# Providing adult day services in a safe and family like environment, with care, love & understanding

## Our Story: How Pilgrim Rest Began

It all started with a friendship that grew stronger and stronger each year. However, nobody would have guessed that all these years later Charles and William would be celebrating a successful business together.

William Ballard; 74 years old, and Charles Wilson; 67 years old, are the owners of Pilgrim Rest Adult Day Care facility, which is located in Winstonville, Mississippi. The facility started as a conversation in July of 2012 and by August of 2012 plans were already in the works. The business officially opened its doors in January of 2012.

The owners of Pilgrim Rest Adult Day Care are like two peas in a pod and they just love people. Not only do they perform good deeds when the need arises but they actually go out and look for people who may need their help. This is part of the reason they wanted to open up an adult day care facility. William and Charles wanted to provide a safe and structured environment to serve seniors and disabled citizens of Bolivar County.

Pilgrim Rest Adult Day Care Pilgrim Rest Adult Day Care serves 30 disabled citizens and seniors. They also provide employment to seven (7) individuals. The employees enjoy coming to work and many stay after their shift has ended because they enjoy it so much.

The facility shows all the signs of success. One of the employees at Pilgrim Rest boasts, "Many adult day cares have problems getting seniors to attend regularly but not Pilgrim Rest," Marie Boston continues. "You won't catch our people staying home, they enjoy the environment. Here it's like being among one big happy family."

Charles says Pilgrim Rest provides adult day services to their clients in a safe and family like environment, with care, love and understanding.

## Our Vision

- To be known and valued for providing the highest standard of adult day care services.
- To be the provider of choice in the community.
- To be the employer of choice in the community.
- To be a financially viable company.

## Our Mission

Our mission is to delay or prevent institutionalization by providing alternative care while also enhancing self-esteem and encouraging socialization.

This will allow the elderly, frail, and or impaired, ages 18 and over, to remain in their homes and communities and will provide respite to families who need care for their relatives during the day.

To accomplish this mission, we will:

- Provide a safe, secure, stimulating environment for participating adults.
- Be committed to providing quality care to enhance the quality of life for the participants, the family, and the community.
- Provide care, support and assistance to supplement that which the participant receives at home.
- Support the family in their resolve to provide love and care to the impaired adult in the home for as long as possible by providing respite care, education and information.
