man changes little, or not at all, to fill ones bags of treasures. Thus, you have slaves to money, or other vices, becoming their master. Nothing else, from this time on, concerns their thoughts. Enrichment of the vise takes hold of them in every way. The slave to money gathers many possessions greediness whatever is called for one also succumbs to blindness with habitualness.

I must have, I need, I want ... give me the money. From Pharaohs and Kings to present day icons and leaders of every kind have been given more of common grace to live out their life journeys.

Enjoy Pharaoh

## Kings

Many times through the ages various kings turned away to their own thoughts and Gods during their rein. Thus one can see what transcended when a king and people awaken to do the right in the eyes of our God. King Solomon was one such king who did turn his thoughts in the eyes of our lord thy God. Our lord appeared to Solomon in a dream at night

Lord spoke: "Ask of me and I will give it to you."

Solomon answered: "You have shown great favor to my father, King David, for he called out to you Oh Lord. Lord thy God you have also made me King to succeed." Thus King Solomon was given more of common grace than any other man. The Lord was pleased with King Solomon for Solomon did not ask for enrichment, death of his enemies nor long life for himself. King Solomon called out to our God asking for wisdom, knowledge, and the guidance to discern.

## II Kings

King Solomon was transcended the knowledge and measurements for building the holy temple. Today, parts of the walls still stand in the holy city allowing integrity and authenticity to King Solomon's traits and deeds. Today, as in the past, one may call our God for understanding and a heart to distinguish between the Power of Love and Evil. Thus one is given what is needed. Read Kings I-II in the Bible for all that was transcended in their life's journey.

Deut. 8:19

*"But if you forget the Lord your God and follow other gods serving and worshipping them, I forewarn you this day that you will perish utterly."*

To believe or not to believe, for one thing is certain – what occurred to our ancestors will occur today. We are no different in spirit and body. God has told all plainly.

## Pharaoh

Elevated to power, for what purpose? A new pharaoh came to be. Joseph, who had advised the past pharaoh, aged and died. Now the new Pharaoh declared a new proclamation amongst his advisers. We are being outnumbered by the Israelites and soon we will not be able to control them. They are to be concerned only about building my temples and furthering my greatness. Their children will have the same purpose for my heirs for I am Pharaoh, king of all that you can see, and my fathers before me were kings. I know no one greater than I.

My riches in gold, land and stock can be matched by no one. No one can stand against my Egyptian guards in battle. My temples will be built by the sweat and blood of my slaves. This is a testament of my greatness and achievements. God cometh to Pharaoh in his sleep and said Pharaoh, you are just a mere man. You and your fathers were mere men. I have allowed you all that you possess, all your power and glory, for my purpose. Now Pharaoh I taketh away. Pharaoh, a baby boy will be born in your kingdom. He will grow strong to do my will and he will set thy people free.

Romans 9:17

*“For the scriptures says to Pharaoh, this is why I have raised you up to show my power through you that my name may be proclaimed throughout the earth.”*

When one looks throughout the planet, is it not true what our creator tells us so plainly?

Pharaoh awoke and entered into his private chambers to pray to his Sun God. Pharaoh seeks his advisors and has them scribe a proclamation to kill all the baby boys up to two years old. Start in the palace and finish with the slaves. I have spoken; make it law.

Death came swiftly by the sword of the royal army. Sorrow and cries were heard throughout the kingdom. One Hebrew woman slave had escaped the blade to hide by the Nile River. She tied some twine together to form a floating basket; placing the baby boy in the basket adrift. Pharaoh's daughter decided to go down to the Nile to bathe. She hears a baby crying. To her surprise, she finds a basket with a baby boy wrapped in a Hebrew blanket. She calls out to her slave, go find a Hebrew woman and have her care for the baby until I call for him. Pharaoh's daughter raised the baby boy as if he was her own. She decided to name the baby boy Moses.

Moses grows to be a great prince in Pharaohs kingdom. One day, while he was on his chariot, one of the slave guards started to whip an old man to the point of unconsciousness. Moses leaped out and strangled the Egyptian guard. Moses did not know what had come upon him to do such a thing. Moses buried the body in the mud. Pharaoh received word from the Egyptian guards that Moses had spilled the blood of his own. Pharaoh had no choice and ordered his royal guards to go out and kill Moses. Moses fled Egypt.

God heard the cries and sorrows of the Hebrews. God now calls Moses to Horeb, the mountain of God. Moses' thoughts drew him to the mountain for a purpose. Moses falls to his knees before a flaming bush. I, your God, call out to you Moses. Go to Pharaoh and tell him to allow that my people be set free. Tell Pharaoh I am the God of your father, the God of Abraham, the God of

Isaac, and the God of Jacob. Tell Pharaoh you are the one I put in his dream and that I have sent you.

Moses comes before Pharaoh. I have come by God and yours Pharaoh for you to let thy people out of Egypt. Pharaoh asks “who is this God that you speak of that I should bow down and obey?” I do not know your God and I will not allow the slaves out of Egypt. Moses said if you do not let the people go great plagues shall descend upon the kingdom for which you have never seen. Moses departs.

God speaks: “Moses, now you and all shall see the God Almighty willeth Pharaoh’s heart. I did not make myself known to Pharaoh and his people, though I established myself by giving him his kingdom in the land of Canaan, where they are aliens, for my covenant was given to Abraham, Isaac, and Jacob that I let know.”

The Plagues descended:  
The plague of water turned to blood;  
The plague of frogs;  
The plague of gnats;  
The plague of pestilence;  
The plague of hail;  
The plague of flies;  
The plague of boils;  
The plague of locusts;  
The plague of darkness;  
The plague of first born;

God speaks to Moses: “Go to Pharaoh, for now I have softened his heart and he knows I am thy God.

Pharaoh speaks: “I have decided to let the people go. Moses replies, “Pharaoh, you did not decide – God wills.”

Soon, Pharaohs heart was hardened. Pharaoh ordered the Egyptian army to follow and kill the Hebrews. With one breath, God closed the sea – the royal army was no more.

Icons of every kind today come in all sizes and colors in all the nations. Leaders, dictators, presidents, mega giants, sheikhs, CEOs; all are given common grace to live out their life’s journey. Only a few will be bestowed saving grace by God to rise again.

Few turn their eyes and thoughts from their delights, fame, position, and power. Their deeds always encompass the same usual traits of the gods of this age. God knows his purposes and deeds from the birth of Moses to saving him from the blade and guiding Moses down the Nile to the arms of Pharaoh’s daughter. God knows Pharaoh’s thoughts. God knows each of his children; what your thoughts will be in your life’s journey. Many eyes can be opened when Pharaohs kings are given to the world.

Many billionaires and multi-millionaires have had their achievements and greatness made on the backs of their country men. They surely pay taxes and give money to charities to receive their tax shelters. Then once they fill their bags of money by the people, fair well, adieu, goodbye is called out. Transferring the companies to where they get the cheapest costs. Profits rolling in become their thoughts and motivation. Greed takes hold of them. Now stocking their money to be looked at knowing it is there. Instead of reinvesting, helping the many – their fellow nation and countrymen are forgotten.

Luke 16:23

*“And he cried out, Father Abraham, have pity on me. Send Lazarus to dip the tip of his finger in water and cool my tongue for I am suffering torment in these flames. Abraham replied, My child remember that you received what was good during your life time while Lazarus likewise what was bad; but now he is comforted here whereas you are tormented.”*

Unbelief in your life’s journey could be your time. Remember Lazarus who kept his faith.

## Preface to Image Maker

Evil partakers give their souls blindly, or with open eyes, after a time. Cain conceived thoughts to go out and kill his brother, Abel, with no concerns of any kind. God calls out to Cain asking, where is thy brother Abel? Cain attempts to disguise his evil deed, “I am not my brother’s keeper?” Throughout the centuries, humankind has taken on their choice between love and evil. One cannot serve two masters though many surely attempt.

Reading deceiver’s children allows you to know what occurs on our physical world from the Spirit world. The great deceiver has no hesitation of speaking of his traits and deeds for he counts on humankind to have disbelief in all that they transcend. Deceiver tells us plainly evil conceives disguises, devours, destroys with a stench, covers up, and fades away with time to strike where invited. Today, like the past, my disciples are devouring themselves; their children killing children. They are in all of your cities; feeding their minds of my thoughts and delights becoming their delights. After a few thoughts from my spirit realm, they can be left to themselves for many get very inventive with evil thoughts. All of you looking at each other in your nations – what is wrong with the people that many have become idle and somber with closed minds and eyes? Taking on the thoughts that one does nothing wrong in their life journey has also taken on doing nothing right.

Enjoy Deceiver’s Children.

## Image Maker

Throughout the ages, people have become my disciples. They give their souls freely with no concern; enjoying my fellow spirited gods of this age who never halt conceiving earthly souls, thinking our thoughts, needing, and wanting more. I have become their image maker.

Roaming and searching the nations for certain people who have little or no faith; emulating diligently my thoughts and images. Christian nations are always more effort for us, the Muslim nations. I have no need to worry for they are contained and somber; killing their own, and others, that do not comply with their thoughts in the name of Allah. Half the adults in Christian nations, my fellow spirits, have influenced them from their churches that they were raised in their beliefs.

They have totally quit their faith, turned to free thinkers, atheists or Muslims that kill – New Age popularity thoughts. Your children are home watching me every day – learning and embedding my delights, becoming their delights. My new leaders, icons, idols, people that I make popular with the masses; they are my eye catchers of my world. I control your airways, media, newspapers, TV networks, videos, etc. All are very busy bees; achieving what would have taken decades.

Now, I pour out my thoughts and ideas in high definition (HD) stereo – what comes with innovations. Though I reward my children with what they like more than anything – millions of dollars to keep up the great deeds – one must keep up appearances. So I puff up people believing that all humans are entitled to everything under the sun, to all privileges, wanting more to no end.

To accomplish all, I search and patrol for just the right moments in people's lives that will accept my thoughts and images; done in such a way that they think they invented the ideas. Today's sex photos, pornography, TV, computers, etc., here I took a man and I gave him his real direction in life. He turns to me not knowing of what direction awaits him. He's in your nation and community. My thoughts, images, and ideas are given so he can conceive exactly my spirited purposes; becoming a carrier of my spirits. I made him an icon in the world of being wise and daring; a real self-made man.

Through my gift, he becomes my disciple. Even if he thinks not, he knows after a time. He gave me his soul and I deserve it. I did further his career. The nice thing is that he has gathered thousands upon thousands of souls for me. For his works have been received vigorously, in the 1950's I gave him to my fellow spirits for I must go on to other deeds. They gave him images of our thoughts and ideas. He started out innocently; taking photos of a woman in a bathing suit. After a time, that became more and more popular; the masses wanting and needing more. We allowed more deceits. Now he removes her bra to expose her chest. In return, she is given more money to keep her inspired. Now the world thinks and needs more each decade.

The images, ideas, and thoughts have come full circle for now she is totally nude. She cares very little of herself. Money has seduced her inspirations once more. Today, she will perform any and all delights. Now from one seed of thought that was transcended, it has amassed sexual deviants of every kind; becoming my children. Throughout the decades, my images have created outlets; various divisions feeding their minds of what I, your image maker, transcend.

Present day sex magazines, videos, movies, TV, night clubs, in all that you live out. My special of the decade is porno phones. That way one never leaves home without my spirits. My children amass thirteen billion dollars annually in porno alone. My main concern is the carnage that the sexual deviants are inflicting. They are in your nations, cities, and communities, ascending on your little ones, teens, moms, sisters, and neighbors. They have no other concerns on their mind but to devour through different images and ideas. When called, we are all one great spirited family.

My latest disciples I have turned over to the world. You have come to know them; embracing their deviant thoughts with so much devotion they obviously contain my usual hidden traits.

Radio DJs, now on TV, have amassed a large following of fans. Now DJs around the world have been imitating my thoughts and delights; exploiting sexual perversion in every way. They love their jobs. Though I take care of my disciples, major companies, who I have great influence over, give out large money contracts; becoming icons and idols in my world. Look for me tonight when you are sleeping and start to dream; embracing freely my thoughts. One could not achieve all without you who are faithless. I have already affected you without your knowing; your children are also turning faster to me than past generations.

Many of you have taken on my confusion of not knowing ones sexual orientation. Do not worry yourselves. My spirits will continue their deeds where needed. You have allowed our spirits to take God out of your lives, your schools, and all that you hold sacred. My thoughts have you passing out condoms, drugs in your educational systems, teenagers having sexual contests to get pregnant and dropping babies in trash cans.

Though I have my children thinking that our spirits are non-existent in your world, one knows after a time that you choose to work for the cause. Denying our evil, you have allowed yourselves and your children to be my children; conducting and imitating my traits and deeds, and rejecting thy son Jesus whom your God has sent to show you the way.

In your nations, you continue to kill thousands upon thousands of your own spirited flesh and blood every day thus I make it look necessary or accidental – man's many ills of society. Wars, hate, whatever it takes, I will be there collecting my faithless souls. You have brought much more warmth to all the dark spirits who also had no concern in their creation. Many of you have been told of my darkness; turning my evil into disbelief. I am glad you have chosen my way, blindly or with open eyes, instead of your God. Many of you have stamped your forehead with my Brand:

Desire Sign – 666  
S = Serpent  
\$\$\$ - I = I, Me, Self

This thought will separate and illuminate you in the years ahead.

## Today's Evil Doers

Evil through the back door out the front door, drug cartels abroad and, at our front door, modern gangs, hoods, recruits – they have arisen in every nation. Some more modern than others, they speak in different tongues though they are all one spirit. They will do anything to get what they desire. Everything that is evil is in their thoughts; giving their souls to the prince of this age and boasting of their lifestyle deeds.

Killing has become their thirst and favorite trait – killing your loved ones, your neighbors, your children. They are not prejudiced; killing anyone stepping on their path, even their own. We have allowed our cities, communities, and neighborhoods to be infested with their stench rising in the air. Many times, we know who they are around the corner, turning our heads without speaking up. Though once they get people hooked, despair and death are close behind. All the traits of evil they possess. Crimes that come with drugs are endless for they commit everything that can be done and has been done. Needing and wanting – the chain effect is immeasurable. Our government and media speak out that we have a handle on it. Home security is confused!

One trillion dollars entering America every year is being exchanged. Four hundred fifty billion dollars are allotted to the various defense departments, each receiving their share to combat drugs. The actual amount allotted to fight the war on drugs is a mere eight billion per year that goes to fight this pestilence.

Numerous drug cartels strike drug deals throughout the nations. American drug lords, and bosses, are many with their army of pushers. Cartels and drug czars, are positioned everywhere to accept huge quantities of shipments. Drug czars guarantee the drugs and their paths are many. United States represents the number one nation where these drug paths meet. Drug consumption is up in all the nations:

France – tripled its consumption in 2007  
England – doubled its consumption in 2007  
Spain – tripled its consumption in 2007  
Italy – doubled its consumption in 2007  
Russia – tripled its consumption in 2007

In all the nations, the pestilence of drugs has amassed. The paths of our societies are destined for destruction. The USA allots billions every year. The money direction must be redirected. America can stop three thousand semi-trucks at the border every year containing 1.5 million dollars worth of drugs. One hundred thousand human carriers with back packs filled with crack, etc., all furnished by cartels. Their losses add up to nothing for what gets by. In 2002, one man alone carried two hundred sixty three thousand packs of cocaine hidden in a train box car. In 2007, one man alone hid two hundred million dollars in his garage in Mexico. They're always thinking about tomorrow to amass again.

The Mexican government, along with other national governments, is being led by officials that have joined the cartels – all one family.

Quoted:

USA Drug Czar John Walters, the USA is seeking additional resources to prosecute traffickers of marijuana, which earn cartels about 8.5 billion, or sixty-one percent of their annual estimation, 13.8 billion in cocaine sales with methamphetamine.

Mexico City is the largest source of income for Mexico's cartel. More money and resources are being called out when every state in the USA is filled with drug prisoners. The court system is failed by drug cases that are so numerous everyday devouring our budgets. Something is not right. For the figures above, this amount of drugs would be a few months of profits. Countries that are rogue cartels have just become too powerful with their government influences. Citizens of Mexico, a nation that America has embraced for many years, have been given a welcome wagon, allowing millions to become American Citizens. We will continue to help and embrace the Mexican people. They, in turn, must embrace the USA. Both nations have given these cartels a long rope. That rope has ended. Mexico must put an end to the cartels for the Mexican people can prosper too.

### **Massive Immigration Destruction USA borders – Immigration Costs**

In 2000, 1.7 million immigrants were arrested and placed in local, state, and federal detention centers, jails and prisons. One million seven hundred thousand immigrants for one day, including food, housing, and medical, at 45 dollars per day and 30 days per month equals \$300,000,000. At a minimum, 300 dollars million was spent on immigrants illegally. This is only one sector of immigration. The total picture is disturbing when adding other nations. Laws in every nation must be kept morally civil. We can allow immigrants to enter legally social contract magazine being published – a must read.

Excerpt to Drugs

At the end of 2008, my transcripts were sent out to be published. Many unseen problems occurred on my side. Since then, a great deed that was long overdue has taken place. President Obama has declared war on drugs.

USA is now allotting added funds to the Mexican government to execute what has become a plague upon the nations. President Philippe Calderon of Mexico is taking unprecedented efforts to take back the country from the many people who have turned to the cartels. The Mexican people must come together to allow the sun to rise; participating in what will be a long battle returning the country to the citizens.

Here in America, our armed forces must return so we too can participate in what is needed on our home front removing the infestation of pestilence that we have become immune and comatose to. Millions of Americans are sick and tired of losing their loved ones and neighbors to this plague.

President Obama has stepped forward; your leaders must enjoin in your nation. There are many who speak “I have nothing to do with drugs.” This attitude will have to change for all communities the drugs have affected one and all.

American prisons have become the second highest expenditure in our nation, right behind the defense expenditures. The prisons are filled beyond their capacities while every state is battling to find money funds. Sixty-five percent of federal prisons contain Mexicans and other foreign immigrants; seventy-five percent for drug trafficking. I have spoken to many prison officials, they are more than glad to go back to their country and never return to America.

Nothing is said of the billions upon billions of tax dollars that go to a system that is not working. The pestilence of drugs is now a major business in the American prison system. Many guards have retired from filling their bags of treasures. Gangs and guards have amassed becoming one spirit. This is one fraction of the problems of drugs assaulting on our societies.

Young men from 18 years old are entering prison spending 5 to 20 years at a time for being arrested for possessing bags of drugs. Here in America, if one wants to go to drug rehabilitation centers the cost is one thousand dollars per day. Many centers charge thirty thousand dollars up front. Only our icon celebrities can afford to attend. Though they are dying every day before our eyes, there are no centers for the average American to be found. This causes US prisons to care for your loved one which is to no avail. Two million dollars per minute are made selling drugs to our nation. One trillion dollars per year of drugs is amassing into the country, state, city, community.

Today’s evil through the front door out the back door: financial mass destruction. Evil => conceives => disguises => devours => destroys with a stench=> covers up=> fades away. In every phase of our lives, our thoughts of money have consumed us. No longer being satisfied with our allotments, the steps in every nation have been taken.

## **America – Your Nation**

The American dollar, the worldly dollar has all taken assaults; every nation in confusion and turmoil. People not knowing their left hand from right and not concerned between right and wrong. We look at each other every day. What has happened to our countries?

By allowing many to escalate on devouring each other; acting like mere jackals. Looking for mankind to solve what has come upon us, our leaders and government officials who are passing laws and acts are freely becoming the assassins. Many have become eager beavers licking their paws to sell whatever is set in front of them. Allowing one to be veiled of their moral thoughts and ethics in all they do. American companies and American officials have enjoined together their worldly goals. American companies have become multi-billion dollar corporations on the backs of their fellow countrymen. Now that the fortunes have been secured, their thoughts are to turn their backs on their countries, for their bags are filled, moving the companies out of the country. Multiply one after another it has been done.

## Private Sector

Self-made men; what have they become in their pursuits and deeds? They have become lost in the race for bags of treasures. From here on, they know no loyalties to company or country. Their thoughts are of dollars they can conceive on the deal. One can make \$5 million, \$90 million, \$400 million in one transaction. Ask Bear-Stearns, AIG, all one year before the great fall. For greed can be traced, many bags filled – private government sectors.

Contact Michael Crowley about his thoughts. Read “Worst of America” at [readersdigest.com/Crowley](http://readersdigest.com/Crowley).

The usual merry men share not. Leaders, CEOs, government officials, Wall Street mega conglomerates, oil companies, etc. – the chain effect has covered the nations with all their deeds.

## Government Sector

The law makers create tariffs, taxes, and government contracts in all that they do or have done.

### Laws-Regulations-Acts

Car industry, one facet divided into other deeds. Elected officials have been busy over the years signing laws and acts that are not for the nation. Car companies in Detroit and Ohio have left the country, leaving thousands upon thousands of workers with families and deserting all, giving the illusion that the car industry will bounce back to glory days. They have bounced to glory out of the country, east, west, north, and south, never to rise again in the USA. It is one of the hundreds of acts and deeds, such as the Taft-Harley Act, in the corporation’s interests. The private sector and government sector, though separate, they have enjoined to one spirit. They have forgotten their first purpose to serve the nations. Instead, they no longer minister or care to be accountable to answer for their deeds.

We look for our government officials and leaders to do right for the people; except our officials are “us.” They too are in the same race for money and delights. Why should we be surprised? Allowing greed and corruption to lead their thoughts, progress becomes stagnant in all we do. America should be leading the world in endeavors and innovations. Instead, confusion has laid USA for years in paper work and laws. Selling all our technology to fill ones pockets, they have both brought this on our country men and, ultimately, themselves.

**Example:** Hydro-car, or hydrogen car, factories should have been in our thoughts twenty years ago. The hydro car technology can be implemented today. All the empty factories can be ready allowing auto workers to be financed for the endeavor. They surely bailed out Bear-Stearns and we are paying for it. Where are your auto workers?

Wake up! Hydrogen car technology has passed test after test. The technology will be buried if you stay dead. America should be at the forefront, not the back stop, of producing hydro-cars,

solar cars, air cars, empowered cars, etc.; cars that the world is calling out for. Where have all the new Howard Hughes' gone? Billionaires that actually could have some vision combining their bags of treasures?

In France, Zero Pollution Motors will be assembling air cars in 2012; unless a rogue purchases them to bury the technology. Americans, come together for your nation. During World War II, Americans came together for a purpose – building airplanes that were needed to win the war. Our airplanes contained 1.5 million parts. When all was said and done, our men and women were rolling a plane off the assembly line every 63 minutes. In an age of morality, a great gift to the answers we all need can be achieved. Though we will continue to be grounded in obstacles, our endeavors will remain stagnant until each person and country returns to a morally ethic society. You have been plainly told paying no heed. Those in high offices cannot see their deeds of being the conceivers.

Wisdom 6:24

*“Hearken, you who are in power over the multitudes and lord it over throngs of people because authority was given you by the lord and sovereignty by the most high who shall probe your works.”*

## Rogues of Every Kind

Evil => conceives => disguises => devours => destroys with a stench => covers up => fades away.

Habakkuk 2:9

*Woe to him who pursues evil gain for his household setting his nest on high.*

The fifty billion dollar man

America:                      Your Nation:                      Your Occupation:

The merry men of greed have arrived, reaching to the top. Self made men in every nation though they vary in stature and color. They have enjoined of being the same spirit. Their traits and deeds have been made known; they have not changed over the centuries. Nation's pawn money brokers have learned their trade quite well. In their race to live to die, their thoughts have enjoined them to greed and all that it encompasses.

Their pathways are to receive bags of treasures, filling up for storage. Now the merry men in their quest have transcended a new deed.

### Derivatives

Wall Street derivatives are nothing more than bets that something will prosper. They are pieces of paper whose only real value is derived from predestination or the chance that some tangible assets may apex to the top. For example, the home mortgage crisis is just one of their many conceived thoughts of execution. Wall Street pawn brokers have been busy bees with their accomplices – bankers, lobbyists, CEOs presidents, regulators, lawmakers, hedge fund speculators, etc. All have become gathered into one hive, or spirit, conceiving and packaging their derivatives into securities and selling them to their mama, to the wealthy, to pension funds, individuals, foreign governments; whoever they could reach out and sting for their massive profits. Thus disguised derivatives have consumed all; trillions upon trillions evaporating into thin air, hence where they derived – never to materialize again.

Lucifer: I love these guys.

In every nation, the pawn money brokers have conceived, giving birth to their stock markets from Dubai to Russia, China, Japan, Mexico, America, etc.; each nation receiving their self made men with open arms. In 2007, Russians birthed 74 billionaires. Americans birthed 72 and Dubai – they have stopped counting. Now all we see in the days to come are the very same scampering to fix their markets of fortunes though their mending here and there will be to no account for as

rapidly as they have ascended, their descent will be made known. In America, the nation's merry men are not done quite yet for they envision thoughts to reach out and take whatever they can place their paws on.

Stock shares in oil, commodities, pork bellies, etc. – what can be done will be done. The American nation's food surplus that the nation has built a foundation on will be devoured. This food supply is in their hands. Thirty-five percent of world farming lands have turned to planting food for animals. This is where their new enrichments lay.

That's what they do.

That's all they do.

They love in the doing.

For the multitudes who have taken on the very same traits and deeds in their quest to live have also enjoined themselves; moving to the top. Whatever it takes, the masses are willing to perform for their bags of treasures. They have made their free will choice of giving up their soul freely. Allow ourselves to step back and trace the endeavors of Rogues of Every Kind.

For their deeds always leave a stench of destruction they have stretched out their arms gathering willing accomplices. The inducers' endeavors may start with thoughts of good intentions. Though, after a time, they know their deeds; becoming enriched with self-illumination, conceiving and disguising their pathways in their quest to fill bags of treasures – many, of every kind, lose their way. From here on, the inducers take on traits and deeds of evil; allowing greed to amass. Their victims, from the very rich to those who invested their life's dreams and savings, are of no concern.

Rogues of every kind are still transcending in every nation for though they have sight, their blindness takes on; learning nothing, continually devouring and destroying the many and, ultimately, themselves. For the bags contain holes in every nation. They attempt to cover up the stench; hoping in time all will fade away.

The fifty billion dollar man and cohorts in your nation will be unveiled, after a time, of selling out their nation, company, ones fellow citizens and himself. Few will awaken. Even after that, a few people took their lives and moreover, as you know, their lays a chasm between love and evil.

Matthew 6:24

*“No one can serve two masters. He will either hate one and love the other or will be devoted to one and despise the other. “*

Whether you are a lawyer or janitor, enjoy and nourish what allotted portion of life you have been bestowed for one thing is certain – when evil intentions knock on your door, don not rely

on the world's delights, rely on the traits and deeds of our Lord thy God who always bestows hope, faith, love and a future.

Timothy 1-6:17

*“Tell the rich in the present age not to be proud and not to rely on so uncertain a thing as to wealth but rather on God who richly provides us with all things for our enjoyment. Tell them to do good to be rich in good works to be generous ready to share.”*

One thing is certain, sacrifice, humbleness, and charity will be known to the nations in the years ahead. Spiritual warfare, principalities and powers we are facing everyday.

Can you not see?

Can you not understand?

## Past Evil Partakers

The merry men and their evil deeds:

I have selected World War II for it was not that long ago for the millions of people that the anti-Christ decimated. Allow us the traits of their deeds of evil for they surely can be traced and made known. Evil conceived in containing the German people to take on their quest, disguises and the denials of their evil; covering up all to fade away with time.

After all was said and done, the anti-Christ was made known and fifty five million had perished when the war finalized. The mass destruction that the world experienced – did the people learn anything from that evil period? Yes, we did; absolutely. We joined together as allies to halt and stop the march of even further destruction. Today, America must stand again in leading the nations for this time the third anti-Christ is rising. We can be prepared this time around.

What allows humankind to submit themselves of the doing; blindly, or with open eyes, taking their portions of participating? Germany never saw what was upon them allowing their people to be contained, to be bearers committing mass atrocities by eliminating fellow humankind; killing them in every way possible, unmercifully.

The presence of evil showed itself. You can see, smell, feel, and taste it – evil contains a stench like no other. Hitler and his merry henchmen, the Nazis, the German soldiers their accomplices submitting of the doing. They loved what they conceived in their thoughts. This is how evil takes hold then it fades away. After the war, at the Nuremburg Trials –

### **War quotations:**

Judges, lawyers, jurors, soldiers, all just doing their job when asked “why did you send those poor souls to their deaths?” All answered “we did not know.” (disguised) How could you not know? Could you not smell the stench of human bodies burning or see the human ashes filling the air?

### **War Quotation:**

Martin-Niemoller

In Germany, they came first for the communists; then they came for the Jews and I didn't speak up because I wasn't a Jew. Then they came for the Trade Unionists and I didn't speak up because I wasn't a Trade Unionist. Then they came for the Catholics and I didn't speak up because I was a Protestant. Then they came for me and by that time no one was left to speak up.

Hitler, in his thoughts, wanted to create a new Super Race. Evil's purpose is always to turn a nation's people against each other.

That's what they do

That's all they do

They love in the doing.

Hitler, and his accomplices, in so much of his works and deeds, sounds like none other than the fallen angels and Lucifer himself.

Ephesians 6: 12-13

*“For our struggle is not against flesh and blood but with the principalities with the powers with the world rulers of this present darkness with evil spirits in the heavens. God is telling us plainly, we need to reach out to one another today.”*

Ephesians 6:16

*“In all circumstances hold faith as a shield to quench all the flaming arrows of the evil one.”*

Today are you just doing your job? Are you contained and somber? Do you live for yourself and your own race?

2003

The Justice Department is at work; busy allowing other industries the same deceits and delights. The Justice Department is allowing auto manufacturers to kill the electric car dead in their birth tracks. Texaco purchased GM Electric car interests; keeping the technology from going forward. They have buried it.

2007

The auto industry in Mexico just surpassed the United States of American cars being assembled. Why? Six dollars is on their thoughts. The whole package – \$137 billion dollars in profits for oil peddlers => in 2007, Americans picked up the tab paying the taxes in billions defending these same industries.

James 5:3

*“Your gold and silver have corroded and the corrosion will be a testimony against you. It will devour your flesh like a fire. You have stored up treasures for the last days. Behold the wages you withheld from the workers who harvested your fields are crying aloud and the cries of the harvesters have reached the ears of the Lord of Hosts. You have lived on earth in luxury and pleasure. You have fattened your hearts for the day of slaughter.*

*Endeavors, innovations in all we do should be on our thoughts. Our thoughts must have a purpose of being alive and not dead. Turn now to do right in all you do.”*

## Past Evil Partakers

From ancient kings to present day presidents, their pursuits and purposes are always the same – evil. Executing innocents of the nations so they can decide what will be called out or implemented. Though we have sight, we blind ourselves by enjoining with the partakers.

In 1927 in Magdalena, Mexico, the Mexican government conceived their evil portions that were to be poured out on their own citizens – Mexican citizens who were living and embracing thoughts of love and faith. Mexican President Plutarco Elias Calles transcended thoughts encompassing his directions of what will be placed, dissimulating the Catholics and their believers.

Who would envision such thoughts?

Violence erupted between the Catholic faith and the Mexican army that was sent in the name of their president and government officials to undermine the influence of Christian traditions and moral thoughts. Conflicts descended between church and state amassing in the deaths of priests, nuns, and the Mexican people. Once the stench began, it marched and all were executed. Two million people were devoured and are no more.

President Plutarco Elias Calles invigorated his conceived thoughts of unmerciful evil. His vision for change filled the air with millions of humankind dead. Now he could freely implement his purposes – starving, imprisoning, torturing, and taking of the land. Kill, kill was called out to control the faiths.

That's what they do.

That's all they do.

They love in the doing.

Allow ourselves to envision presidents in present time that have taken on the usual traits and deeds. The nations have their fair share and others that are ready to take their place. Keep an eye on your president, Mahmoud Ahmadinejad, and others unleashing thoughts of the same manner in their countries; always with thoughts that encompass a leader, a nation, an army – and the people allowing the bidding. Though their descent of their deeds will also encompass their testimonies for as presidents rise in worldly pursuits they adhere themselves to the gods of this age.

Your nation's leader – what legacy of thoughts will they envision? When one declares war, the people are supposedly informed of the ways and reasons. Soldiers are sent in to accomplish what is needed. To lead people in speaking out to hate a nation and constantly deceiving the people's direction emulates failure to rule though we the people allow these men, time after time, to

continue as leaders. We are facing a power that we do not understand. By the time we awaken of the stench, many will have perished.

The usual merry men – will the real president please step forward?

For the multitudes that adhere to their faith, their traits and deeds will not fade away. Mexico contains some of the most beautiful cathedrals and basilicas in the world. A testimony of endurance resonates in coming to faith. The many who choose to stay somber doing nothing wrong in your life journey have also taken on doing nothing right.

Galatians 5:3-4

*“For if anyone think he is something when he is nothing he is deluding himself. Each one must examine his own work and then he will have reason to boast with regard to himself alone and not with regard to someone else.”*

## **Disguised Evil**

The presence of evil disguised is one that knows not of the partaking. A teenager goes out to play baseball becomes upset takes a baseball bat and kills an innocent – story after story transcending around the planet.

A woman goes out to a bridge throwing her three little ones over then she decides to join them. Men and women are killing for financial gain, etc. and men are walking into schools killing our innocents with nothing else on their thoughts; multiply all in every city and nation, it has been done – one way or another.

Can we not see the disguised evil and its presence in “we the people” – devouring each other in every way? Do we need billboards or the writing on the wall? Atrocities committed everyday in our nations consuming each other on our thoughts. We are facing a battle of spiritual warfare, a spirited battle we know nothing about or understand.

Though, if we look closely, the traits are always the same. In every age, evil descended on the people that had become worldly chasers in every way. The German people knew not what descended on them; consuming the world and ultimately themselves, becoming blind to the atrocities in their march of world dominance.

We talk and talk, looking at what has gone wrong around the planet, looking to hear ourselves, the contributors, for the answers. Though we rely on our own wisdom and knowledge, it has become meaningless. We see everyday Christian tradition swept away in all we do.

The gods of this age have humankind puffed up in unbelief. They think they are self made. My spirits are beyond their reasoning and understanding. We have become inconceivable therefore, my fellow spirits are nonexistent.

We have humankind killing hundreds of thousands every time our thoughts are taken on. They kill their own flesh and blood not knowing, or caring, of the doing. We make it look necessary, accidental, humankind's ills of society – whatever it takes I will be there. Our favorite is getting leaders puffed up in their thoughts that care not to listen to what the people want. Going to war where we amass in all atrocities; sometimes we are amazed at how easy it has become.

James 4:2

*“You covet but do not possess; you kill and envy but you cannot obtain; you fight and wage war; you do not possess because you do not ask.”*

Take time from your so busy lives on the technology toys and pray and ask.

Disguised Evil: Always contains a purpose.

#### The Movie – The Godfather

Where evil => conceives => disguises => devours => destroys with a stench => covers up => fades away.

At the Vatican in Rome, the Pope (John Paul I) was found dead one month after being elected. The Vatican cremated the Pope instead of burial. Now if one would go back into the Italian newspapers, many scenarios were rumored around the world. Nevertheless, what followed erupted to the surface?

Allegations against The Vatican Bank and the Ambrosiana Bank came to light soon after Signor Roberto Calvi was found dead under a bridge, supposedly of suicide. Then the Great Escape transcended of the Italian banker who had been detained in a Swiss Security Prison. The Vatican (Curia Senate of Cardinals) and the Vatican church were assaulted and depreciated. For what a few men conceived in their thoughts, where you have thousands of priests who have devoted their mind, soul, love for our God.

The evil executed its stench and faded away though the deeds were accomplished. One can examine century after century how each nation can trace the person, leaders or high official positions that were destroyed. They flourish in this realm for their thoughts are not questioned and great powers of thoughts are behind the scenes.

The assault upon the Vatican spread quietly throughout the Catholic world. Churches, convents with Catholic schools were all part of the foundation of Christian thoughts. Here in the US, the

effects became massive in its path for Catholic churches in every state at this time period all contained convents with nuns to teach in the schools. The deceit was done. Nuns and convents that were part of our communities were gone; never to arise again, all faded away. You still have a few schools and convents left though nothing that compared to what the US contained and all that came with it – spiritual teachings.

If you are a Christian, one should respect each Christian denomination when assaults are conceived. God knows his Christians.

## Preface to Egypt's Pyramids

One of the seven wonders of the ancient age, the Egyptian Pyramids of Giza, have not moved one-quarter inch from their foundation. They alone remain intact while the other six wonders have succumbed to pebble dust – lost forever. Recently the excavation of the Hanging Gardens of Babylon has been unearthed. Though very little remains intact, the authenticity allows their existence. Television specials and radio talk shows have done numerous documentaries. There are theories of an extra special presence of knowledge that illuminates their construction.

History books of every kind have Pharaoh and his one hundred thousand slaves constructing the massive pyramids in their dynasties' infancy. What would your thoughts be if you walked out upon the plain desert 4,600 to 5,000 years ago? Before your eyes stands a forty-two story sky scraper, so massive it takes your breath away, containing 2,444,000 stones, each stone averaging 3-tons, 5-tons, and 15-tons in weight, depending on their placement.

Pharaoh knew, after a time, he and all the slaves in the world could not build such greatness so Pharaoh decided to claim his greatness that lay before him.

Enjoy the Pyramids.

## Egypt's Pyramid in Giza

Isaiah 19:18

*“On that day there shall be five cities in the land of Egypt speaking the language Canaan and swearing by the Lord of Hosts one shall be called City of the Sun.”*

Jeremiah 32:19-20

*“Great in council and mighty in work which has set signs and wonders in the land of Egypt even unto this day.”*

Humankind's thoughts and theories on the building of the pyramids have been written that an extra presence of knowledge was involved in their construction. History books have the Egyptians building the pyramids in their dynasties' infancy. We also have read books that we were descendents of apes. Allow ourselves man's knowledge at that time – the infancy of the Egyptians. They did build Mastabas that were step pyramids. Later in time, mini pyramids were constructed throughout the regions and others followed around the world.

The Egyptians did worship the Sun God. Inscriptions are present in all of their tombs, temples and Mastabas containing their stamp seal. They developed hieroglyphic forms, hieratic, and demotic that, when translated, allows us into their thoughts and beliefs at the time. Pharaoh's thoughts were of being gods, ruling for 3,000 years. Imhotep 4,600 years ago was written to be the builder of the first step pyramid a Mastaba – a photo of that construction which matches the time. Pharaoh Cheops has been written to have built the main pyramid a century later which he named after himself.

Today, if man were to step out to the desert to replicate in building a pyramid of stones gathering experts in science, technologies, modern machines, cranes, the top architects, they cannot duplicate the sheer perfection of the pyramids. Time has gone forward though the pyramid has not moved one-fourth of an inch off any setting from the foundation, even after the great flood.

The pyramid stands intact; estimated time close to 5,000 years. One of the seven ancient wonders of our planet, it alone remains a wonder for the other six wonders have succumbed to rubble and dust – lost forever, by purpose or chance. The pyramid stands 450 feet at its apex, thirteen acres containing 2,300,000 stones sealed with another 144,000 flat stones to give smoothness to the outside; for a total of 2,444,444,

Inside of the pyramid, the first passage chamber is named the King's Chamber. The second passage leads to the Queen's Chamber. From here, you descend down to a subterranean chamber. Now all the chambers have been named after the Egyptians; historians came around. The King's Chamber resembles the Lost Ark if one was to have contained it. The subterranean chamber also seems to have had a purpose if one looks closely.

The Grand Gallery contains two rows, 70 tons red granite stones, both in one piece no cut fittings. On the rock foundation, 2,444,444 stones were assembled, each massive in size, 3 to 15 tons. According to their placements, 206 layers formed of stones on the outside sealed with 144,000 flat stones standing 42 stories. Historians differ on estimated time 19, 20, 30 years to complete the construction depends what historical books you read.

Now allow ourselves to see the great feat that laid ahead for the architects of Pharaoh and the manpower to assemble the Great Pyramids. One hundred thousand men have been written to provide the labor force; the choice of bedrock or stone strong enough, large enough to contain the enormous weight of stones, to secure the foundation; a rock quarry within workable distance from the main work site that would provide the precision cut stones. Measurements of the stars must be calculated for placement. This in itself allows their great find of a flat stone massive in size out in the desert. Wooden sledges must be erected. Trees gathered and transferred to cut into planks to assemble for transferring the stones, and ropes to secure the stones enough to give slack to each team dragging and pulling. All of this at a time when the wheel, horse and oxen were not present.

The architects of Pharaoh would have to overcome the following to accomplish the feat:

Chisels – copper was written, one chisel per stone – 2,444,000 for replacements. Tools today would have a time chipping for weeks on one stone to accomplish perfection. Mans thoughts and weapons would be their first choice as always.

Ropes – ropes made of river twine to move, secure, and drag up the giant ramps; 1,200,000 less than half per stone; rope makers must be kept for repairing today ordering that many in USA would be hard to fill.

Wooden Sledges – time consumption to find the trees and cut into planks also to assemble the wooden sledges to slide the massive stones.

Ramps of Dirt – to slide and climb to place the stones; dirt is plentiful in the desert, human ants becoming earth movers with containers filled with sand; tons upon tons for the ramp scaffolds; forty-two story dirt ramp; this feat alone would take years.

2,444,000 stones – 3 to 15 tons transferred to the worksite from a rock quarry within distance. There is no quarry excavations or traces left trails left or stories told of the feat.

Cutting the stones – fitting 206 layers of massive stone, each cut in a precision cut that a piece of paper could not be inserted cutting today with modern saws one must take time to achieve such precision.

Two – 70 ton stones – red granite stones placed inside side-by-side in one piece these two stones would be a great find and to transfer for they are not part of the foundation base.

Cheops – On Cheops, the head capstone was not included. The sure weight of tons of stone the foundation would hold all of Manhattan skyline average stone 7.5 tons per stone x 2,300,000 + 144,000; 1 x 15 thousand pounds.

144,000 flat cut stones – professional builders that make a living of constructing buildings admit that a certain pressure is called for to secure the tightness.

Crossing the river – crossing 2,444,000 stones mass in weight would take years in the feat.

100,000 man power – has been written to achieve the feat; allow to feed them and supplies that were necessary.

200,000 meals per day, eating twice per day

1, 000,000 meals in a 5-day work week

52,000,000 meals in a year x 30 years (or more)

Nourishment must be maintained to sustain the men for the desert. The sun can reach 130 degrees on clothing; protection must be maintained. Water and goats must be in abundance their supplies maintained; goats were their main food source of meat. One could go on the fact the feat in that time was impossible. Just like today, the Egyptian's Pharaohs all found themselves in wonder standing next to a structure of 42 stories before their eyes for this very reason they spent the next 3,000 years of devoting to build their spiritual edifices.

Valley of the Kings becomes a perfect example for it allows us to know their construction knowledge and exploits; their wisdom of building skills of the time. Pharaoh's tombs at the Valley of the Kings, Pharaoh knew that he could not erect a pyramid for Imhotep attempted with the Step Pyramid, the Mastaba, which was a failure.

Pharaoh ordered his architects the task of building a structure to bury himself and all royal heirs. The architects decided the only way to accomplish such a feat they would search for a mountain side with caves. One that contained honeycomb pockets that nature formed in an array of sizes.

Architects were relieved for now the feat was possible they had the men bore through the honeycomb pockets. Expanding them, boring tunnels, walkways, walls all to their designs. The walls contained jackals, cobras, crocodiles, all to their beliefs and spiritual thoughts.

One tomb contained a 6-8 ton granite stone that came from Aswan – one hundred fifty miles away. The transfer of this stone became a feat in itself. Finally, after weeks, they had to cut the stone to fit in the tunnel. Pharaoh's Valley of the Kings becomes a great find for all that it contained. Recently, teams have x-rayed the tombs and have made a 3-D film where one can view the inside of the mountainside. X-rays of the pyramid have been attempted and they give out a different reading each time. No writings of desecration were found.

Ramses II and his son Khaemwese removed many of the flat stones; the Turks were also part of the removal for their edifices Khaemwese studied the pyramid trying to gain entrance looking for treasures. Here again allows us that no one could gain entrance until the ninth century when a group of men continued over nine years chiseling a small hole. When they finally broke through, no treasures were found unlike at the Valley of the Kings where the treasures of the Pharaohs were discovered.

In 1963, a Swedish team of engineers decided to save Ramses II the Royal Family that contained four forms of bodies seated carved out of the mountain side. This again exploits their knowledge of building skills and comes together with Valley of the Kings for now you have similar man's knowledge co-existing at the time. Where with the pyramid that knowledge was never allowed to be known or duplicated, the feat could not be the Egyptians and modern wisdom will also fall short of the perfection.

#### **Quote from Reader's Digest:**

Napoleon when in Egypt was told that if the stones were cut in one-foot squares one could surround all of France with a 10-foot wall.

Man's thoughts and knowledge here is another theory by man and his thoughts. The construction in photos allows us that smaller pyramids could be built with this concept for mini structures. Here the weight of the stones and this construction concept does not allow the inner structure to be hollow.

Ramses you can see the mountain side that the Egyptians chose the same thoughts with the Valley of the Kings. They did not consider about star placements on either structure.

#### **The British Museum in London**

Department on Egyptian artifacts have contained for years the excavation findings of various pyramids by numerous Pharaohs. Just recently they have decoded some of the artifacts that have been in their position for some time. Now in all the various pyramids, the excavation artifacts examined and decoded. Acknowledged that their construction structures were built after the main pyramids, these structures contained hieroglyphics and the Seal of Pharaoh corresponding to the linkage of the Pharaohs.

As you have read, Imhotep built the first Step Pyramid wanting to emulate what lay before his eyes. All the excavations they unveiled the smaller pyramids surrounded the main pyramids up to a quarter mile away. Their thoughts of the time were to carve out a tomb in the rocky ground for burials. From this point they erected small Mastabas on top. In these structures, they constructed courtyards and burial temples all surrounded by a wall.

Few Pharaohs that followed attempted to erect a pyramid without success in trial and error. After their failed attempts, their thoughts were to structure smaller, square like mini pyramids that they could control the weight and balance from collapsing. One's thoughts must be considered in erecting such precise pyramids. In the early dynasties, Pharaoh's architects contained such knowledge. Where did that vaporize to? For the many mini pyramids that were constructed after were not even close to what laid before them.

Would not what was accomplished before be made known with some similarity and consistency? Would Pharaoh not match the greatness that lay before their eyes? Their thoughts were to claim that greatness by placing their names outside of the main pyramids. For one must take into account that the structures were impregnable.

The sheer grandeur inside and outside of the pyramids contain mathematics, geometry, geography, astronomy, the mystical genius of architecture that remains unknown to humankind. Mother spirited earth unleashing all her earthly spirits of aging also could not falter the structure. For the pyramids are a seal of endurance and perseverance by the divine hand.

Ezekiel 29:12

*I will make Egypt the most desolate country in the world.*

Ezekiel 29:13

*The sovereign Lord says, I will destroy the idols and the false gods in Memphis.*

The Lord they God tells us plainly their buildings will become ruins. Anything that man builds will stand only for a short time before it returns to dust.

## **Preface to the Master Builder**

God called out to one of the seven stars “today a great vision will be bestowed. Transcend to all my sons of light that upon the earth a great monument will stand today like no other. Call upon my child Enoch and tell him that his God has chosen a vision that will be made known this very day.” In the words of Enoch, “I awakened by a very bright light. From the light a form began to manifest. Calling out my name, ‘Enoch do not be afraid.’ Today, our God has chose you to join me, a great vision will be made known.”

The messenger of great light touched my hand at that moment we appeared above a plain desert. I spoke out, “why have I been chosen?” The messenger spoke, “allow patience for all will be made known. Enoch look below, for the vision is upon us.” I looked down upon the plain desert.

## The Master Builder

Job 38:4-7

*“Where was thou when I laid the foundations of the earth? Declare if you have understanding, who laid the measures there of if thou knowest or who stretched the line upon it where upon are the foundations there of fastened; who laid the corner stone thereof.”*

Isaiah 19:1-9

*“In that day here will be an altar to the Lord in the heart of Egypt and a monument to the Lord at its border; it will be a sign and witness to the Lord Almighty in the Land of Egypt. “*

God called to one of the seven stars “today a great vision will be given. Call upon my prophet Enoch, transcend to him today a great vision will be known.” In the words of Enoch, “I awakened by a glowing light upon me. At this moment, I felt that I must be dreaming. The light became larger. A form of a man began to manifest dressed in a white robe sprinkled with gold. My thoughts at this time were being afraid until the man called out my name, ‘Enoch be not afraid for our God has sent thy messenger. Today you have been chosen to see a great vision upon the earth. Come now for they are to start.’

The messenger took my hand. At that moment, we were placed upon a white cloud. I asked, ‘what am I to see?’ The messenger spoke, ‘allow yourself today patience and all will be made known in time. For look what is upon us.’ Below the plain desert, six men appeared. They were carrying a large rod stick. They took the rod stick piercing the plain desert.

Hence a great trembling eruption began upon thy desert. A massive stone started to rise up from under the sand. To my eyes, it appeared of a very strange shape. Surrounding the massive flat stone appeared to be valleys. From my count, twelve valleys containing an array of formations and stones varying in colors and sizes.

The first valley contained jasper stones  
The second valley contained sapphire stones  
The third valley contained chalcedony stones  
The fourth valley contained emerald stones  
The fifth valley contained sardonyx stones  
The sixth valley contained carnelian stones  
The seventh valley contained chrysolite stones  
The eighth valley contained beryl stones  
The ninth valley contained topaz stones  
The tenth valley contained chrysoprase stones  
The eleventh valley contained hyacinth stones  
The twelfth valley contained amethyst stones

The messenger spoke out, 'look upon the whit flat stone.' Six men raised their rod sticks and commenced cutting an odd shaped piece from the flat stone. For now, two stones were to be looked upon the large flat stone and the new cut hollow piece of stone. The men called out, "we need thy help." I spoke out, "to whom are they calling for help?" The messenger spoke, "look what is upon us?"

At that moment, a large light appeared the light dispersed dividing into smaller lights. I counted twelve that came to be forms. They too manifested like before – twelve angels with glorious wings. All twelve began lifting the new hollow stone. The stone began to illuminate, one like me could not look directly with thy eyes.

My mind of thoughts became confused. I spoke out to the messenger. What are these two stones to do with me? The messenger spoke; do not burden yourself for understanding will be given. For now, the vision is upon us. The six men called out and they appeared numerous ones such as themselves.

Today we are to build upon the flat stone; the twelve angels started singing. They told the men to clean the stone and prepare it. The six men called out to the angels, take the rod stick and go beyond the twelve valleys; pierce the plain desert with thy rod. The angels departed. Holding the rod stick, they pierced the desert floor. The same trembling sound as before, one could hear from above.

The desert sand began to swirl into a massive funnel of sand. When the angels lifted the rod stick, the funnel of sand was gone. There laid beneath a deep cavern of stones. The six men called out to the angels descend into the cavern and bringing ten stones. The angels, after a time, ascended with ten large stones. The six men called out, all stones must pass through the new cut hollow stone. One by one the angels passed the stones giving them to the men. For they began to build twenty four stones were called out to the angels. They were to pass in the same manner.

The angels were very busy, departing and arriving with the passing of the stones. Thirty-five stones were called out to the angels. All were laboring and singing. Again, they called out forty-five stones. After a time, one could see the rows of stones were cut and fitted into the flat stone forming a foundation. The six men called out for all to cease laboring. At this moment, I turned to the messenger. Are they done? The messenger spoke, Enoch you have always contained fine virtues though patience you still need to attain for look what is upon us.

The six men called out again to the angels, go to the twelve valleys and bring unto us more stones for there is much work to be done today. The angels departed to collect the stones from the various valleys. On arriving, carrying the stones one could see these stones contained an array of beautiful colors. They too passed in the same manner as before. This time, something very different occurred. For the men cut and fitted the stones each of the stones that contained their radiant colors took on a white color losing the radiance of which they contained. The laboring continued for there were numerous stones to be fitted.

Now the six men called out for all to cease. I asked the messenger, “Why have they stopped building?” The messenger spoke, “The structure has not been completed.” For now the stones must be examined that have been fitted. Look what is upon us. Out of the clouds twenty-five men appeared one was surrounded by the others. The one was much taller in stature. He started tapping the stones with the rod stick. Upon tapping the stones one instantly could see certain stones turned black. The man of stature called out to the six men, these stones have been rejected.

Take all rejected stones and replace them. Place some to the sides of the walls and place the others inside forming two rows. The rest scatter throughout the earth. Take the rod stick, go to the belly of the rock cavern and pierce it. At once, the twelve angels departed. They pierced the belly floor. While the twelve angels were ascending, rushing water followed them forming a large body of water. The reflections of water could be seen throughout the desert. At this time, I turned to the messenger, “You know my thoughts?” Yes, Enoch, though the wonders have their purpose look what is upon us.

The man of stature called out, now enter the water and bring thy stones to replace those rejected. All were laboring, passing the stones. The men cutting and fitting from now all stones from the water had been done. We now are ready to give the outside a sealed finish. I heard 144,000 stones will be needed. The man of the stature called out to the twelve angels “take the rod stick go to the body of water and pierce the surface.” The twelve angels departed piercing the surface of water. Upon the touch, instantly the water began a cracking sound for the water started to crystallize forming numerous flat like stones. Each of the angels began arriving with the stones. Passing them in the same manner, all the men placed the flat stones on the outside sealing the structure.

Once this was done the man of stature called out to all, stand back and look upon what we have built upon the earth. All began rejoicing in song. The messenger turned to me, Enoch have you nothing to say. I stood without a word looking upon the structure. It appeared as a white pillar glistening in all directions as if it had fallen from the heavens. At this moment I spoke out, “Messenger, why have all left from laboring? For surely one can see a capstone is needed?”

The messenger spoke out, Enoch this is your time, ask of me whatever you desire to know. We descended upon the desert floor. When my feet touched the sand, the massive pillar structure lost its brilliance taking on the color of the desert. Immediately I spoke out, messenger how can this be for this pillar of stone my father gave me at my birth? The messenger spoke, yes, Enoch, that is the very reason you were chosen to take you back in time for the vision would allow you what you needed.

Messenger, I have many questions.

Yourself, messenger to start?

Enoch, I am one of the seven stars. We are arch angels who serve as guardians to serve our Lord thy God. We preside over the seven churches on the physical earth.

Who are the six men?

They are my fellow archangels who preside carrying the rod stick upon the earth. We are called upon to do his bidding when a nation or person turns from the delights of the physical world. We cannot intervene to do spiritual battle with the unholy though once they turn to choose freely two battles are ignited.

The first (The Netherworld) where they lay in darkness.

Second, they are humankind that has given themselves freely to take on the traits and deeds doing the bidding of the casted fallen.

Tell of the massive flat stone that became two.

The large stone that arose represents our God creator of all things God dispersed his essence in all seen and unseen. The smaller stone that became hollow represents the Son, Lord Jesus. God gave his son to all. He is the key to the kingdom to come.

All who enter must be made worthy through purification. For no one enters without the Son, Lord Jesus. By humankind choosing to light their holy spirit, they awaken to start their eternal live journey. Their first installment!

Why the twelve valleys?

They are the twelve nations and from their seeds will be the foundation of the physical world. Though all are different in colors, sizes, and tongues they are of one spirit. For our God knows his children. For God has made known thy purpose of the twelve generations will continue. Every nation will have their tribulations which they bring on to themselves. Everyone will be accounted for.

Why the ten stones?

They are the solid foundation for the nations for one does not build a foundation on pure sand. Ten simple laws to live by given to the twelve nations. They are necessary for a society to prosper entrusted by all. Religious and moral thoughts working together to be built upon, the two cannot be divided for one can see clearly when a nation's people go their own way.

What of the twenty-four stones?

They are also part of the foundation; twelve tribes and twelve apostles who built on the rock of the word of our Lord thy God. They are the twenty-four thrones who surround our God; twenty-

four elders who endured living in the physical world with God on their lips, minds, and souls. They fortified their hearts to allow their perseverance of the word to be known to the world. They have been given the kingdoms for turning their eyes to awaken. Esdras 2:43-47.

#### Tell of the thirty-five stones.

They are the prophets of god, given to the physical world. The prophets revealed the truths of the unseen, enabling humankind to have sight. Prophets told of transcending wisdom, knowledge, and prophecies to avoid the deceivers.

#### What of the forty-five stones?

They are the foundation of the many saints that each generation will be given their spiritual seeds will too go out building great things by faith. These seeds chose freely to illuminate their spirit power which is given to all. Some will build monasteries, convents, churches; spreading the good news. Others will build in helping the starving – the needy. Some will build charities of every kind. Each seed will multiply bearing much fruits. The word journey will travel from a minute group to conquer empires and will cover the world. Who can impede, they will be done.

#### Tell me of the Man of Stature, the twelve angels, the labors.

The Man of Stature is our Lord Jesus. The twelve angels are all the tiers of angels. The labors were the guardian angels. Each has their guardian angel; they convey when one calls out to accept their spirit – asking, seeking, and knocking.

#### Why did some stones turn black?

They were the stones rejected by Jesus the son. The stones put to the sides are the people who have heard the word of our God and were joyful until the deceiver offered them the pleasures of the physical world. Some will return; others love their ways much more. The stones placed inside heard the word and separated themselves from the beliefs. After a time, some will return and awaken to endure to the end of their life journey. The scattered stones heard the word for a short time. They turn to pursue their achievements in the physical world. They disguise their loss of faith.

#### The stones from the water

For one who dies in the physical world lives to rise, they are the people who have faith on their lips. They have allowed the deceiver of spiritual abuse to come upon them; spiritually abusing their thoughts to become somber in spirit. In order to rise in spirit, they must descend into water, ascending reborn of Spirit.

#### Tell of the 144,000 flat stones that became crystallized.

They are the ones who have been marked with the seal. They are the 144,000 Israelites who lived and devoted themselves; sacrificed, humbled, helping in living as teachers, ministers to the people. For they knew that the enemy we battle is not each other but the deceivers.

Rev. 14:3

*No one could learn the song except the 144,000 who have been redeemed from the earth.*

Why after all that labor a capstone was not laid?

Enoch, there is coming a time upon the earth that each nation of what they illuminated will be made known and will be accounted for their thoughts in that journey of turning, stretching and helping one another; the nations who only thought of war and self thoughts for they allowed their leaders to do their deeds. The signs have been given for the people who paid no heed to these very signs. They bring on the fitted capstone.

Messenger speaks

Enoch, you were bestowed the vision for God wanted you to know all that you have seen. For your time in the physical world is measured in days. Enoch, go now and tell thy loved ones only of what you have seen today – that our God wants you to join him. Take the time to say goodbye for now. When you are ready to return, place your hands upon the stone.

## The Nations

Jeremiah 18:8-10

*“But if that nation which I have threatened turns from its evil I also repent of the evil which I threatened to do. Sometimes again I promise to build up and plant a nation or a kingdom but if that nation does not what is evil in my eyes refusing to obey my voice I repent of the good with which I promised to bless it.”*

Mark 8:36

*“For what does it profit a man if he gains the world and forfeits his life.”*

God will search out to the people who emulated to teach love and peace. Though they were not raised with Christian beliefs, God allows divine providence to all for their traits and deeds.

Gandhi – Tibetans – Buddhists – Taoists

## **The Nations**

Will the sun set for one more day for every nation? We have gained nothing in wisdom and knowledge from our past deeds. Each nation contains their history of what they illuminate and one can trace their past and present. From here on, all steps will be known and accountable. A window to the past has always been bestowed to all to guide our steps to learn and take to heart.

The original twelve nations were sent out unto the planet. They left in one spirit though over time they separated to fall to their own thoughts. The nations, leaders, people who have separated choosing to partake in exterminating starving, persecuting, ethnic cleansing their fellow human kind. They send their armies and terrorists to do battle for their purpose. Their thoughts of conceiving to do evil in every decade, whether it is one spirit or millions of humans, will be found to stand for their decisions have been told plainly.

A window is open until 2012 which will be a year of many tribulations. One can see the writing on the wall: fuel, shortages of every kind, housing markets, millions of people losing jobs and homes. Commodities of every sort will rise. Oil nations stopping their outputs to raise prices holding on to what they have much. All nations can help if we turn to awaken – turning our thoughts of one nation helping another nation.

One can see already which nations are going to help and the nations that will hold on to their surplus. Few will reach out forcing their thought to take but take and force they surely will. The nations who will rise to help each other will be made known.

### **Brazil**

The sun has arisen high for Brazil in the world. By the year 2012, Brazil will amass to an economic super power. All the super powers will have to move over a notch. Sao Paulo, one of the largest cities in the world, contains one of the largest exporting ports – a commercial mecca peaking by the day. Brazil ranks fifth worldwide in both area and population and is given a gift of the world's largest tropical rain forests, one of nature's wonders of the world – by coincidence or purpose? The Great Amazon also runs through this vast tropical rain forest. Humans now have intruded nature's great wonders on their path to become a super power. Deforesting; what was given to be entrusted to all nations.

Brazil bestowed the most fertile farmlands and lush grazing areas in the world. A land of milk and honey; its treasures are growing so rapidly the Brazilian people bursting with fruits. Rich in natural resources have created a country that economic super power thoughts are inevitable. Brazil is the largest coffee, tobacco, timber and beef producers on the planet; with a variety of agricultural goods from bananas, cocoa beans, corn, soybeans, and nuts, whatever they stick in the ground.

## **Sugar Cane Plants**

In the 1970's Brazil awoken to the high cost of imported oil from the Middle East. Their thoughts were to develop a program that would free them from the strangle hold the Middle East possesses. Brazil developed a program that surpassed their dreams. Sugar cane plants have turned into black gold. Ethanol fuels are on the lips and thoughts.

They have constructed and amassed distilleries turning out the world's greatest amount of ethanol fuel. There are thirty-five thousand gas stations in Brazil. A gallon of ethanol averages \$2.00/gallon. The rest of their pumps contain 25% - 30% ethanol added. Just by planning ahead, planting sugar cane crops, not corn. Brazil is not only the Mecca of ethanol; they're able to export to the world.

Brazil contains five million cars fueled with ethanol, air, water and crops are not compromised. China and the rest of the world can take to heart and learn something. In China's pursuit to become a super power, they have compromised the air, water, food crops; manufacturing factories are toxic in all they do. The Chinese depend on the world to feed their nation. They have been buying from Brazil everything they can.

Brazil leads in steel production, auto manufacturing their assembling airplanes, ranked number three behind Boeing, Airbus which will be changed at the pace they are setting. The president of Brazil, as a boy, shined shoes for money. He has assembled a government to change Brazil, to enlarge the middle class and help the lives of the people living in the slums for decades.

For years, landowners, executives, government leaders, and elite cartel kept the fruits of treasures. Now those treasures must be shared for Brazil to prosper. In taking a giant step to become an economic super power, they have deforested the Great Rain Forest. Brazil can still prosper though they must stop deforesting anymore of the rain forest. What lands they have cleared are more than enough to suffice their giant steps. Brazil is a major branch in Christian-Catholic. The Brazilian people must take to heart what happens to a nation that forgets their God and lives to run for a material world. My hope is that Brazil becomes a Mecca of Prayer along their journey to becoming a world power. God knows his Brazilians that will rise.

## **America – Your Nation**

Will the sun rise one more day? America is escalating; allowing our nation to be contained. The window can be held open for only a certain time. All our problems and solutions have gone beyond our thinking capabilities. The illusion that all will pass a phase transcends an absolute deception. Our wisdom and knowledge has become meaningless. We have allowed ourselves to fall. God bestowed America to be a Christian nation; to rise like no other for a purpose – to stretch our arms in hope, faith, and love to the world. Nations who fell to despair need a helping hand. This country was formed by the divine hand for his purpose and ours. Wake Up.

Today we have turned our backs on our Creator. He who bestowed our nation to rise to greatness among the nations, this gift was not by coincidence for this very gift allowed you to have what you have. All that came of being an American.

We have allowed ourselves to turn to our delights like the past empires devouring our own like mere jackals. The streets are filled with drugs, greed, lust, murder, conceiving for tomorrow in all we do. Leaders are acting without listening to the cries and moaning of the people's needs. Government corruption influences are at every level. Our officials take on Godly traits. What can it be that causes human kind to reside in their thoughts to freely destroying each other? America awakened after 9/11. We sparked for seven days then we fell back to let our leaders solve the problems; forgetting we are one and the same. We call ourselves proud Americans – well now prove it. For this is our time. Can you understand? Can you do what is needed? Can you sacrifice? For it will be called upon all. Can you humble yourself? Can you take that pride and apply it to spiritual energy to generate what can be done?

The battle for your nation is upon all and the stench has begun to rise in the air. We must start today, everyone is accountable, leaders, government officials, and ourselves. All must know we are aware and the deceits will not be acceptable. Send faxes, text messages, telephone calls, email, letters whatever calls out. Join others forming groups calling senators, governors, etc. speak to US Representative, speak out. We have allowed our government leaders to lead us into mass economic debts. Terrorists have us boggled down for their purpose, their disguises and debts. Bring our brave soldiers home, helping here at home. Soldiers must be cared for Medical needs. Veterans Administration (VA) hospitals do not have the resources for Iraq Vets already homeless, drug abuse, suicides, problem of unemployment. America is being lost American thoughts have been busy enjoying every freedom bestowed to us.

Taking every drug that is placed in front of our eyes, illegal – legal. We have become immune in all; becoming the party nation. Hanging loose hangs on our thoughts that succumb to our delights in all we do. Meanwhile our cities have become battle grounds. The real war is upon us. Amassing every year, we're so confused with the deflections we did not see it coming. We're out fighting a war aiding our haters when the nation – Christian nations – battle is being played out. We spend 1.8 million dollars per minute going to 'war weapons' when we have stock piles to blow the world up 100 times over. Our educational system is being destroyed. Teachers by the thousands put our schools closed. Representatives calling out we need the money for fixing bridges and roads. We cannot afford to give funds to the schools. What thinking is this? One trillion dollars every year on wars and weapons

Government officials spend their time and millions every year on little deceits. Holding hands with judges and prosecuting a few athletes for hormones. While one fighting with dogs at his house. They could have paid fines and built an animal shelter for the deeds, etc. while generations of our children are dying and killing each other, taking down their family and loved

ones. We are unable to think of changing our thoughts when left to our own thinking. Awaken for a divine intervention is to be called upon – non-believers.

Cost of war \$2-3 trillion dollars when all is said and done.

The “Could Haves”

1,000,000,000	1,000,000,000
New hospitals	Hydro cars, air, solar cars
Medical clinics in every city	Planting vegetation
Medical colleges	Drug treatment centers in every city
Research on crops	VA Rehab Hospitals
Food-water-supplies	Housing – revamped
Fish-farms	Lower payments so people can save money in banks.
Solar factories, etc.	Air fleet factories
Social security fixed	Every house solarized
Schools - moral values	
Christian schools	

Can we have thoughts of not war and weapons – money, food, medical schools for nations that are in despair?

Deut. 28:12

*“The Lord will open up for you his rich treasure house of the heavens to give you land, rain in due season, blessing all your undertaking so that you will lend to many nations borrow from “none.*

This tells it plainly what our many gifts have been when we are to fight helping others. The millennium calls for new war tactics, strategies in warfare. Sending in the cavalry is gone that’s exactly what the world haters count on. Modern warfare with united forces that strike and leave to strike again, asking the people in that nation to give up their leaders who care not for the people.

**Russia**

Nation of wars with past deeds even upon their own; to Russia with love to live or let die! Will the sun set one more day for Russia and all the Russian people? Russian leaders have been busy bears selling everything and anything from their massive arsenals from missiles to plutonium – whatever they have. And the merry suspects the Arab nations have been their prime buyers. Since the great wall that fell though now with all their oil and diamond mines they are back to being a super power. America has welcomed the Russian invasion to our country thousands upon

thousands welcomed with open arms. The Russian people are hard working people. Now will Russian rise back to power be good for the world?

A sign for Russia to help their nation to prosperity is to finally stretch their arms to the world to partake as peacekeepers. Will Russia's new prosperity be all in vain? Allowing the Russian army to be purchased to go out and perform their old deeds. The Christian nations have embraced the Russian People this is their moment in time to embrace the world. Why is Russia that's so massive in size after so many centuries? Their population is only 143 million people. Their traits and thoughts must turn to allow the Russian people to live, not die. God knows his Russians that will rise.

## **China**

A nation rushing to becoming worldly consumers – China the sleeping giant what have they awakened to? Will the sun rise one more day for China? For they surely have the power and the money to lead in the 21<sup>st</sup> century; though China will have to call upon the nations to provide all resources to feed their people. Will China rise like a nation that stretches their arms to do right around the world. After all these years can they change their traits and deeds? To understand the gifts bestowed upon them. America and the nations have stretched their open arms to China, made in China, has become a symbol in America and the nations. Can China allow themselves in their thoughts to become peacekeepers or will their rise be in vain. China in their path to prosperity are adding 14,000 cars per day to their highways. In just a short span their Interstate Highways have doubled and continue to spread. Their thoughts now are to run to the world becoming consumer customers what they see they must possess. Though in the giant race to live, their polluting their air, water, food crops, expanding toxic manufacturing factories. No concern of what they have brought upon themselves. Will their visions of gathering earthly possessions be a sign of prosperity? Was China better off in their past riding bikes allowing humbleness in their thoughts of life? The Chinese people of the 21<sup>st</sup> century will have to return to their humble spirits to overcome. God knows his Chinese that will illuminate thoughts of love and peace.

John 13:14

*“But if you do evil, be afraid for it does not bear the sword without purpose.”*

## **Mexico**

The sun has set in Mexico one more day will it rise? The Mexican people must awaken to rise for their nation to continue to stay somber allowing their leaders to keep the same path with no visions of prosperity. Mexico a great Christian nation by purpose has allowed their people to turn their eyes away from God.

Mexico sits on one of the richest oil supplies; enough to allow a middle class to rise and lift up the people; not to keep them down. Pemex Oil Company has again deviated in their deeds.

Pemex provides 42% of Mexico's government revenues. Mexican politicians and executives must mend their conceived errors of deceits. Pemex has disguised their wasteful spending in all they do. New oil explorations have been ready to move on though the deflections are told to the people. In their greed, they have stopped prosperity in jobs, factories, hospitals, education centers, fish farms, solar factories, all endeavors.

The Mexican people must stand together against the elite cartels and government officials. For both groups prefer no changes of any kind. The people must stand with their president to close down the pestilence of drugs that has fallen upon the nations.

Hundreds of drug factories infesting the cities must be destroyed. Marshall Law may have to be enforced and necessary for a time. America will always embrace the Mexicans and have stretched out our open arms time after time. Millions have become American citizens. Now this is Mexico's time to embrace the laws of working together so both nations have mutual understanding. Will the Mexican Christians call out and turn to what is needed. For surely then it will be given. God knows the Mexican people that will rise.

## **India**

The sun has set on India one more day. Gifts have been bestowed to India. India with all their many people has been busy to bring prosperity. India has done very well looking ahead and taking the steps to move the nation into the 21<sup>st</sup> century. The nation has taken the government and private sectors combining them to prosper in all their endeavors. The world could learn something by working united to accomplish much. Our Christian nations once contained this gift.

India gets an idea and they are making good. They are building and working for progress not what a few will receive out of deceived thoughts for one allows wisdom for all. One entrepreneur developed a truck that sells for \$5,000 dollars. A car that sells for \$2,500 dollars now the two are inventions that are humble to the need of the nation. Their thoughts are to modernize their trains, allowing mass transit to travel throughout the nation; fish farms, new water supplies, innovations in farming. Now if solar power centers can be amassed they can turn their thoughts from nuclear power plants. This is India's time to do right and respect and love all people and faiths for we are all human beings. God knows his children that illuminate love and peace.

## **Arab Nations**

The Arab Nations have been bestowed great gifts for many decades. What have the leaders done with their gifts? Their thirst has been to amass consuming all the mass of destruction weapons. Name it for they surely have purchased all for their purpose. Such a waste of gifts bestowed unto the Arab nations. The Arab Nation's traits and deeds have not changed even unto this day. Allowing the world again what emulates of their thoughts. Name an Arab nation and they have allowed each leader to keep the fruits of the nation in reaching the people. Their thoughts are a

perfect example of leaders preventing any changes of prosperity preferring to isolate the nation for their self prosperity. The Saudi Arabs are another prime example their concern is to spend billions on rock stone oases.

Building an oasis out into the ocean, a mirage city, Dubai is prospering like never before. The money is kept sheik to sheik and the sheik's families and friends who can purchase a million dollar oasis. The thought of helping and feeding the people by stretching their arms to their own has become a great mirage in itself. The Saudis Arabs and sister oil company's thoughts are emulating by holding the nation's oil hostages, the very same nations that have been paid billions upon billions to allow their prosperity. A fair price no longer satisfies their thirst. Though purchasing US assets and around the planet are at an all time spending spree. Saudi Arabia plays a key role at home and around the planet promoting Islam. Saudi money treasures have built new mosques around the planet influencing their thoughts of religion as a deflection.

For the many can see where the money has been stored, King Abdullah as head transcending his thoughts to the Muslim world "we are a great kingdom and nation not because of our oil, we are great because of our religion". Saudi Arabs ban non-Muslim churches on their oasis to allow any other faiths is a choora – unclean. Muslims thoughts to execute any family member who chooses to change their religion. What thoughts are they receiving? Where have all the good Muslims gone? If the Muslim religion is as great as King Abdullah states, then why kill their own and others for not complying? Is it not charities of every kind that form a great religion – helping and lifting the people when despair falls on the people?

Isaiah 1:22

*"Your silver is turned to dross your wine is mixed with water your prince are rebels and comrades of thieves each one love to bribe and looks for gifts. "*

## The Manna of Charities

The traits and deeds of charities that have transcended can be traced back to an age when Christian faiths have always risen in giving aide where needed. America has always been at the forefront; stretching out our arms to the nations that have fallen to despair of all kinds. This very gift allowed Christian nations to rise, not by coincidence; keeping the people cared for not expecting anything in return. Christian charities have circled the planet with their gifts of hope, faith and love.

Their illumination in helping is like no other. Here in our homeland, one can name a charity and it will be done and has been done by the people, for the people.

**Example:** A little girl of ten years travels to a foreign country seeing children without shoes. She cannot understand the whys. This child now has thoughts of rising; gathering thousands of funds to purchase shoes. She goes out to her community and the people donate for the cause.

A famous movie star who has left us is still giving. He created an Italian sauce that became a household name. Every year his thoughts were to donate millions of dollars to charities. This man was not only a superstar in the movies; his life journey was to reach out to a world that needed help. Today, foundations receive funds every year going where needed. The hole in the wall camps for seriously ill children illuminates from his deeds.

**Example:** Mrs. Melinda Gates has taken on a great feat. Her and her husband, Bill Gates, have thoughts of stretching around the planet to help save thousands of children from starving. They will be giving billions of dollars that will be needed to accomplish so much.

The feeding of the body is a great deed for those of you who could help spiritually/physically would be appreciated. Manna for the body and mind has always illuminated the power of giving. Our hopes and prayers go out to them to achieve great things.

Matthew 25: 35-40

*“For I was hungry and you gave me food; I was thirsty and you gave me drink; a stranger and you welcomed me; and the King will say to them in reply, Amen I say to you whatever you did for one of these least brothers of mine you did for me. “*

Noble peace prize winner and advocate for children’s rights Betty Williams has been stretching out her arms since 1976 in the streets of Belfast, Northern Ireland. She is the founder of World Centers of Compassion for Children. Betty Williams never stops illuminating her thoughts of love and peace. Transcending international day of peace where the United Nations calls

communities individuals, nations, and governments to promote peace. Her life journey has been to help where needed.

### **Mother Teresa**

Mother Teresa started her life journey in a one room building; teaching children to read and write. The walls and dirt floors were her chalk board. Teaching and feeding the children always encompassed the Manna-Body-Mind; one spirit. One would not be taught without the other. During her life journey, she did great things: 80 schools, 70 institutions caring for the dying, 30 centers caring for orphanages, and 40,000 members all over the world. A small woman who became larger than life, Mother Teresa asked, sought, and knocked, with all her strength. God knows his children in every nation; what they're thinking from an innocent little girl to the richest woman in the world. Their life journeys with others have always been in motion in every age illuminating the celestial plan. Are you part of the plan?

### **Signs on the Wall**

**Israel:** The people have been returning to Israel from the nations; the rains and vegetation have also returned in abundance.

**Jerusalem Holy City:** King Solomon was given the measurements for building the Holy Temple. A leader will have thoughts of contributing the funds necessary to rebuild the temple. This prophecy will mark Daniel's prophecy of the great abomination.

**Daniel:** Humankind, knowledge increased. Today modern technology is leaping off of the charts in every facet; transcending every two and a half years.

**The New Land:** America, military power will be conceived to take their power against barbarian nations. The steps have been taken.

**Humankind:** One-third of the world's population has become veiled; will continue their journey.

**Russia:** The Nashti Russian Army, a smaller nation will deceive Russia offering to purchase their military for their purpose. Will the Russian people allow this?

**China:** A leader will arise; he will lack patience and wisdom. His thoughts will be to amass an army that the world has never seen. The Chinese must not be deflected.

**Sunday:** A day of worldly prayer once a year has come to light. US leader will announce every Sunday that all must pray and rest on this day. Other nations will follow.

666 => S = the Serpent

The Beast => I = I, Me, the self ego

Multitudes in the days ahead will call out evoking Marshal Law out of protecting the citizens the very rich to the very poor will be given the same allotment at this time.

## Conclusion

History has allowed all that takes place when a nation's people turn and forget their creator Lord thy God. Whatever you decide, take to heart your destiny and ramifications of your thoughts. For the many who are returning to your spiritual path and taking new steps to seek to find your way, God has made it plain and easy. Putting burdens have been humankind's thoughts. Enjoy your special life journey bestowed to you.

Mark 13:13

*"He said but take heed, see I have told you all things before hand."*

Hebrew 11:1

*"Faith is the realization of what is hoped for and evidence of things not seen"*

This very gift of thought has tied up humankind over the ages. For one tightens their own knot by thinking that their theories of life are how the world turns. They will not understand or accept blind faith taken on by their fellow humans. Though one thing stands out with certainty, Christians began with a small group of people who had faith.

Soon after, Christians were being gathered up by the Roman Empire. For their thoughts did not comply with the thoughts of Rome. Rome's thoughts now were to exterminate the Christians by all means – torture, lions, gladiators – whatever their delights called out. Years later, worldly Rome transcended over to Christianity and the world has followed. Lord thy God has his purposes and absolutes which we have faith in all his deeds.

Christianity covered the ancient world and today stands without being haltered. Though the attempts and thoughts are always there, all efforts fail to be grounded. "The Power Between Love and Evil" are upon us one more time. Today we are facing changes of harmony around the globe. The nations who have had much and the nations who are not satisfied with their portions change which we the nations have allowed to come upon us. One can see plainly that we cannot continue down this path. The signs have been given; illuminating on the wall of life for all nations to take heed. Disbelief in facing these changes of harmony is exactly what the powers and principalities expect from you.

Micah 6:8

*"You have been told oh man what is good and what the Lord requires of you. Only do the right and to love goodness and to walk humbly with your God."*

The Bible, the window to life, was bestowed so that we would know the way. We are to be the earthly envoys by faith to this generation who have given themselves freely to the gods of this age. The Great Celestial illumination has been in motion since our dawn. Transcending steps

have been taken to manifest from 2012 on; bringing on multitudes of people becoming Christians unlike anything we have experienced.

In reading “The Power Between Love and Evil,” I hope your heart was ignited and you have been generated to share your spiritual/physical gifts.

I love you all-

## Preview to The New World Order Unveiled

Numerous books have been written predicting of a time 15-20 years in our future. The New World Order (NWO) will rise invoking their various agendas. Since 1914, the New World Order commences; amassing their steps. Evil always plants their seeds ahead of time so that when they conceive or disguise their agendas, they are not made seen. Should we be surprised and amazed? Once the seeds start to blossom, they start devouring, destroying with a stench, and rising into the air. Presently, the 'NOW' is being played out on our societies; our life journey clothing itself in all nations. The assaults have been numerous and have covered every aspect of our lives. Every agenda has become a stumbling block. History repeats itself for those who have no concerns of the spiritual realm relying only on their choices their own self absorbed thoughts of how things in the world transcend.

Paying no heed to the signs/gifts that have been bestowed, the Power Between Love and Evil is a spiritual and physical battle.

Ephesians 6:12

*“For our struggle is not with flesh and blood but with the principalities, with the powers with the world leaders of this present darkness with the evil spirits in the heavens – Netherworld.”*

Phase I – Leader of Every Kind

Those who are placed in a high nest of running the government nations; the self made leader who has taken his high nest office by enforcing his army to ascend himself to authority by forcing his will and thoughts for the nation. Many leaders who have been elected to their high offices of authority though both paths taken are different; they become one spirit after a time. Again, those who know not to ask, seek, or knock – relying on their own thoughts – become dead; never to rise.

John 11:14

*“The dead there for a time are experiencing neither bliss nor torment but are sleeping in death awaiting a resurrection.”*

Those who are dead pretend they have life. They have no discernment or concerns.

Phase II

Laws and decrees, of every kind, are invoking New World Order agendas. The amassing assaults on the laws, amendments, judgments, rulings – whatever can be done will be done. The agenda assaults on the Christian nations have been relentless. The stepping and changing of our moral ethics, our civil laws divided; they cause toxic pestilence.

Everyday, we see laws enacted, amended, etc. to suit not the people, but the special agendas of the New World Order by the same representatives we have voted into their high offices of government. Who, what, why is behind the scenes of signing away on all acts, bills, laws that are obviously destroying the Christian traditions.

### Phase III

Leaders, though they have sight, have become blind. They see not in conceiving the agendas of evil they have taken on. One small sector: though it amasses great destruction assaulted high office. Judges from the highest courts in the land to the smallest court room, one's self agenda, special group agendas judges everyday and their fellow dream teams all becoming the assassin accomplices. All when asked say "we are just doing our jobs"; partaking in invoking the New World Order; one decree of thousands upon thousands, just doing my job.

### Decree

Arizona – One judge made a ruling against a church telling the members not to help the poor in any way shape or form.

### Decree

Just recently, 600 children were released, set free from youth prisons. What the government calls legal youth teen detentions.

What transpired and was not made known until after the assault? Judges and the dream team in conceiving by sending ten to seventeen year old youths to prison. The company that ran these prisons gave the judges rebates in dollar bags.

### Timothy 1:8

*"We know that the law is good provided that one uses it as law. "*

This kind of thinking has turned our law and freedoms upside down causing a pestilence to rise in the air. Judges and all that were working the court system just doing their jobs – the assassin. Assault and carnage has been done. Now take this deed and explode it into a massive agenda and it has transpired. The amassing of \$900 billion annually, though not spoken of, for covering up and disguising the deed are agendas that must be kept low key.

### Phase IV

Judges, courts, senators, governors, state representatives, etc. all contributing their thoughts holding out their hand to sign the acts, decrees, rulings, amendments, etc.

In my new book, we will trace each decade, from 1914 to present, telling of the New World Order Agendas.
